HOW TO PLACE OUT-OF-TOWN CALLS

There are two general classes of out-of-town calls: Station-to-Station and Person-to-Person.

STATION-TO-STATION

(From One Telephone to Another)

A station-to-station call is when you ask to be connected with a certain telephone in another town. If you ask for a particular person, or for an extension telephone reached through a private branch exchange, as in a department store or hotel room, the call becomes a person-to-person call.

TO PLACE A STATION-TO-STATION CALL

1st.—Give operator name of place you are calling.

2nd.—Give telephone number you are calling (if known) or name and address (if known) of the party whose telephone you are calling. For example: A. J. Smith, 500 Third Street.

3rd.—Give your telephone number when operator asks for it.

ADVANTAGES OF STATION-TO-STATION CALL

A station-to-station call is completed more quickly and the rate is less than for a person-to-person call.

The rate is reduced between the hours of 6 p. m. and 4:30 a. m. and all day Sunday if the initial day rate exceeds 35 cents. The time at the starting place when the conversation begins determines whether the day or night rate applies.

PERSON-TO-PERSON CALLS

(From One Person to Another)

A person-to-person call is one when you ask for a certain person or extension telephone reached through a private branch exchange, as in a department store or hotel room.

TO PLACE A PERSON-TO-PERSON CALL

1st.—Give operator name of the place you are calling.

2nd.—Give name and telephone number (if known) of person you are calling, name and address (if known) of the party called. For example: A. J. Smith, telephone 2720, or A. J. Smith, 500 Third Street.

3rd.—Give your telephone number when operator asks for it.

ADVANTAGES OF PERSON-TO-PERSON CALL

The rate for a person-to-person call is higher than the rate for a station-to-station call.

The rate is reduced between the hours of 6 p. m. and 4:30 a. m. and all day Sunday if the initial day rate exceeds 50 cents. The time at the starting place when the conversation begins determines whether the day or night rate applies.

The initial period is three minutes, after which additional time is charged for accordingly.

Charges begin when the called person or extension telephone reached through a private branch exchange is obtained, provided the calling party is holding the line.

Charges may be reversed without any change in rate.

COLLECT CALLS

If charges on the call are to be paid at the other telephone, tell the operator when placing the call that it is a "collect" call. If accepted at the other telephone, charges will be billed to that telephone.

TARIFFS

Tariffs which show rates, rules and regulations for telephone service are on file with the Regulatory Commission having jurisdiction over such matters, and are available for public inspection at our business office.

TRANSMITTING MESSAGES

Oral or written messages may not be accepted by employees of Jackson County Telephone Company to be transmitted over the Telephone Company's lines.

TELEPHONE CONTRACTS—RULES AND REGULATIONS UNAUTHORIZED USE OF THE TELEPHONE

The use of a subscriber's telephone is limited to the subscriber, his family or employee in his interest. Subscriber have no right to allow its use by other parties. The telephone may be removed if this condition of the contract is disregarded. The sub-

scriber assumes all responsibility for local or toll messages sent from subscriber's station and for toll messages received at such stations when the charges are reversed with the consent of the person called.

TELEPHONE DIRECTORIES

Call by number and help us improve the service. When you call by name you delay your service and hamper its efficiency. You can improve the service by looking up the number in the directory before calling, and then give the operator the number and not the name. We ask your cooperation.

Numbers not in the current directory may be secured by calling "Information." No binder, holder, or other cover, except those furnished by the Telephone Co., shall be used in connection with any telephone directory.

The Telephone Company assumes no liability whatever, for damages arising from errors or omissions in the making up or printing of the books. The utmost care is used, however, in listing all subscribers correctly.

Telephone Directories can be obtained for our customers. Prices, etc., may be secured by calling the business office.

BUSINESS RATE

Service subject to the business rate may be determined by the location of the telephone instrument, or, the primary use made of the service. The business rate will apply when the telephone is located on premises primarily and essentially used for business purposes such as offices, stores, shops, factories and garages. The business rate may also apply to telephones located in domestic establishments when the service is used substantially for, or advertised for business purposes.

RESIDENCE RATES

Telephones located in residences and used primarily for domestic purposes are entitled to the rate for resident service. If, however, such service is used substantially for, or advertised for, business purposes the business rate may be applied.

NUMBERS MAY BE CHANGED

The subscriber has no property right in the telephone number and the Telephone Company may change the telephone number whenever it deems it desirable in the conduct of its business.

FIRE

Please refrain from calling the operator when the fire alarm is blown, as this causes serious congestion and delays important messages.

INSTRUCTIONS FOR USING THE DIAL TELEPHONE

On all calls remove the receiver carefully from the hook and listen for the dial tone before starting to dial a number. The dial tone is a steady humming sound heard in the telephone receiver indicating that the line is ready for you to dial.

HOW TO DIAL A NUMBER

When you hear the dial tone, keep the receiver off the hook and dial each figure of the telephone number, as listed on this page, consecutively in order given. For example, if you are calling 2011, proceed as follows:

1. Place your finger in the opening over the figure 2.
2. Turn the dial around until your finger strikes the finger stop.
3. Remove your finger and without touching the dial allow it to return to its normal position.
4. Proceed in the same way to dial other figures.

If your finger slips, or you make a mistake dialing, hang up the receiver at once, wait a few seconds and dial again.

Before starting to dial a second call, always hang up your receiver for a few seconds in order to clear the previous connection.

RINGING AND BUSY SIGNALS—Within a few seconds after you have completed dialing you should hear either the ringing signal, an intermittent burr-rr-ing sound, indicating that the bell of the called line is ringing, or the busy signal, a rapid buzz-buzz-buzz, indicating that the called line is busy.

If you do not hear either of these signals within half minute hang up the receiver, wait a few seconds and make another attempt.

When for any reason you do not get the number called (for example, the called line is busy or does not answer) you will get quicker service if you hang up the receiver and call later at intervals instead of immediately dialing the "Operator" for assistance.

OBTAINING ASSISTANCE FROM "OPERATOR" IN EMERGENCIES:

If the lights are out, or you need assistance from the Operator in emergencies, you may secure an Operator by simply placing your finger in the opening in the dial through which "O" is seen, and turning the dial around to the finger stop and releasing it.

CALLS FROM PARTY LINES OR FROM A LINE WITH AN EXTENSION TELEPHONE:

Always make sure the line is not in use. If you do not hear the dial tone, ask if the line is being held by someone else on the line—if no response is received hang up the receiver for a few seconds and make another attempt.

Listen on the line while dialing, and if you hear another party come in on the line, or hear successive clicks in the receiver, it indicates that someone else on the line is trying to dial. Inform him the line is in use and ask him to hang up his receiver. When he does so, hang up your own receiver for a few seconds and then remove it and dial the complete number again.

TO DIAL A PHONE THAT IS ON THE SAME LINE WITH YOUR PHONE

The number will be the same except the last digit, dial the complete number that is in the Directory opposite the name, then hang up your receiver, give the other phone time to ring and then lift receiver, wait for the other party to answer.

LONG DISTANCE SERVICE—To place a long distance call, dial Operator.

FOR INFORMATION OR OTHER BUSINESS:

For Information, Repair Service, Business Transactions, Applications for Service, Moving of Telephone, Bills, etc., dial "Operator."

CLASSIFIED TELEPHONE DIRECTORY

The Classified Telephone Directory is published for the benefit and convenience of our subscribers. Each business subscriber is given one listing under one general classification without cost. The Telephone Company assumes no responsibility or liability for errors or omissions occurring in the Classified Telephone Directory. Errors or omissions will be corrected if reported by letter to the Company.

All subscribers (both residence and business are listed alphabetically on the preceding white pages.) The following pages (yellow) list only business subscribers.

A Receiver...

**OFF THE
HOOK**

Means A Telephone Off The Job

When you forget and leave a telephone receiver off its hook, it cuts off your line from incoming calls. Anyone calling your number will get a "busy" signal or possibly an "out-of-order" report.

If you are on a party line, leaving the receiver off not only interrupts your service, but that of others on the line with you. In addition, busy central office equipment is tied up needlessly.

So, protect your service and avoid missing important calls by being careful to see that your receiver is always properly on the hook when your telephone is not in use.

adds up to Better Party Line Service, too

When you have several calls to make on the party line, it's a good idea to space them so your party line neighbors also can use the telephone. That's a courtesy they'll appreciate and return.
