LANGSTON CEMETERY

This large cemetery of almost four hundred graves is located in the SE/4 of the SE/4 of Section 7 Township 7 South, Range 5 East at Langston, Alabama. The cemetery was inventoried by Nancy Anniss Parker in 1979 and by Ann Esslinger Cochran and Dorothy Scott Johnson in 1980. This is a compilation of the two inventories, Part I of two parts.

LEGEND: xxxxxx = iron picket fence ----- = brick fence

This map indicates the approximate division of the cemetery for the purpose of recording tombstone inscriptions. Generally, we have begun our recording in the lower left hand corner of each section and moved from bottom to top in rows. Stones are not in perfect rows, many variances occur. Many graves are not marked by inscribed stones.
