FOR EMERGENCY CALLS SEE PAGE ONE

HOW TO USE

... DIRECT

DISTANCE

DIALING

The United States and Canada are divided into more than 100 telephone areas, each identified by a three-digit area code. (See map on page 5.) This system makes it possible for you to have Direct Distant Dialing. With DDD, you can dial your own station-to-station calls, when the number you are calling has either two letters and five numerals or seven numerals. For other types of calls and calls from coin telephones, dial "Operator."

If You Don't Know The Area Code Or Number . . .

If You Know The Area Code And Number . . .

1. ON CALLS INSIDE THE 205 AREA

Dial 1 and then the TELEPHONE NUMBER.

Do not dial Area Code 205.

2. ON CALLS OUTSIDE THE 205 AREA

Dial 1 and then the appropriate AREA CODE and the TELEPHONE NUMBER.

3. GIVE THE OPERATOR YOUR NUMBER WHEN SHE ASKS FOR IT

Before the called telephone rings, an operator will ask "Your number, please." Be sure to give her the NUMBER FROM WHICH YOU ARE CALLING.

4. IF YOU REACH A WRONG NUMBER

—dial "OPERATOR" immediately and tell her WHAT CITY AND TELEPHONE NUMBER YOU REACHED so you will not be billed for the call.

1. HOW TO GET THE AREA CODE

A partial list of places you can dial direct after introduction of DDD and their area codes are shown on page 6. If the place you want is not listed, dial "Operator" and ask her if it can be dialed.

2. HOW TO GET THE NUMBER

If you don't know the out-of-town number, you can dial the Information Operator serving many distant places (those shown on page 6) without charge. Dial 1, then the area code (if it is different from the one for the telephone you are using), then 555-1212. When the Information Operator answers, first give her the city or town, then the name and address you are calling. If the place you are calling is not shown, dial "Operator" and ask for Information in the distant city.

3. DIAL THE CALL, FOLLOWING THE INSTRUCTIONS IN LEFT COLUMN OF THIS PAGE

If You Need Assistance, Dial "Operator." She Will Be Glad To Help You.

Scottsboro Telephone Directory

SEPTEMBER 1966

EMERGENCIES

Write in the telephone numbers you will need in case of emergency. Obtain your Police and Fire numbers from the list below.

POLICE _____

FIRE _____

AMBULANCE _____

STATE POLICE _____

DOCTOR _____

OR dial OPERATOR, and say, "I want to report a fire in (town or area)," or "I want a policeman in (town or area)," etc.

IF you cannot stay at the telephone, tell the operator the exact location where help is needed.

WARNING

The law of Alabama provides that any person who fails to relinquish a telephone party line, consisting of subscriber line telephone circuit with two (2) or more main telephone stations connected therewith, each having a distinctive ring or telephone number, after he has been requested to do so, to permit another to place a call in an emergency in which property or human life are in jeopardy and the prompt summoning of aid is essential, to a fire or police department or for medical aid or ambulance service, shall be guilty of a misdemeanor. Provided, however, such party line at the time of the request is not being used for any of such other emergency call. Any person who shall request the use of such party line by falsely stating that the same is needed for any of said purposes, knowing said statement to be false, shall be guilty of a misdemeanor.

Scottsboro

Telephone numbers which do not appear in the current directory may be secured by calling "Information." When you get a number from "Information" jot it down for future use in the space especially provided—the inside back cover of your directory.

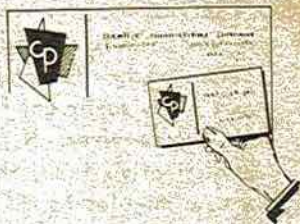

The "Yellow Pages," as most everybody knows, are the classified sections of telephone directories. In them people quickly find where to buy the things they want. The "Yellow Pages" bring together the makers of products, the local dealers who sell and service them, and the customers who want them.

General Information

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your area code, too—it helps distant parties call you faster. Growth and changes in telephone facilities may require the changing of telephone numbers, therefore, any of these showing telephone numbers should not be printed in large quantities.

YOUR AREA CODE IS 205

TYPES OF CALLS

CONFERENCE

You can talk with several people in different places at the same time. Tell the Long Distance Operator you wish to make a conference call.

COLLECT

You can make most calls "collect" if the person you are calling agrees to pay the charge. If you want to make a collect call, please be sure to tell the Operator when you give her the call.

STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging starts when conversation begins.

ATTACHMENTS TO TELEPHONES

The Telephone Company furnishes all equipment necessary to provide telephone service. In the interests of safety and good service, no equipment, apparatus or device not furnished by the Telephone Company may be attached to, or used or connected with, its facilities, except as provided in the Company's tariffs.

No binder, holder, insert or auxiliary cover or attachment of any kind not furnished by the Telephone Company shall be attached to or used with the directories owned by the Telephone Company, except that this prohibition shall not apply to a customer—provided binder, holder, insert or auxiliary cover contains no advertising and which is not so attached as to impede reference to essential service information or otherwise interferes with service.

DIRECTORIES

Telephone directories are provided as an aid to good telephone service and remain the property of the Company.

To insure an accurate and useful directory, we have compiled and checked the listings very carefully. Please verify your listings and report any inaccuracy to your Business Office. The Company assumes no liability for losses claimed in case of error.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained at a nominal charge. Call your Business Office.

Telephone numbers which do not appear in the current directory may be secured "Information." When you get a number from "Information" jot it down for future use especially provided—the inside back cover of your directory.

The "Yellow Pages," as most everybody knows, are the classified sections of directories. In them people quickly find where to buy the things they want. The "Y" together the makers of products, the local dealers who sell and service them who want them.

General Information (Continued)

TO CALL ANOTHER PARTY ON YOUR LINE

SCOTTSBORO—574—When you call a party on your line, you will receive a recorded message advising you to hang up to allow sufficient time for the called party's telephone to ring. Proceed as directed, replace the receiver and allow sufficient time for your call to be answered before again removing the receiver. If, upon removing the receiver the second time, you hear a distinctive tone, this indicates your call has not been answered. Wait a few minutes to give the called party time to answer.

If upon answering a call you hear the distinctive tone, it will indicate you are being called by another party on your line. Wait and give him time to come back in on the line.

SECTION and SKYLINE—Listen for dial tone, dial "39" plus the telephone number of the person you wish to call. When you have completed dialing replace the handset long enough to permit the called number to ring several times. Then lift the handset and begin your conversation. When the called party answers they will hear a distinctive "tic-tone" which will indicate someone on their line is calling. They should hold the line until you pick up your phone and begin conversation.

Ringing Signal

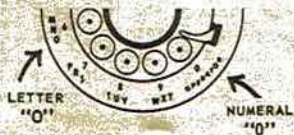

A soft "burr-r-ring" repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer—about 10 rings—before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound means the line you called is in use. Hang up and call again later.

Letter "O" — Numeral "0"

Please be careful not to confuse the letter "O" with the numeral "0" when dialing.

Party Line Courtesy

When several persons share the use of a telephone line, consideration and courtesy are important to all. Everyone will enjoy better service if each one will be reasonably brief . . . space calls so the other party can place his calls . . . and give up the line for emergency use.

Your
Telephone
Operator

Your Operator is always ready to help you with calls you cannot dial, in any difficulty you may encounter and **IN EMERGENCIES**. To reach her just dial "OPERATOR."

CREDIT CARDS—Make out-of-town calling easier when you are away from your office or home, any time, anywhere. Instead of paying for an out-of-town call on the spot, you can charge it and have the charges appear on your business or residence telephone bill. Call the Business Office for a General Telephone System Credit Card.

TARIFFS—Tariffs which show rates, rules and regulations for telephone service and facilities, approved by the Regulatory Commission, are available in our Business Office for public inspection.

Classified Telephone Directory

The Classified Telephone Directory is published for the benefit and convenience of our subscribers. Each business subscriber is given one listing under one general classification without cost. The Telephone Company assumes no responsibility or liability for errors or omissions occurring in the Classified Telephone Directory. Errors or omissions will be corrected if reported by letter to the Company.

All subscribers (both residence and business) are listed alphabetically on the preceding white pages. The following pages (yellow) list only business subscribers.

Suffering
from
teenage
tie-up?

Today teenagers use the telephone
as much as anyone — give your
teenager a telephone of her (or
his) own — makes an ideal gift.
A gift the entire family will appreciate.

COMPLETE BUSINESS COMMUNICATION PLANNING

It Pays to Call Your Telephone Communications Consultant. His business is to help your business make more profit. And his service is available at no obligation to you. He's a trained specialist in telephone communications. He'll give your office a complete "communications checkup." He can show you how to rearrange your external and internal telephone systems to help you improve customers service, build sales, and cut clerical costs, at no added expense to you. And he'll be glad to demonstrate some modern low-cost way to improve your service. A few examples are illustrated here.

SPEAKERPHONE —The hands free phone. Lets you refer to records, move about, as you converse without raising the receiver or your voice. Permits phone conference.

PUSHBUTTON SYSTEMS —Provides switchboard features, tailored to your requirements, without the need for an operator. Pushbutton telephones allow you to select from a number of lines, hold calls, or use the telephone as an office intercom.

AUTOMATIC DIALER —Remembers your telephone numbers. Places any local or long distance call at the touch of a button.
