Preface

This is not a history of Hollywood, Alabama. It is a collection of memories of a person who was Depot Agent at Hollywood for forty-seven years. He loved Hollywood and its people, especially the young people. He left a scrap book and boxes filled with newspaper clippings, pictures, railroad tickets, passes, letters and Civil War material. (I am ashamed to say many items got away before I thought of their importance.) I have tried to collect these memories along with a few items that fell my way during forty-one years of teaching and the things I remembered from listening to my father and his friends talk about Hollywood. (After my years of teaching I have learned one important fact: You learn more by keeping your mouth shut and your ears open.)

#### FROM BELLEFONTE TO HOLLYWOOD

Two days after it had been selected as the County Seat of Jackson County, the state legislature passed an act to incorporate the town of Bellefonte. (December 15, 1821)

Since the town was located on the Tennessee River which at that time constituted a main artery of travel through the country, it almost immediately enjoyed a lucrative river trade. Cotton warehouses flourished and the mule and horse trade grew beyond belief.

By 1840, the town had four physicians, a number of lawyers, one church (Methodist, built in 1839) and several beautiful homes.

When the Memphis and Charleston Railroad was proposed to the people of Bellefonte, in 1854, they immediately voiced their objections to any type of transportation that would interfere with the town's thriving river trade. This objection by the Bellefonte citizens caused the officials of the M&C to establish a station about three miles at Bellefonte Station, later called Samples Station, and later called Hollywood. The placing of the station at Hollywood and the change of the Jackson County Seat to Scottsboro, resulted in a migration from the Riverside (Bellefonte) to the Railside (Hollywood and Scottsboro).

#### THE HOLLYWOOD METHODIST CHURCH AND ITS BELL

Told to Robert L. (Jerry) Meek by Mrs. Ruby Johnson

During the Civil War Occupation, the Methodist Church of Bellefonte, Alabama, was destroyed. To appease the citizens of the area, the commanding officer of the occupying forces donated a bell for a new church.

After the war and after the County Seat had been changed from Bellefonte to Scottsboro, Alabama, the people of the area slowly changed their loyalties to Bellefonte Station located on the Memphis to Charleston Railroad (later changes to Samples or Belfast Station) today Hollywood.

As the people changed their interests from Riverside to Railside so did their places of worship. Today the bell donated by the Union Officer is located in the Methodist Church in Hollywood, Alabama.

### OBADEE (DEE) MEEK

Obadee (Dee) Meek was born February 24, 1882, near Adamsville, Tennessee. The son of a country merchant and farmer. He attended Mt. Zion School (a rural, one teacher school). He left Adamsville for Memphis, Tennessee, and found a job as conductor for the Memphis Railroad Company (Street Cars). His regular route was Beal Street. He attended a School of Telegraphy and worked as a "cub" on several railroads in training for a Depot Agent.

On June 10, 1910, he was appointed agent at Hollywood, Alabama. He remained in that position until September 16, 1957. He was killed during his lunch break in an automobile accident.

### WORLD WARS 1 AND II AND THE HOLLYWOOD DEPOT

Dee Meek, Depot Agent at Hollywood, Alabama, from June 10, 1910, until September 16, 1957, served as agent during two world wars, in which the Southern Railway was an important part in the war efforts. The depot at Hollywood was an integral part of the Memphis Division of the Southern Railway. The agent at Hollywood worked seven days a week and from eight to ten hours each day. His job was many fold. He spent many hours writing train orders and handing them to the train crews without stopping the trains (by the use of hoops). all messages concerning the men from Hollywood, Alabama, in service were sent by telegraph to their families. The agent had the job of delivering these messages. Some were concerning sickness, others wounds and, the most dreaded, killed in action. The messages were written on yellow telegram form. The citizens of Hollywood watched the agent leave the depot. If he had a yellow piece of paper in his hand the people of Hollywood went into shock, especially those who had loved ones in service in the battle areas. This situation became very emotional for the people of Hollywood and the agent (my father, Dee Meek).

## WHISKEY, HOLLYWOOD, ALABAMA, THE DEPOT --and the Eighteenth Amendment

Before the Eighteenth Amendment was added to our Constitution, all alcohol (legal) was shipped into Hollywood, Alabama, by Railway Express. Until the "spirits" could be claimed by the customer they were stored in the Depot. (In Hollywood, Alabama, the Freight Depot, and Western Union Telegraph Office were the same.) Someone, name unknown, between the years 1880 and 1890, tried to drain the whiskey from the barrels by boring holes through the warehouse floor. Something went wrong. The whiskey went everywhere but where intended. Someone struck a match to find the problem and correct it. A lot of good drinking whiskey went up in a flash. Hollywood, Alabama needed a new Depot minutes later.

A story told by Dee Meek, Depot Agent, Hollywood, Alabama 1910-1957

## THE RAILROAD TELEGRAPHER December 1957

Memphis Division -- It is with sincere regrets that I report the tragic death of Bro. D. Meek on September 16, 1957, at Hollywood, Alabama, where he had been agent-telegrapher for 47 years. Bro. Meek was an old timer and a long and faithful member of our organization. He was more than a brother telegrapher, he taught me the dots and dashes many years ago. Flowers were sent in the name of the O.R.T. and several members attended funeral services. We extend our heartfelt sympathy to the bereaved family.

D. C. Minor, L.C.

## DEPOT AGENTS AT HOLLYWOOD, ALABAMA

Mr. G. W. Chapman was the first telegraph operator at Hollywood some time in the 1890's for the Memphis and Charleston Railroad. A Mr. Russell, a non-telegrapher, was agent before him. Other agents were J.A. Wilson, George Strickland, J.M. Maples, J.D. Brandon, and A. Hamilton. Dee Meek became agent June 10, 1910. he was killed in an auto accident during his lunch break on September 15, 1957. A Mr. English was agent for a short time after that.

#### A RAILROAD MAN'S PRAYER

An old railroad employee was converted at a revival meeting, and asked to lead in prayer. He hesitated a moment, then with a trembling, but clear and resounding voice, he said reverently:

Oh Lord, now that I have flagged thee, lift up my feet from the rough road of life, and plant them safely on the deck of the Train of Salvation. Let me use the Safety lamp known as Prudence and make all of the Couplings in the train with the strong Link of Love. Let my Lamp be the Bible. Father keep all switches closed that lead off on sidings, especially those with a Blind End. Oh Lord, if it be Thy Pleasure, have every Semaphore Block along the line show the white light of Hope that I may make the Run of Life without stopping. Lord, give me the Ten Commandments for my Schedule. When I have finished the Run on Schedule Time, and pulled into the Great Dark Station of Death, may the Superintendent of the universe say "WELL DONE, THOU GOOD AND FAITHFUL SERVANT, COME AND SIGN THE PAYROLL AND RECEIVE YOUR CHECK FOR ETERNAL HAPPINESS."

An agent knocked at the Pearly Gates  
His face was scared and old,  
He stood before the man of Fate,  
For admission to the fold.

"What have you done?" Saint Peter asked,  
"To gain admission here?"  
"I've been an agent, sir." He said  
"For many and many a year."

The Pearly Gates swung open wide  
And Saint Peter touched the bell.  
"Come in", he said, "and choose your harp,  
you've had your share of Hell."

Dear Sir:-

Will you please tell me how much more money we have for the school here, and when it will be placed in the bank.

Treas.

*Dear Mr. Meek,-*

*There is a balance of \$85<sup>00</sup> due your district. I had it entered on the April payroll, but the payment of it by the Treasurer will not probably be made before June 1<sup>st</sup>. I requested Prof. Thomas to make this explanation to you last week. I regret his failure to do so.*  
*Sincerely yours, C. S. Brewton*

According to the JACKSON COUNTY SENTINEL dated March 17, 1932: 32 people were killed in Jackson County and 325 were hurt as a result of Storms on March 16, 1932.

The ladies of the Hollywood Community in an effort to help those effected by the disaster sold chances on a quilt. For a small amount (10 cents) a person, could buy a chance to win the quilt as well as have their name embroidered on a two inch square of either red or white cloth to be included in the quilt. (Some of the squares included businesses, events, etc) The winner was later chosen by the drawing of a name from those appearing on the quilt.

The winner--JERRY MEEK  
(I still have the quilt)

The following is a list of the names, etc. I have tried my best to copy the spellings as they appear, however, my typing is not the best in the world.

Can any one tell me if the ten cents per chance is correct?

## PREFACE

This is not a history of Hollywood. It is a collection of memories of a person who was Depot Agent at Hollywood for forty-seven years. He loved Hollywood and it's people, especially the young people. He left a scrap book and boxes filled with news paper clippings, pictures, railroad tickets, passes, letters and Civil War material. (I am ashamed to say many items got away before I thought of their importance). I have tried to collect these memories along with a few items that fell my way during forty-one years of teaching and the things I remembered from listening to my father and his friends talk about Hollywood. DEPOT BUILT BY THE MEMPHIS AND CHARLESTON RAILROAD  
DURING THE 1890'S

THE LAST DEPOT OF HOLLYWOOD WAS BUILT IN THE SPRING OF 1949. D. Meek, shown in the picture, was agent from June 10, 1910 until September 16, 1937.

## FROM BELLEFONTE TO HOLLYWOOD

Two days after it had been selected as the County Seat of Jackson County, the state legislature passed an act to incorporate the town of Bellefonte. (December 15, 1821)

Since the town was located on the Tennessee River which at that time constituted a main artery of travel through the country, it almost immediately enjoyed a lucrative river trade. Cotton warehouses flourished and the mule and horse trade grew beyond belief.

By 1840 the town had four physicians, a number of lawyers, one church (Methodist, built in 1839) and several beautiful homes.

When the Memphis and Charleston Railroad was proposed to the people of Bellefonte, in 1854, they immediately voiced their objections to any type of transportation that would interfere with the town's thriving river trade. This objection by the Bellefonte citizens caused the officials of the M & C to establish a station about three miles at Bellefonte Station, later called Samples Station, and later called Hollywood. The placing of the station at Hollywood and the change of the Jackson County Seat to Scottsboro, resulted in a migration from the Riverside (Bellefonte) to the RAILSIDE (Hollywood and Scottsboro).

## THE HOLLYWOOD METHODIST CHURCH AND IT'S BELL

During the Civil War Occupation the Methodist Church of Bellefonte, Alabama was destroyed. To appease the citizens of the area, the commanding officer of the occupying forces donated a bell for a new church.

After the war and after the County Seat had been changed from Bellefonte to Scottsboro, the people of the area slowly changed their loyalties to Bellefonte Station located on the Memphis to Charleston Railroad (later changes to Samples or Belfast Station) today Hollywood.

As the people changed their interests from Riverside to Railside so did their places of worship. Today the bell donated by the Union Officer is located in the Methodist Church in Hollywood, Alabama.

Bellefonte Cemetery--Today

LETTER FROM A YANKEE SOLDIER

Bellefonte, Ala.  
Aug. 23, 1863

Dear Parents

"Away down in Alabama", you exclaim as your eye catches the heading of the letter. Yes, we are away down in Alabama and right glad of, at last, finding a resting place, after a long and weary march of of six days from Tullahoma.

On Sunday afternoon the 16th our quiet meditation was suddenly interrupted by an order to be in readiness to march in two hours. Long before that time had expired everything was in readiness and at 4 P M we started on our way rejoicing in the direction of Winchester. The men were never in better spirits since we left Camp Butler on Green River; they acted like so many school boys just let loose from school. Every little occurrence that could be construed into something funny, provoked a roar of applause and laughter, like that you would hear at a political meeting when the speaker relates a funny anecdote. One unlucky fellow whose eyes were evidently not gazing upon the way he should go stumbled and fell as we marched out of camp. This was ridiculous in the extreme and of course had to be announced in the usual noisy manner.

We marched that evening 8 miles before encamping. Early next morning we moved out again and reached Winchester about noon. It is a beautiful village, laid out with great taste, and pleasantly located in a fertile and productive country. It forms a striking contrast with the old fashioned, dilapidated towers we have been accustomed to see in Kentucky and Tennessee. \*\*\*\*\*  
\*\*\*\*\* hang on the (??). There was but one objection to the country, the scarcity of water. In the march of 30 miles south of Tullahoma we did not see a single spring.

During the afternoon of the 18th, (we) reached Larkin Creek in this state. Here, our route for ten miles lay along the course of the stream. The road crossed and recrossed, and in many places followed the bed of the stream for a couple of rods. There were no bridges of any kind and the the men on foot had to follow the road-wading through the water which was in many places almost waist deep. The nightfall found us, still with six miles of water to navigate. We were in a deep valley shut in on all sides by frowning mountains, and as the moon did not shine, we had a specimen of Egyptian \*\*\*\*\*. As we would pick our way up out of one ford, and scarcely before we had set our feet on dry land, splash, splash, we would go plunging again into the water, there to be stopped in the middle of

the stream by the sudden halt of the team in front, standing there until some wagon was lifted out of the mire. We would again stumble on to plunge in more mud holes, or wade through more water. It was about midnight when we encamped--when almost every man weary as he was, threw himself on the ground in his wet clothing to steal a little slumber. Morning bugle called him forth to move again on another days march. I knew not a single man who was taken down from the effects of that soaking.

On the morning of the 16th we again moved off and reached the foot of the principal mountain about noon. There the road ascends the side of the mountain for 1 1/4 miles almost perpendicularly, high ledges of rock projecting one above the other give it about the shape and slope of a common pair of stairs. Yet up this place we were to drag all our wagons. From 10 to 12 mules were hitched to each wagon and as many men to push behind--knapsacks, blankets and shelter tents were all carried by the men and yet it required twenty-four hours hard labor to draw the teams of this brigade to the top. Our brigade was the first to ascend, and as soon as we reached the summit which was at noon on the 20th we moved another 8 miles further and encamped, being still on top of the mountain. It is there 10 miles wide and comparatively level. On the 21st we began to descend and soon found ourselves in a rich valley along which we continued for 15 miles until we reached Bellefonte on the same day. The 1st brigade of this division arrived here yesterday afternoon and the 3rd brigade is expected this afternoon. Upon our arrival here the 34th was detailed by General Johnson as Provost Guards to the town, and Lt. Col. Van Tapsell appointed Pst Provost Marshall.

Yesterday morning head quarters was moved to the court house and the Adjutants Office located in the room formerly occupied by the Clerk of Court. We found all of the records of the county (Jackson) scatted over the floor. The documents were dated as far back as 1820. About fifty large books, we reserved while the remaining books and papers were collected in one great heap and burned. There were not less than 3 bushels of marriage licenses and bonds signed by the Jeremiah's, and his X mark and Elizabeth's, her X mark--not one out of ten could sign their own name.

This building is an excellent one for this country, it is built of brick, and 2 stories high. It is surrounded by a fine cluster of locust and altogether is a

very pleasant place for persons who have within the last two  
spent as little time within a house as I have.

It is less than a mile to the bank of the Tennessee River from  
this place. The Memphis & Charleston R R runs by, two miles  
to the north. There plenty of Rebels just across the river and  
plainly seen by some of our men who went to the river  
to bathe.

### MY VOTE FOR PARSONS

I take this method to inform you that I am a candidate for Delegate to the Convention, at the ensuing election, to be held on the 31st of August, in pursuance of a Proclamation, of Lewis E. Parsons, provisional Governor of Ala.

I was born and raised in Jackson county, consequently am very well known by the most of the citizens.

I am proud to say, that I am, and always have been, a true and firm friend to the Government of our Fathers; and that in passing through the dark and trying scenes of the last four years, have kept steps to the music of the Union. I never doubted but that the Government in the end would crush the rebellion. I believed it, and so talked to my friends, four years ago, that secession would be the nearest and quickest route to emancipation, and whether it is right or wrong that slavery is no more, the people of the South (the ones that was mainly interested in the institution,) are responsible for the end of it.

The first shot fired at Fort Sumpter was the death knell of slavery. It was that shot that caused brother to be arrayed against brother, and it made all the widows and orphans that we see in the land... made our happy homes, and smiling harvests give place to the wasted fields, and smoking ruins that we see on every hand.

The grass that was to grow in the streets of N. York, Boston and Philadelphia it seems grows in the streets of Charleston and Savannah, in fact in all our southern cities, towns and villages, a terrible retribution.

Our fellow-citizen George war, is over, secession and slavery is settled forever in this Government... the future is before us, we have now to deal with the present. The plan of reconstruction laid down by President Johnson and Govern-

ment Parsons, is plain, we all understand it. If we do not desire civil government, we can have it very soon. It is with the point of the sword and the bayonet. If we will go to work in earnest and show to the government that we are going to obey and peacefully submit to the laws thereof, as well as to six months until there will not be a bayonet in the state. The camp has already had its day of being.

The sword, bayonet and plume. Has crowded out of being the plow, the anvil and the loom.

Fellow-citizens of Jackson, if I should be one of the delegates in the Convention, I will use my utmost endeavors to promote the interest of the people of Alabama.

Of course I will be in favor of amending the Constitution of the State so as to hereafter prohibit slavery. If it rests with the Convention to determine the qualification of voters hereafter in the State, I will say that all that take the oath of amnesty as prescribed by President Johnson in his proclamation of May last should enjoy the right of the elective franchise.

DEPOT AGENTS AT HOLLYWOOD, ALABAMA

Mr. G. W. Chapman was the first telegraph operator at Hollywood some time in the 1890's for the Memphis and Charleston Railroad. A Mr. Russell, a non-telegrapher, was agent before him. Other agents were J. A. Wilson, George Strickland, J. M. Maples, J. D. Brandon, and A. Hamilton. D. Meek became agent June 10, 1910. He was killed in an auto accident during his lunch break September 15, 1957. A Mr. English was agent for a short time after that.

LIFE OF AN AGENT ( A depot agent )

An agent knocked at the Pearly gate,  
His face was scarred and old,  
He stood before the man of fate  
For admission to the fold.

"What have you done?" St. Peter asked,

"To gain admission here?"

"I've been an agent, sir." he said,

"For many and many a year."

The Pearly gates swung open wide

and St. Peter touched the bell,

"Come in," he said, "And choose your  
harp,

"You've had your share of hell."

## A RAILROAD MAN'S PRAYER

An old railroad employee was converted at a revival meeting, and asked to lead in prayer. He hesitated a moment, then with a trembling, but clear and resounding voice, he said reverently:

Oh Lord, now that I have flagged thee, lift up my feet from the rough road of life, and plant them safely on the deck of the Train of Salvation. Let me use the Safety Lamp known as Prudence and make all of the Couplings in the train with the strong Link of love. Let my Lamp be the Bible. Father keep all switches closed that lead off on sidings, especially those with a Blind End. Oh Lord, if it be Thy Pleasure, have every Semaphore Block along the line show the white light of Hope that I may make the Run of Life with out stopping. Lord, give me the Ten Commandments for my Schedule. When I have finished the Run on Schedule Time, and pulled into the Great Dark Station of Death, may the Superintendent of the Universe "WELL DONE, THOU GOOD AND FAITHFUL SERVANT, COME AND SIGN THE PAYROLL AND RECEIVE YOUR CHECK FOR ETERNAL HAPPINESS."

From Dee Meek's Scrapbook

A MAN WITHOUT A CARD

I ought to get a large reward  
For never owning a Union Card  
I've never grumbled, I've never struck  
I've never mingled with Union Truck  
So open, Saint Peter, and let me in.  
Saint Peter sat and stroked his staff  
Despite his high office he had to laugh.

Said he with a fiery gleam in his eye,  
"Who is tending this gate? You or I?  
I've heard of you with your gift of gab.  
You are what is known on earth as a scab."  
Therefore he rose in his stature tall  
and pressed a button upon the wall  
and said to the imp who answered the bell,  
"Escort this fellow around to Hell"

"Tell Satan to give him a seat alone,  
on a red hot griddle up near the throne,  
But, Stay, Even the Devil can't stand the smell  
of a cooking scab on a griddle in hell.  
It would cause a revolt, A Strike, I know  
if I sent you down to the imps below.  
Go back to your Master on Earth and tell  
That they don't even want Scabs in Hell."  
from the Scrapbook of D. Meek

WHISKEY, HOLLYWOOD, THE DEPOT  
--and the Eighteenth Amendment

Before the Eighteenth Amendment was added to our Constitution all alcohol (legal) was shipped into Hollywood by Railway Express. Until the "spirits" could be claimed by the customer they were stored in the Depot. (In Hollywood the Freight Depot, the Passenger Depot, the Express Depot, and the Western Union Telegraph Office were the same). Someone, name unknown, between the years 1880 and 1890, tried to drain the whiskey from the barrels by boring holes through the the warehouse floor. Something went wrong. The whiskey went everywhere but where intended. Someone struck a match to find the problem and correct it. A lot of good drinking whiskey went up in a flash. Hollywood needed a new Depot minutes later.

## WORLD WARS I AND II AND THE HOLLYWOOD DEPOT

D. Meek, depot agent at Hollywood from June 10, 1910 until September 16, 1957, served as agent during two world wars, in which the Southern Railway was as important part in the war efforts. The depot at Hollywood was an integral part of the Memphis Division of the Southern Railway. The agent at Hollywood worked seven days a week and from eight to ten hours each day. His job was many fold. He spent many hours writing train orders and handing them to the train crews without stopping the trains (by the use of hoops). All messages concerning the men from Hollywood in service were sent by telegraph to their families. The agent had the job of delivering these messages. Some were concerning sickness, others wounds and, the most dreaded, killed in action. The messages were written on yellow telegram form. The citizens of Hollywood watched the agent leave the depot. If he had a yellow piece of paper in his hand the people of Hollywood went into shock, especially those who had loved ones in service in the battle areas. This situation became very emotional for the people of Hollywood and the agent (my father, D. Meek).

By no means are the men mentioned in the following clippings the only men who served. They are the ones I found in a box of papers after my father's death.

## Pfc. Bill S. Harris Killed In Action

Mrs. Bill S. Harris, of Hollywood, received a telegram Sunday from the War Department stating that her husband, Pfc. Bill S. Harris, had been killed in action in Luxembourg on December 28, 1944.

Pfc. Harris is a son of Mr. and Mrs. Aubrey Harris, also of Hollywood, and one of the community's finest boys. He was 20 years of age and had been overseas more than a year.

Mr. and Mrs. Harris also received word that another son, Albert J. Harris, had been wounded in France on December 23rd. The nature or seriousness of the wounds was not disclosed in the official message, but many friends are praying that he will recover and return safely.

The young widow, the parents and other sorrowing relatives have the sincere sympathy of all our people in this tragic sacrifice.

## Lt. C. R. Bradford Missing In Action

Relatives in Scottsboro and Hollywood today (Tuesday) received a message from the War Department that Lieut. Charles Raymond Bradford, of Hollywood, was missing in action in the fighting in Europe. He is a son of Mr. and Mrs. Raymond Bradford of Hollywood and his wife is the former Miss Ruth Moody, daughter of Mr. and Mrs. Jap Moody, of Larkinsville.

The Sentinel received this news just as we were going to press Tuesday morning early.

## Bobby Minks Is Missing In Action

Dr. O. L. Minks, pastor of the First Baptist Church of Scottsboro, and Mrs. Minks last Saturday received the following message regarding their son, Bobby Minks, who was serving in the Navy Pacific Fleet:

"The Navy Department deeply regrets to inform you that your son Robert Morgan Minks Seaman First Class, USNR, is missing in action while in the service of his country. The Department appreciates your great anxiety but details not now available and delay in receipt thereof must necessarily be expected. To prevent possible aid to our enemies please do not divulge the name of his ship or station."

Vice-Admiral Randall Jacobs, Chief of Naval Personnel

This tragic message coming to the beloved Minks family brought an immediate outpouring of tokens of friendship of all our people. It is hoped they may get favorable news from their brave young son who had volunteered and who in one of his last letters had written in a sort of prophecy, stating: "I do not mind to die if it will make the world safe for you loved ones at home."

Bobby Minks volunteered in July 1943 at the age of 17. Took his boot training at San Diego and sailed from Bremerton Naval Yards January 13, 1944. Had never been home since he volunteered.

Dr. and Mrs. Minks made a long and tiresome journey to California last Fall to visit with this son before he sailed to far seas and great danger. They have ever since been glad that they made the trip and saw him, for they realized the danger into which their child was going and the chances against his return.

Dr. Minks occupied his usual place in the First Baptist Church Sunday, showing the strength of a Christian man and sacrificing American citizen.

## Lt. Dick Hunter Killed In Action

Sam P. Hunter, Sr., of Hollywood, rural mail carrier of Route 2 from Scottsboro office, received a message from the War Department last week-end stating that his son, Lieut. Charles Richard Hunter, of the Army, had died November 18, 1944 of wounds received fighting the Japs at Leyte in the Philippine Islands. No other information was given in the message of condolence.

The death of this fine and brave young man brings sorrow to many friends. Dick Hunter was truly a splendid type of young American manhood. He was only 23 years of age. After graduating from Jackson High he attended Snead College and then began working for the TVA and when the war began he joined the Army and had been overseas two years.

Besides his father, he leaves his widow, the former Miss Ollie West, of Rockwood, Tenn., a sister, Mrs. Bill Payne, of Hollywood, whose husband is in the Navy, and an older brother, Sam P. Hunter, Jr.

Dick was one of the truly popular young men in his school and college life, being honest, friendly and courteous to everyone, and being happy in the companionship and friendship of many he knew and loved. After going overseas he tried to keep up correspondence with many friends back at home and hoped to return again to this Valley to make his home and future life.

The brokenhearted father, to whom this boy was a real pal and pleasure, the sister, the young widow, surely have the sympathy of everyone in this supreme sacrifice of a brave and fighting soldier who only a few short years ago was a laughing schoolboy on the high school campus.

**FIFTEENTH AAF IN ITALY—**  
 S/Sgt. Kenneth G. Downey, 24, son of Mr. and Mrs. Clarence J. Downey, Section, Ala., recently tallied his 50th combat mission in Europe. He is a tail turret gunner on a 15th AAF B-24 Liberator heavy bomber, based in Italy.

Downey's group has been awarded the Distinguished Unit Citation for its extraordinary feat in destroying 40 Nazi aircraft while bombing the rail facilities at Bucharest, Romania. It has more than 140 attacks on Nazi installations to its credit, having plastered targets from the invasion front in southern France to the far reaches of the Balkans.

"I've seen a lot of action, of course," stated the Section gunner, "but my greatest thrill in the air was the day we participated in the invasion of southern France. I was never so proud in all my life, seeing the hundreds of battle wagons and smaller ships steaming into the harbor and then all around me were airplanes of every conceivable type. If Hitler had been in my spot that morning, he would have well realized that the game was up—what a display of equipment and resources that was!"

Downey entered the USAAF in July, 1940, and transferred to flying status three years later. He won his wings at Tyndall Field, Fla., and came to Italy last May. Since that time he has been awarded the Air Medal with three oak leaf clusters, the Distinguished Unit Badge and the European-African-Middle Eastern campaign ribbon with one battle participation star.

Reason's for terminating membership:

(1) Dismissed by Letter—usually meant person named had transferred to another Baptist Church and asked for letter to new congregation.

(2) Dismissed—usually meant person named had transferred, probably to another denomination.

(3) Deceased: person named died probably while a member of this church.

(4) Excluded—usually meant disciplinary action against a church member.

(Excluded from participating in any church activities)  
Applying to a wide range of Offenses.—MMC)

The first person buried in the Old Baptist Cemetery, Hollywood, Alabama was Willie Eustice, a boy. He was a first cousin of Mrs. C. W. Shipp whose mother was Mary Jane Sterne, daughter of Dr. David Serne.

CASEY JONES (A Ballad)

Come, all you rounders, if you want to hear  
A story 'bout a brave engineer.  
Casey Jones was the rounder's name  
On a six-eight wheeler, boys, he won his fame.  
The caller called Casey at half past four,  
Kissed his wife at the station door,  
Mounted to the cabin with his orders in his hand  
And he took his farewell trip to the promised land:

Casey Jones, mounted to the cabin,

Casey Jones, with his orders in his hand,

Casey Jones, mounted to the cabin

And he took his farewell trip to the promised land.

"Put in your water and shovel in your coal,  
Put your head out the window, watch them drivers roll,  
I'll run her till she leaves the rail  
'Cause I'm eight hours late with the Western mail."  
He looked at his watch and his watch was slow,  
He looked at the water and the water was low,  
He turned to his fireman and then he said,  
"We're goin' to reach Frisco but we'll all be dead":

Casey Jones, goin' to reach Frisco,

Casey Jones, but we'll all be dead,

Casey Jones, goin' to reach Frisco,

"We're goin to reach Frisco, but we'll all be dead."

Casey pulled up the Reno Hill,  
He tooted for the crossing with an awful shrill,  
The switchman knew by the engine's moan  
That the man at the throttle was Casey Jones.  
He pulled up within two miles of the place  
Number Four stared him right in the face,  
He turned to the fireman, said, "Boy, you better jump,  
'Cause there's two locomotives that's a-goin' to bump":

Casey Jones, two locomotives,

Casey Jones, that's a-goin' to bump,

Casey Jones, two locomotives

"There's two locomotives that's a-goin' bump."

Casey said before he died,  
"There's two more roads that I'd like to ride."  
The fireman said, what could they be?  
"The Southern Pacific and the Santa Fe."  
Mrs. Casey sat on her bed a-sighin',  
Just received a message that Casey was dyin',  
Said, "Go to bed, children, and hush your cryin'.  
'Cause you got another papa on the Salt Lake Line":

Mrs. Casey Jones, got another papa,

Mrs. Casey Jones, on the Salt Lake Line,

Mrs. Casey Jones, got another papa,

"And you've got another papa on the Salt Lake Line."

## Cabbage Seed

The story of the creation of the world is told in Genesis in 400 words.

The world's greatest moral code, the Ten Commandments, contained 397 words.

Lincoln's immortal Gettysburg Address is but 266 words in length.

The Declaration of Independence required 1321 words to set up a new concept of freedom.

The Office of Price Administration used 2500 words to announce a reduction in the price of cabbage seed.

MCNAIRY COUNTY INDEPENDENT

The Result of November 4, 1920 Election

Harding is my shepherd and I am in want  
He maketh me to lie down on park benches;  
He leadeth me beside the free soup houses;  
He restoreth my doubt in the republican party;  
He leadeth me in in the path of destruction for his sake.  
I do fear evil for thou are against me.  
Thy policies and profiteers--they frighten me.  
Thou preparest a reduction in wages before me in the  
presence of mine enemies;  
Thou anointest my income with taxes, my expenses runneth  
over my income;  
Surely, poverty and unemployment will follow me all the  
days of this normalcy administration;  
And I will dwell in a rented house forever.

THE FORD PRAYER

The Ford is my chariot, I shall not want another.

It maketh me lie down in wet places.

It destroy me soul.

It leadeth me into the paths of ridicule for it's namesake

It prepareth a breakdown for me in the presence of mine enemies.

Yea, though I run thru the valley at twenty-five per,  
I am towed up the hill.

I will fear more evil when it is with me.

It's rods and it's shafts discomfort me.

It anointest my face with oil.

It's water boileth over.

Surely to goodness, if Lizzie follows me all of the days  
of my life.

I shall dwell in the House of the Nuts forever.

*I'm sending this card to tell you  
That the New Deal has taken away  
The things I really needed, —  
My workshop, my Reindeer and Sleigh,  
Now I'm making my rounds on a Donkey,

So you'll know if I run late for Christmas,  
That I'm out on my Ass in the snow.*

A CHRISTMAS CARD  
Reaction to the New Deal

THE ABUNDANT LIFE

(Author Unknown, But Honored-1933)

Once upon a time there was a farmer who sold two chickens. With the proceeds he bought two shirts..

So the farmer had two shirts and a city man had two chickens.

Then came the New Deal, and told the farmer he should get more money for his chickens by making them scarcer...he must not raise so many and then he would get more income. The New Deal also told the working man in the city that he must work fewer hours and get more money for making fewer shirts. That, of course, caused shirts to cost more.

Then the farmer brought one chicken to market. He got as much for it as he previously gotten for two chickens. He felt fine. He went to buy some shirts, but he found that shirts had also doubled in price. So he got one shirt.

Now the farmer has one shirt and the city man has one chicken, whereas without the New Deal, the farmer could have two shirts and the city man could have two chickens.

HOW YOU CAN TELL WHEN IT'S GOING TO BE A ROTTEN DAY

The bird singing outside your window is a buzzard.

You call your answering service and they tell you it's none of your business.

Your blind date turns out to be your ex-wife.

Your pet rock snaps back at you.

Your wife says, "Good Morning, Bill" and your name is George.

You call Suicide Prevention and they put you on hold.

Your Birthday Cake collapses from the weight of the candles.

You want to put on the clothes you wore home from the party and there aren't any.

Your twin sister forgot your birthday.

You wake up to discover your waterbed broke and then realize you don't have a waterbed.

Your boss tells you not to take off your coat.

Your income tax check bounces.

You put both contact lenses in the same eye.

You turn on the news and they're showing emergency routes out of the city.

You wake up face down on the pavement.

## GRANDMA'S RECEIPT FOR DOING FAMILY WASH

This is an authentic washdlay "receipt" in its original spelling as it was written out for a bride four generations ago:

1. bild a fire in back yard to heat kettle of rain water.
2. set tubs so smoke won't blow in eyes if wind is pert.
3. shave one whole cake lie soap in boiling water.
4. sort things, make three piles. 1 pile white. 1 pile cullord. 1 pile work britches and rags.
5. stur flour in cold water to smoth, then thin down with boilin water.
6. rub dirty spots on board, scrub hard, then bile. rub cullord, but don't bile--just rench and starch.
7. take white things out of kettle with broom stick handle, then rench, blew and starch.
8. spred tea towels on grass.
9. hang old rags on fence.
10. pore rench water on flower bed.
11. scrub porch with hot soapy water.
12. turn tubs upside down.
13. go put on clean dress--smooth hair with side combs--brew cup of tea--set and rest and rack a spell and count blessings.

CITIZEN PARKING TICKET

State

License Number

Time

Make of Automobile

This is not a ticket, but if it were within my power, you would receive two. Because of your Bull Headed, inconsiderate, feeble attempt at parking, you have taken enough room for a 20 mule team, 2 elephants, 1 goat, and a safari of pygmies from the Africian Interior.

The reason for giving you this is so that in the future you may think of someone else, other than yourself. Besides I don't like dominereering, egotistical or simple minded drivers and you probably fit into one of these categories.

I sign off wishing you an early Transmission failure (on the parkway at about 4:30 P M). Also, may the fleas of a thousand camels infest your armpits.

With My Compliments

## LITTLE MELVIN

One day we got tired of playing hop-scotch and skin the cat, so Edna Briggs said "Lets play Baptizing." I said to Mrs. Williams, can we, I mean may we play Baptizing in your rain barrel?" and she said to me, she said, "Yes, indeed," and she just went on tatting. So I put on my father's hunting breeches and got Judge Williams' hat off of the moose horn rack, and dressed up like the Baptist preacher. That was when Edna ran to get all the kids. And I said to then I said, "The Lord is in his Holy Temple, keep silent and shut up." And then I said, "All you sinners come forward and hence." And nobody came but Melvin Dawson. He is just two years old. Poor Little Melvin. He is so unlucky. I got him by the back of his diaper and dipped him in the rain barrel once for the Father, and once for the Son, and when it came time for the Holy Ghost, poor Little Melvin's safety pin broke and he dropped in the bottom of the rain barrel, and everybody ran, and nobody would help me, and I had to turn the rain barrel over to get him out, and then I had to gallop him on his stomach to get the water out of him, and then I sat him inside his house and then I went over to Mrs. Harris' house and got under her bed.

MEMORANDUM

To: All employees

From: Management

Subject: Absenteeism

It has become necessary for us to review some of our policies due to frequent absenteeism of our employees. The following changes are in effect as of today:

**SICKNESS:** No excuse. We will no longer accept your doctor's statement of proof, as we believe that if you are able to go to the doctor, you are able to come to work.

**DEATH:** (Other than your own) This is no excuse. There is nothing you can do for them. We are sure some one else with a lesser responsibility can attend to the arrangements. However, if the funeral can be held in the late afternoon, we will be glad to let you off one-half hour early providing you have all of your work completed for the day.

**LEAVE OF ABSENCE (For an operation):** We are no longer allowing this practice. We wish to discourage any thoughts that you may need any operation as we believe that as long as you are an employee here, you will need all of whatever you have and should not consider having anything removed. In fact, we hired you as you are and to have anything removed would certainly make you less than we bargained for.

**DEATH:** (Your own) This will be accepted as an excuse, but we would like a two weeks notice. We feel it is your duty to teach someone else your job.

**SPECIAL NOTICE:**

Entirely too much time is being spent in the rest room. In the future those whose names begin with A will go from 8:00 to 8:05, B will go from 8:05 to 8:10 and so on. If you are unable to visit the rest room at your time, it will be necessary for you to wait until the next day at your specified time.

## The Toll Lines of the Jackson County Telephone Company

Connect directly with the lines of the  
Southern Bell Telephone Co., and the American Telephone &  
Telegraph Company

And reach every important point in the U. S., giving the highest grade of  
LONG DISTANCE TELEPHONE SERVICE OBTAINABLE.

### Successful Business Men Use the Service Regularly

as they find that the time and worry saved by the quick action it makes possible repays them many times for the moderate cost involved.

TO THE BUSINESS AND PROFESSIONAL MAN TIME IS MONEY.

Correspondence by mail or telegraph takes time and traveling takes time and money- THE TELEPHONE SAVES BOTH.

---

### THE DAILY USE OF TOLL LINES

like the use of any other modern improvement in office methods, is one of the numerous methods employed

### BY THE SUCCESSFUL BUSINESS MAN

which enables him to most economically handle a large and growing business, and which by eliminating all unnecessary and costly delays

### ALLOWS HIM TO DISTANCE ALL COMPETITORS

who do not use them. Once tried

### THE MODERN TELEPHONE METHOD

of doing business is never discarded for the older, slower and more costly methods.

## SOME COMMON FAULTS OF TELEPHONE SERVICE AND HOW TO AVOID THEM

YOU PROBABLY NEVER REALIZED how many of the common faults of telephone service, as you come in contact with it, are due simply to CARELESS USE of the service by the public. Let us give you a few examples to illustrate this:

A NUMBER IS GUESSED AT, the wrong bell is rung, an innocent subscriber is disturbed, a voice says, "They gave me the wrong number," and the Company gets the blame.

A BELL RINGS, it rings again, still no answer. The Operator finally reports, "They don't answer." (Note she never says, "they are not there.") and the connection is taken down. Five seconds later, just SIX SECONDS TOO LATE, the ring is answered and the tardy subscriber gets "NUMBER" from an Operator who knows nothing about the call in question, as SHE HAD NOTHING TO DO WITH IT. Upon being told "Why, you just rang my bell!" She can only say what we instruct her to say: "Excuse it, please. There is no one on your line now." She apparently acknowledges the error and again the Company is blamed; especially, when a little later, the called party meets the calling party and says she was "right there all the time."

A PERSON STEPS IN and "borrows" the use of a telephone. When thru talking, he leaves the telephone OFF THE HOOK, thus keeping the line "busy" and causing a series of busy reports to be made to calling parties. Finally, a clerk, or servant, finds the receiver off and replaces it. Business is resumed and the friend, who has been "trying for fifteen minutes" to get the line, blames the Company severely when he is told TRUTHFULLY, that "I have been right here all the time and the line hasn't been in use for twenty minutes."

THE SAME THING RESULTS when the called-for subscriber forgets, or overlooks, the fact that he is SHARING A PARTY LINE with some one else, and that therefore the line might easily have been "busy" all the time, and he not know anything about it.

NOW WE HAVE NO DESIRE TO DODGE our full responsibility for giving good service. We are not only willing but very anxious to learn all the real troubles of which you have to complain—even those for which we are not directly responsible.

WE WANT THIS HELP FROM YOU—in the form of accurate detail complaints—and we will help you cure those for which other subscribers are responsible; by printing these pages in our directory; by explaining in any way we can the operation of our system and the reasons for our rules and regulations; also by calling attention to the following simple rules, which, if followed by all will make it easy for us to give and for you to get---GOOD SERVICE---which is what we are here for.

REMEMBER THIS---No community ever enjoyed really first-class telephone service unless the Telephone Company had the intelligent and hearty co-operation of its

### Subscribers and The Public.

## Rules For Good Service.

1. **USE THE DIRECTORY.** Never try to remember a telephone number. It's all right if you do remember it; but to try to remember is to begin to guess. If you have the least doubt about it, look it up and thus save time and trouble.

(As a matter of fact, you know, you have no more right to disturb a subscriber by guessing that his number is the one you want than you have to disturb him in any other entirely needless way.)

2. **SPELL OUT ALL NUMBERS,** by giving each figure separately, as "Main one, three, seven, nine," for "Main 1379."

(The following of this rule is essential to good service. A majority and "thirteen," "twenty-three," and "thirty-three," etc., which sound so much alike over the telephone; also to the fact that subscribers do not correct the Operator if she repeats the wrong number.

3. **SPEAK DISTINCTLY,** especially when giving the number to the operator, and when talking over a toll line. Talk into the mouth-piece, loud and close enough so they can hear you easily.

4. **ANSWER YOUR BELL PROMPTLY.** A ring means a friend calling you--don't make him wait, or perhaps miss you entirely.

5. **CALL CENTRAL** by giving the crank two or three quick turns. Don't ring too long. Always ring off when through talking.

6. **UNTIL YOUR BELL STOPS RINGING** do not remove the telephone from the hook.

6. **BE BRIEF** but courteous to the Operators. We require them to be so to you. They have no time to converse with you. Courtesy, like virtue, is its own reward, but pays extra dividends in connection with the telephone service. **TRY IT!**

P. S. By the way, when you know that a false call is due entirely to your careless use of the wrong number why not acknowledge it to the "innocent bystander" who answers the call? Why leave the Operator to shoulder the blame?

8. **CALL FOR "INFORMATION"** when you can't find the telephone number you want, or to get answers to any questions regarding subscribers' names, numbers and addresses.

9. **REPORT ALL COMPLAINTS TO THE MANAGER.** To be most effective they should be not only prompt but should describe accurately the trouble encountered. Many forms or trouble look alike at first, and most of them we will not know about till you tell us. If you can't get Central at all, call up from a neighbor's or send us a postal card.

10. ADVERTISE THAT YOU HAVE A TELEPHONE, but don't put its "number" on your letter heads, bill heads, cards and wagons. Why? because this only increases the amount of trying to remember such numbers by the public—also the continued use of obsolete numbers---which in turn only hurts the service and doesn't help your business at all. Think this over.

11. BE REASONABLE. You always are---yes, of course, but what we mean is this: It is unfortunate---for us---that a telephone subscriber sees nothing when getting service, but himself and one telephone instrument. He doesn't see the other hundreds of thousands of subscribers and he gets no idea of the work we are really doing and the violent and uncertain changes in the number of call given us at various hours of the day.

WE HAVE RUSHES OF BUSINESS just as the street cars, the stores and the post offices do. Yet a man who will patiently wait in line two or three minutes to be allowed to deposit his money in someone's bank will become "disgusted with such service" if he has to wait in line fifteen seconds to get an operator to connect him with his residence that he may inform them he "will be a litte late to dinner."

IT'S A FACT. And we think the reason is indicated above. It's human nature, perhaps; but human nature can be improved if one tries and all we ask is that you try. Ask yourself these questions:

"Does any other company or store in town wait on me so uniformly promptly, or cause me so little direct loss of time, as does the Telephone Company?

Can I get the service of a street car, a clerk, a sales girl, a cashier, or of any one else nearly as quickly, whenever I want them, as I can those of a Telephone Operator?

SO WE REPEAT---be reasonable in your complaints, and patient with all, if the Operator is occasionally too busy waiting on our other customers, to give you instant attention. Meanwhile we will undertake to make your average service prompt and the longer delays reasonably few and far between. When you are not satisfied with it, don't discuss the matter with the Operator, but let our Manager know about it.

12 OBSERVE THESE RULES if you believe they are good ones. If not, call on our Manager, see our plant in operation, and give him an opportunity to convince you. For we must all work together if we are to have

## Some Advantages of Rural Telephone Service.

1. In case of fire the neighbors can be quickly aroused by telephone and their assistance secured.

2. In sudden illness the doctor can be called and information obtained as to what to be done temporarily, to alleviate pain or even prolong life until he arrives.

3. If the cows get in the corn, or the pigs in the clover, or a horse gets caught---with only the women at home---the telephone will usually bring a willing neighbor to prevent loss of property.

4. When tramps come to the door, while the men folks are all out in the fields, the presence of the telephone will give the women courage, protect them from harm, and summon help.

5. When products are for sale, if the farmers are expecting prices to rise or fall, he can call the nearest market town, and can sell or buy to the best advantage at the right moment without uncertainty or loss of his time.

6. The telephone pays for itself by just such economy of time, energy, horse flesh, and wear and tear on harness and wagons, while the neighborly feeling and protection it gives your household is itself worth its entire cost.

7. If the farmer is in town and should unexpectedly be detained, how convenient to ring up his house and tell the anxious wife the cause of his delay; also to learn how things are at home.

8. During the long winter evenings, when it is difficult to go out and see the neighbors, the telephone will keep them informed of all that is going on and will help greatly to make the time pass pleasantly. By annihilating distances the telephone destroys the loneliness of country life.

9. Parents can call their sons and daughters who have moved to adjoining towns in case of sickness at home, or their sons and daughters can tell them and let them know of their successes, or perhaps that there is sickness and the need of the mother's loving care.

10. What a comfort and a saving of time to be able to go to the telephone and call up your friend, ask the questions, deliver the messages or place the orders, instead of stopping work for the best part of the afternoon---taking off a horse that ought to be earning money---and driving miles, perhaps over muddy, frozen or snow-bound roads.

11. When getting a telephone, get the best---the one that reaches everywhere---the Old Reliable---the one furnished by the

## TELEPHONE RULES PLAINLY TOLD.

"The use of these lines for eavesdropping or conveying the sounds of music of any nature, phonograph, pianos, organs, mouths, crying children, etc., is strictly prohibited. Eavesdropping is very unmanly and unlady like and should not be indulged in. If you must do it, please hold your hand over the transmitter so that your presence will not be so plainly felt. Parents should not allow their children to interfere with the telephone in any way. You may think we do not know who you are, but sooner or later it comes out who is the guilty one, and rest assured we never feel good about you any more. You annoy your neighbor, make a fool out of yourself and injure the Company by acting in these unbecoming ways. Central is required to listen at times and has instructions to disconnect any one who makes improper use of the lines. If you are persistent in making a nuisance of yourself then the penalty is removal of your telephone without further notice.

"Don't use the telephone during a thunderstorm. Obey this rule and your phone will remain in good shape and you will remain in good shape and you will not get hurt.

"To answer: Don't say hello. That means less than nothing. Simply lift your ear-piece to your ear and say Johnnie Brown at 14, if that happens to be your name and number. Always ring one short ring when through talking; this notifies the operator that the line is open and can be used by some one else. Too many of our subscribers are slow in answering their rings. Please answer promptly and avoid delay.

"If the operator is slow to answer, don't get mad and say hard things to her, this only complicates matters, and unless things are just right with the next one that calls the operator may not be pleasant and your harsh words will thus be carried along from one to another all day long. The operator has over 300 subscribers to look after and you hardly appreciate the amount of work she has to do.

"One minute is long enough to talk, over three minutes will be charged for extra. We will, however, use some judgment in enforcing this rule. The

purpose is to cut out useless, gab and childish talk. Business always has preference.

"All the rates over the company's lines are for a conversation of three minutes and for each additional minute you talk you are charged extra in proportion to the distance. Remember this and don't kick when your toll bill is presented.

"Report all phone and line troubles to the manager. He is always ready to give you a hearing. If the line is broken and you can make a temporary connection with a piece of wire, we will appreciate it. Don't try to fix your phone unless you want them out of fix forever in this case you pay for them. The phones are rented to you, not sold and any damages they receive while in your possession we will expect you to pay for.

"Operators do not have time to carry on conversations, please do not expect it of them. Don't make complaints to them, they are busy and cannot give you any satisfaction. Call the manager or general manager.

"Using vulgar or profane language is a punishable offense under the law and certainly unbecoming to men. A gentleman will not do it.

"Always hang up your receiver ear-piece down when thru talking, otherwise your batteries will be exhausted and your bells cut out. Ring off by giving the crank one turn.

"In dry weather it sometimes happens that the earth around the ground rods gets very dry. By digging a small hole around them, and pouring on two buckets of water twice a week, you will greatly improve the service over your telephone.

"All subscribers are required to call the attention of Central to any message originating at their place that should be charged for. Any failure to comply with this rule looks like an attempt to defraud, whether intentional or not.

"It is a misdemeanor to shoot off insulators or to in any way damage, molest or interfere with the lines of this company. A reward of \$5.00 will be paid for the arrest with proof to convict any guilty party.

According to the JACKSON COUNTY SENTINEL dated March 17, 1932: 32 people were killed in Jackson County and 325 were hurt as a result of Storms on March 16, 1932.

The ladies of the Hollywood Community in an effort to help those effected by the disaster sold chances on a quilt. For a small amount (10 cents) a person, could buy a chance to win the quilt as well as have their name embroidered on a two inch square of either red or white cloth to be included in the quilt. (Some of the squares included businesses, events, etc) The winner was later chosen by the drawing of a name from those appearing on the quilt.

The winner--JERRY MEEK  
(I still have the quilt)

The following is a list of the names, etc. I have tried my best to copy the spellings as they appear, however, my typing is not the best in the world.

Can any one tell me if the ten cents per chance is correct?
