FORWARD

The enclosed records are taken from the Field Books of the surveyors for the Tennessee Valley Authority (TVA) when preparations were being made to construct the Guntersville Dam near Guntersville, Alabama. These field books contain the information as recorded. No attempt has been made to correct the spelling or other information.

TVA's procedure was to find relatives of each grave located in the flood plain for the reservoir. They constructed a plat map of each cemetery showing every grave that was possible to locate. As many of these are not marked and no one could be found who knew a name for the deceased, they were marked as "Unknown". When a grave was known, the next of kin was consulted and a form was signed by them to either remove the remains and re-inter the remains in another cemetery or a form signed to leave the remains where originally buried. These forms are still on file in the Mapping and Survey Division of TVA in Chattanooga.

The re-internment records of TVA are frequently known and widely circulated, but few know of the Field Books which contains a great wealth of genealogical data. It is for this latter purpose that this manuscript is prepared and it is hope that you will find the information to meet your needs.

James L. Douthat
Signal Mountain, TN 37377

September 1986

INTRODUCTION

The Gunterville Reservoir surveys disclosed the existence in that area of thirty-five cemeteries, thirty-three of which occupied sites subsequently purchased by the Authority. Of these, fourteen containing about 250 graves were below pool level or were cut off by the reservoir from highway access.

Individual contracts to relocate sixty-eight of the graves and to allow one hundred twenty-two to remain were signed with relatives of the deceased. Reinterments were made in six nearby cemeteries, most of these during July 1937, a few in October 1938. The necessary surveys and grave identification work, preliminary to removal, had been carried on intermittently since the beginning of reservoir surveys in February 1935.

Policies and procedures governing Gunterville grave removal were the same as those developed and found successful on the Norris, Wheeler, and Pickwick Landing Projects, except that here all graves were removed by Authority forces, none by private undertakers. Those handling the work for the Authority had gained experience with grave removal procedures on the previous projects and the Gunterville grave removal appears to have been executed with complete satisfaction to the families of the deceased.

The total cost was about \$7,000.00 which included the surveying, mapping, investigative and identification work, contracting with relatives, and the actual removal and reinterment work.

#1 KYLE PRIVATE CEMETERY

This Cemetery is located on the property of Foster A. Kyle in Section 27 - TWP 7 S - R 3 E, Marshall County Alabama, elevation 602 feet. This is an old abandoned cemetery and the possibility of identifying any of the graves is very remote. Present accessibility to same is by a field road and will not be greatly impaired by the flood waters from Guntersville Dam. I recommend that this cemetery be not moved nor means of accessibility be increased.

#5 RUSSELL PUBLIC CEMETERY

This cemetery located on the property of J. G. Russell in Section 20, TWP 8 S, R 3 E, Marshall County, Ala. Elevation 590 feet. Final action on this cemetery now pending. Mr. J. G. Russell owner of the land adjoining the cemetery, will not permit the TVA to enter this property to remove any graves. He states that his reasons for so doing is that the TVA has not yet acquired his property and that his wife is ill and he does not want any operations in the cemetery, which is located near his residence, until he has moved from property. Mr. Russell is the nearest relative to 11 of the deceased in the cemetery and he states that "...he does not want them moved..." but he will not sign any permit for them to remain. We have contacted nearest relatives of 17 of the deceased and executed permits for 11 to remain and 6 to be moved to the Clear Springs Cemetery. There are four graves we are unable to identify or locate relatives for same. To complete this Cemetery it will be necessary to send a removal crew here sometime after Mr. Russell has been removed from property and move graves No. 22, 23, 24, 25, 26, and 27 to the Clear Springs Cemetery. Advise Mrs. Eula E. Smith, 1012 N 30th Street, Birmingham, Al, a few days prior to the operation, the exact day of the operation, so that she may attend if she so desires. The remainder of the graves will be inundated. Removal orders and permits may be found in the file for Russell Cemetery.

6 FENNEL CEMETERY

This cemetery located on the property of William G. Jordan in Section 17, TWP 7 S, R 3 E, Marshall County, Ala. Elevation 596 feet. We executed removal permits for 28 graves and remain permits for 4 graves. Permits for the removal of four monuments from the graves that are to remain were executed and cemetery has been relocated accordingly.

#9 KENNAMER PUBLIC CEMETERY

This cemetery is located on the property of Maggie Kennamer in Section 18 TWP 7 S - R 4 E in Marshall County, Ala. - elevation 604 feet. From all information obtainable, this cemetery has been in existence for well over 100 years and that it has never been known by any name. Information is that there are whites, negroes and indians buried here and that the last burial was made probably 40 years ago. present accessibility is by field road over private property which will not be impaired by the flood waters from Guntersville Dam. I recommend that this cemetery be not moved nor means of accessibility be provided.

#17 RESERVATION BLUFF CEMETERY

This cemetery is located on the property of P. B. Lusk in section 2 TWP 8 S - R 3 E, Marshall County, Alabama, elevation 698 feet. This cemetery seems to have been abandoned since about 1864 and there seems to be no one living who can possibly identify any of the graves. Present access is by State Highway and on foot and the same will not be impaired by the flood waters from Guntersville Dam. I recommend that no graves be moved from this cemetery.

Note: See Miss Betty Mason or Tom Taylor for information.

CHATTANOOGA	

#18 ABANDONED CEMETERY

This cemetery is located on the property of the First Joint Stock Land Bank of Montgomery, Alabama in Section 8 TWP 7 S - R 4 S in Marshall County, Alabama, elevation 595 feet. This is an old abandoned cemetery in a sassafras thicket. The physical evidence of all the graves is obliterated and we are unable to determine the number of graves or the exact location of the same. We interviewed Mr. Jim Taylor, Scottsboro, AL who is 87 years old and the oldest resident of this community and he stated that he had never known nor heard of any persons name who is buried in this cemetery. He assured me that there has been no burial here since 1864 and that the general belief is that it is an old slave cemetery, owners unknown. Present access is by foot across a cultivated field. We are unable to write removal or remain permits for same and I recommend that this cemetery be not moved.

Only depression found at the site and uncertain of the number of graves.

GUNTERVILLE RESERVOIR CEMETERIES

43

#20 CHANDLER PRIVATE CEMETERY

This cemetery is located on the property of S. J. Walls in Section 4 TWP 7 S - R 4 E, Marshall County, Alabama, elevation 600 feet. The physical evidence of all the graves has been obliterated and we are unable to determine the exact number or location of graves. Records indicate there has not been a burial here for the past 83 years. Present access is by a private road which will be inundated by the flood waters of Guntersville Dam. I have contacted C. F. Chandler, A. G. Chandler and Jesse Jones, the nearest surviving relatives to all the deceased and executed an agreement with them whereby all the bodies will remain. I recommend that this cemetery be not moved nor access be provided for same.

#22 MOODY PRIVATE CEMETERY

This cemetery located on the property of Milo Moody in Section 11, TWP 6 S - R 5 E, Jackson County, Alabama elevation 585 feet. A removal permit was executed for this grave. The exact location of grave is remote and after a thorough search and a number of excavations were made, we failed to find any evidence of grave. Mr. John Ashmore was present and stated he was satisfied with our efforts to find graves. This grave to be flooded.

1. O. A. Moody d. 1867 Relative: Milo Moody's father
2. Ada Loveless Moody d. 1893 Wife of Ed (O. A.)Moody, who is dead, a brother
to Milo Moody.

#24 BOYD PUBLIC CEMETERY

This cemetery is located on the property of T. E. Morgan and H.O. Weeks in Section 3- TWP 6 S - R 5 E, Jackson County, AL - elevation 617 feet. This is an old abandoned cemetery, grown up in woods and underbrush, with graves barely discernable. Present accessibility is by farm road and on foot. The primary purpose of this farm road is to serve farm and not the cemetery. This road is to be flooded and the land in this vicinity acquired by T.V.A. Road accessibility to this cemetery is not greatly impaired. Another field road that is above the pool contour may be used. I recommend that this cemetery be not moved.

#31 HENRY PRIVATE CEMETERY

This cemetery is located on the property of John F. Armstrong (heirs) in Section 28 TWP 4 S - R 6 E, Jackson County, Alabama, elevation 620 feet. This is an old cemetery and seems to be abandoned. Present access is by a farm road and on foot for about 1000 feet. A section of this road to be inundated by flood waters from Guntersville Dam. I can't see any responsibility on the part of the T.V.A. to maintain this road as the prime purpose for same is to serve farm, which is being acquired by the T.V.A., and not the cemetery. I recommend that this cemetery be not moved nor access road for same be provided.

Note: This cemetery is the private cemetery of Dave Henry and his two daughters. Transcribed February 18, 1937 by H. G. Higgs, and S. O. Izlar.

1. daughter of Dave Henry
2. daughter of Dave Henry
3. Dave Henry

Relatives have moved to the west and address is unknown. Above information supplied by W. S. Sisk. Land Map #56 - John F. Armstrong estate - tract #457.

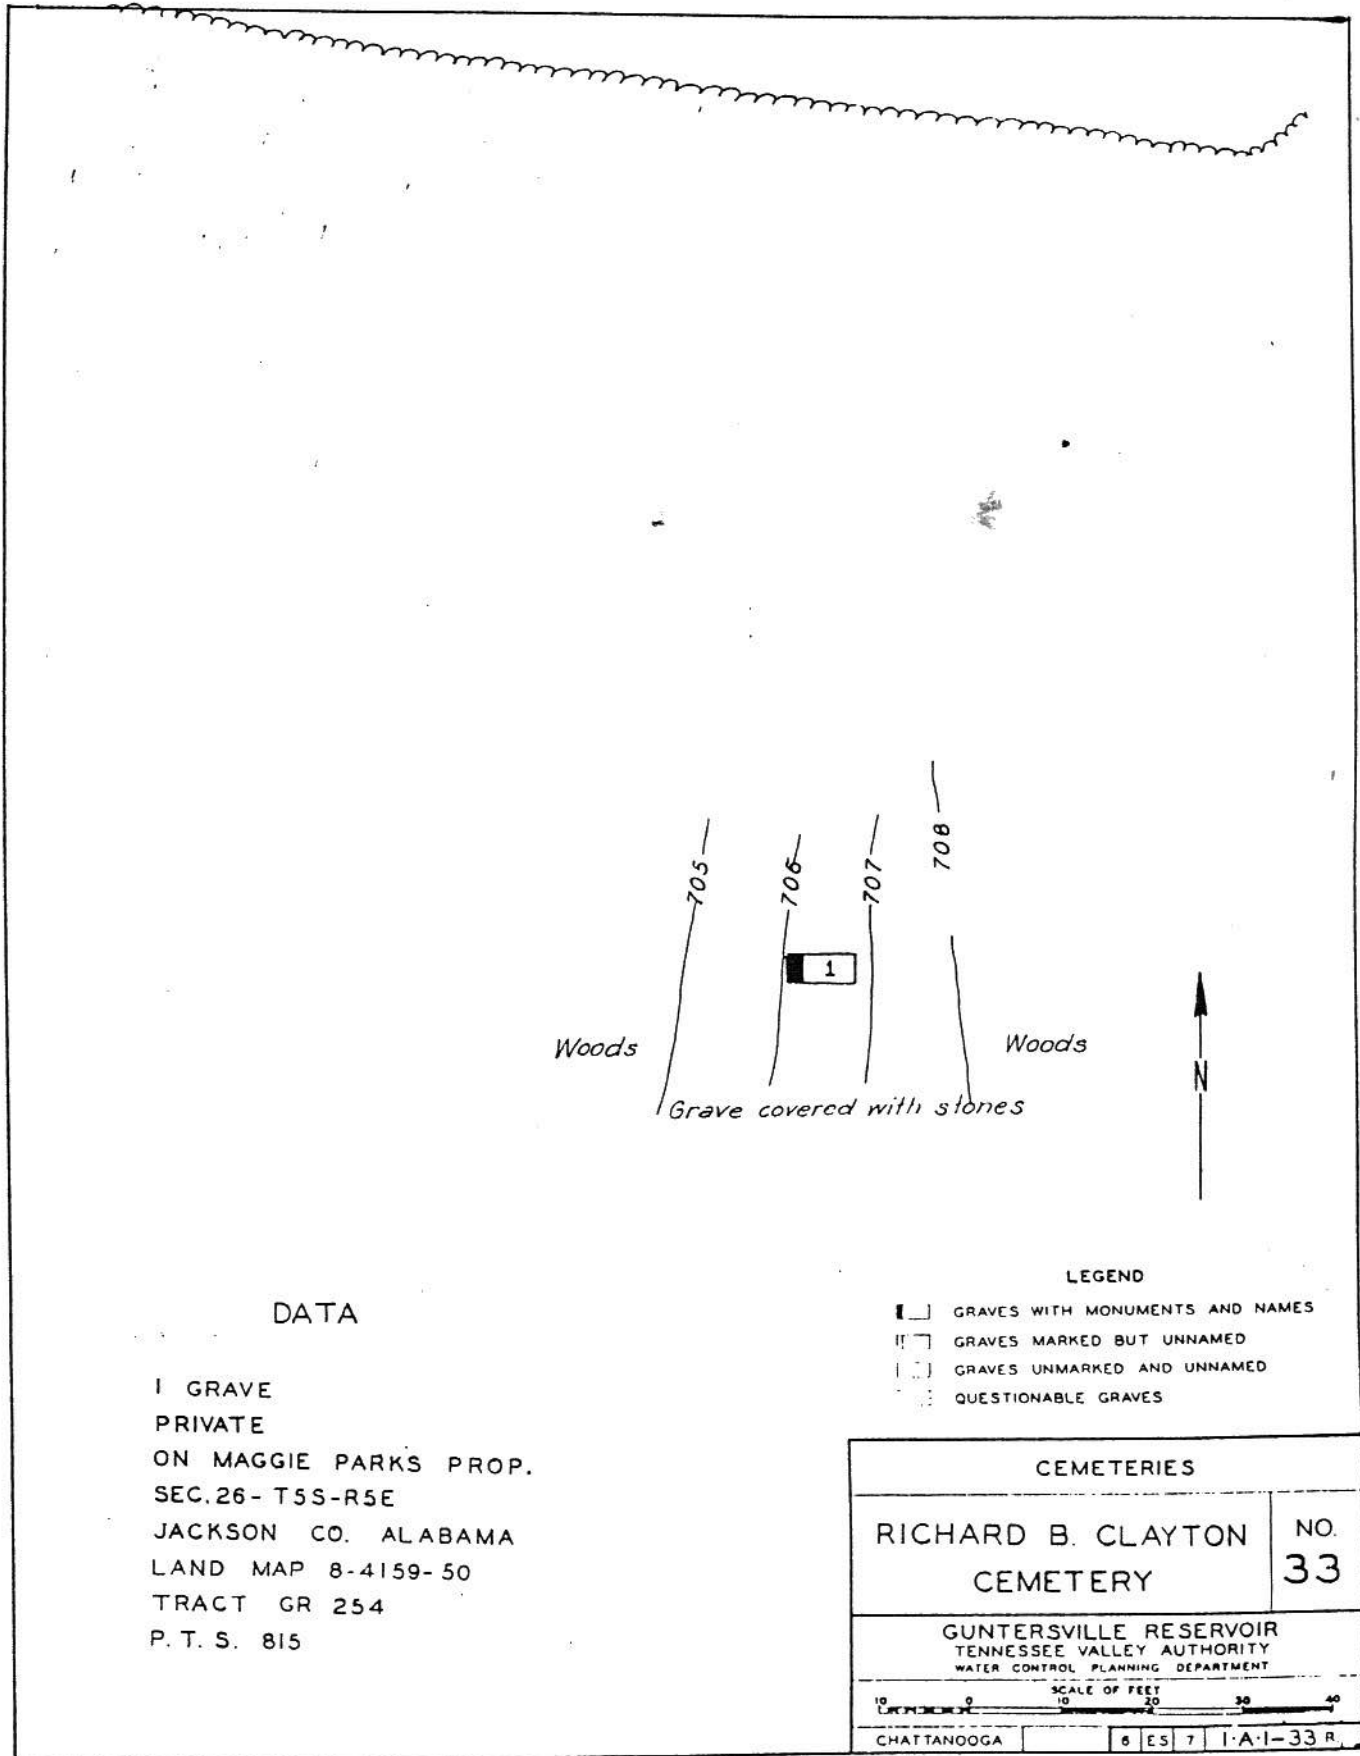

#32 CHISENHALL PRIVATE CEMETERY

This cemetery is located on the property of the Chisenhall (heirs) in Section 1 TWP 5, S - R 6 E, Jackson County, Alabama, elevation 607 feet. present access is by County Road and same is not impaired by flood waters from Gunterville Dam. I recommend that this cemetery be not moved.

Note: Residents say there are thirty-three graves but there is evidence of only 21 and the names are not known of any, except that all are members of the Chisenhall family. Albert and Ivan Chisenhall are the nearest relatives.

#34 #35 #36 #37 UNNAMED ABANDONED CEMETERIES

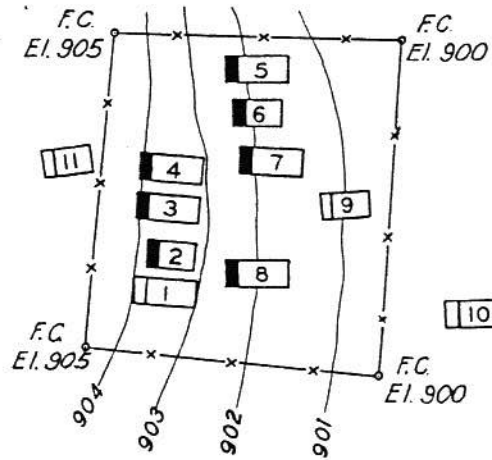

These four cemeteries are located in the Brown Creek Valley near State Highway #32 below the 595 contour. Exact location of these cemeteries and number of graves in same unknown. We interviewed Mr. B. F. Brown, Guntersville, Alabama, Route #1 who has lived in this community for 59 years and he states that these cemeteries have been cultivated over and the possibility of ever locating any of the graves or relatives of the deceased is very remote. He remembers seeing two of these cemeteries about 50 years (ago) but is unable to point out the exact location. We are unable to write removal or remain permits for same and I recommend that these cemeteries be not moved.

#38 ASHMORE CEMETERY

Location not know as the son, Mr. R. L. Ashmore and the survey team were unable to find the location of the grave.

1. T. P. Ashmore d. 1874 age 54 Info: R. L. Ashmore, son

#40 WHEELER PRIVATE CEMETERY

This cemetery is located on the property of E. L. Franklin in Jones Cove, Jackson County, Alabama and is above the pool level of Guntersville Dam. present access is by private road and on foot and same will be flooded by the Guntersville Reservoir. This cemetery is very old and has been abandoned. Physical evidence as to the exact location of individual graves is very vague. We have executed an agreement with the nearest relative of all the deceased whereby the cemetery is to be not disturbed but remain inaccessible by roadway.

GUNTERSVILLE RESERVOIR CEMETERIESNICHLOSON CEMETERY

A public cemetery on the L. V. Stanfield property (no deed) Sec 7, T 6, R 5 E. No other records in TVA material. The following appears in Field Book #124 of the Gunter'sville Project.

SMITH CEMETERY #1

This cemetery owned by Leroy Smith in Section 8 E - R 3 W. No other date found in the TVA records. Transcribed August 15, 1936 by D. G. Henderson, C. H. Hall and L. S. Long.

No visible signs of any graves. Information by J. Leroy Smith. He could not give the names of any bodies nor did he remember any burials for the past 60 years.

SMITH CEMETERY #2

Owned by Leroy Smith - Section 8 E, R 3 W sec 9 NE of NW.

No visible signs of any graves. Information given by J. Leroy Smith.

GUNTERSVILLE RESERVOIR CEMETERIESBELLEFONTE PUBLIC CEMETERY

This cemetery is located on the property of John Snodgrass in the town of Bellefonte, Ala, in Jackson County on the Rilie Reservation TW 4 S - R 6 E.

Note: Total number of graves found - 243. It will be noted that there is a large number of "unknown graves" - due partly to the great age of the cemetery 150-200 years and partly to the fact that the County "Hanging Tree" is situated on the south line of the cemetery and local opinion has it that a large number of burials resulted.

The main cemetery was used both by white and colored - and is known in the survey as Bellefonte Public Cemetery. Another small cemetery now used exclusively by the colored is surveyed independantly and will be known as Bellefonte Colored Cemetery.

Transcribed: September 14, 1936 by Hammond and Arnold
