ALABAMA LAW prohibits the following acts under penalty of imprisonment or fine or both:

(1) To fail to relinquish a telephone party line after having been requested to do so, to permit another to place a call in an emergency in which property or human life are in jeopardy and the prompt summoning of aid is essential, to a fire or police department or for medical aid or ambulance service. Provided however, such party line at the time of the request is not being used for any such other emergency call.

(4) To telephone another person and threaten to create an explosion, or falsely inform that some other person threatens or intends to create an explosion in any private or public building, transportation facility or place of accommodation.

(5) To willfully impart or convey or cause to be imparted or conveyed any false information by use of a telephone, knowing the information to be false, concerning an attempt or alleged attempt being made or to be made, to place or cause to be placed any explosive or other destructive substance in or upon any private or public building, transportation facility or place of accommodation.
