A TIME TO . . .

remember the friendships we've built down through the years. They're based on happy memories of the good times that we've known.

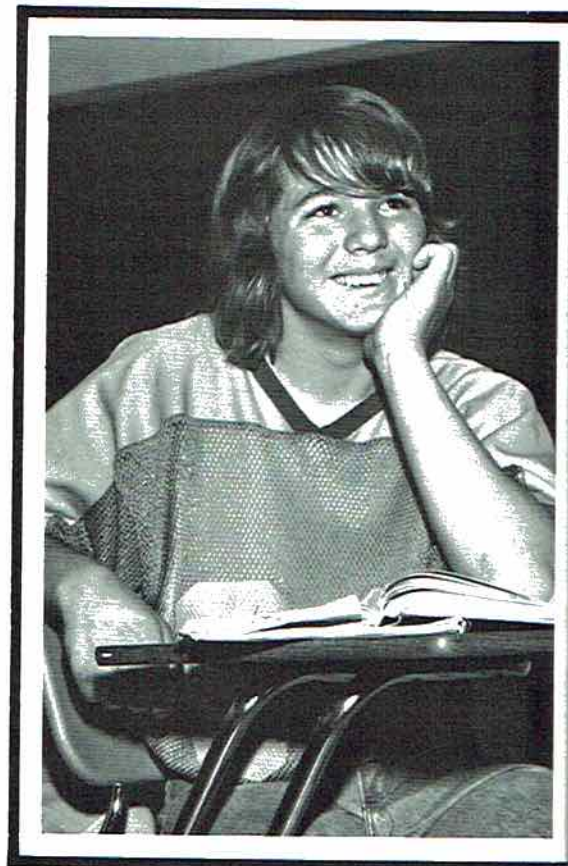

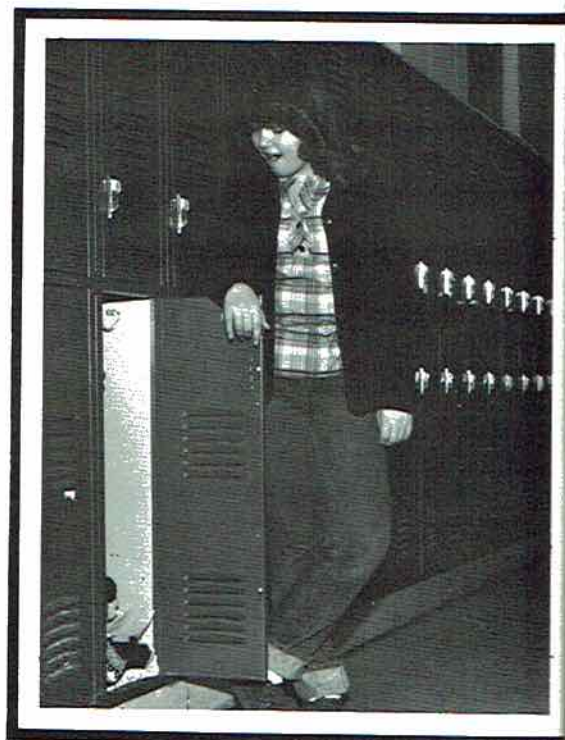

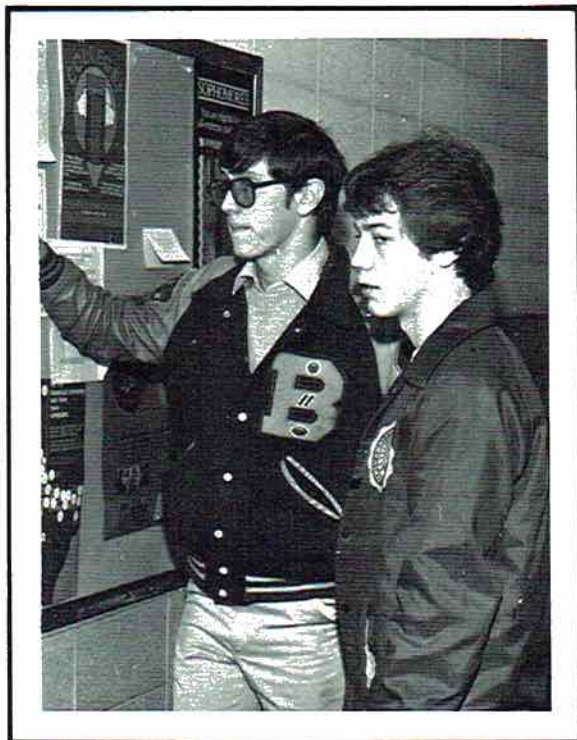

The hopes and dreams we all have shared, the thoughtfulness we've shown make our friendships stronger now than ever. Our friendships have grown with every smile and every act of kindness that makes life seem more worthwhile.

And now we know that if we're near or if we're miles apart, the friendships we've built will still unite us.

... A TIME TO ... remember the friends you've made, the good times and the bad, the crazy things you did, and what you learned — or didn't learn. It's also a time to look ahead; you've got your whole life to plan. It's scary to think you'll be on your own soon. This final year is a time to look back, a time to look ahead, and a time to remember.

B.H.S. Baseball

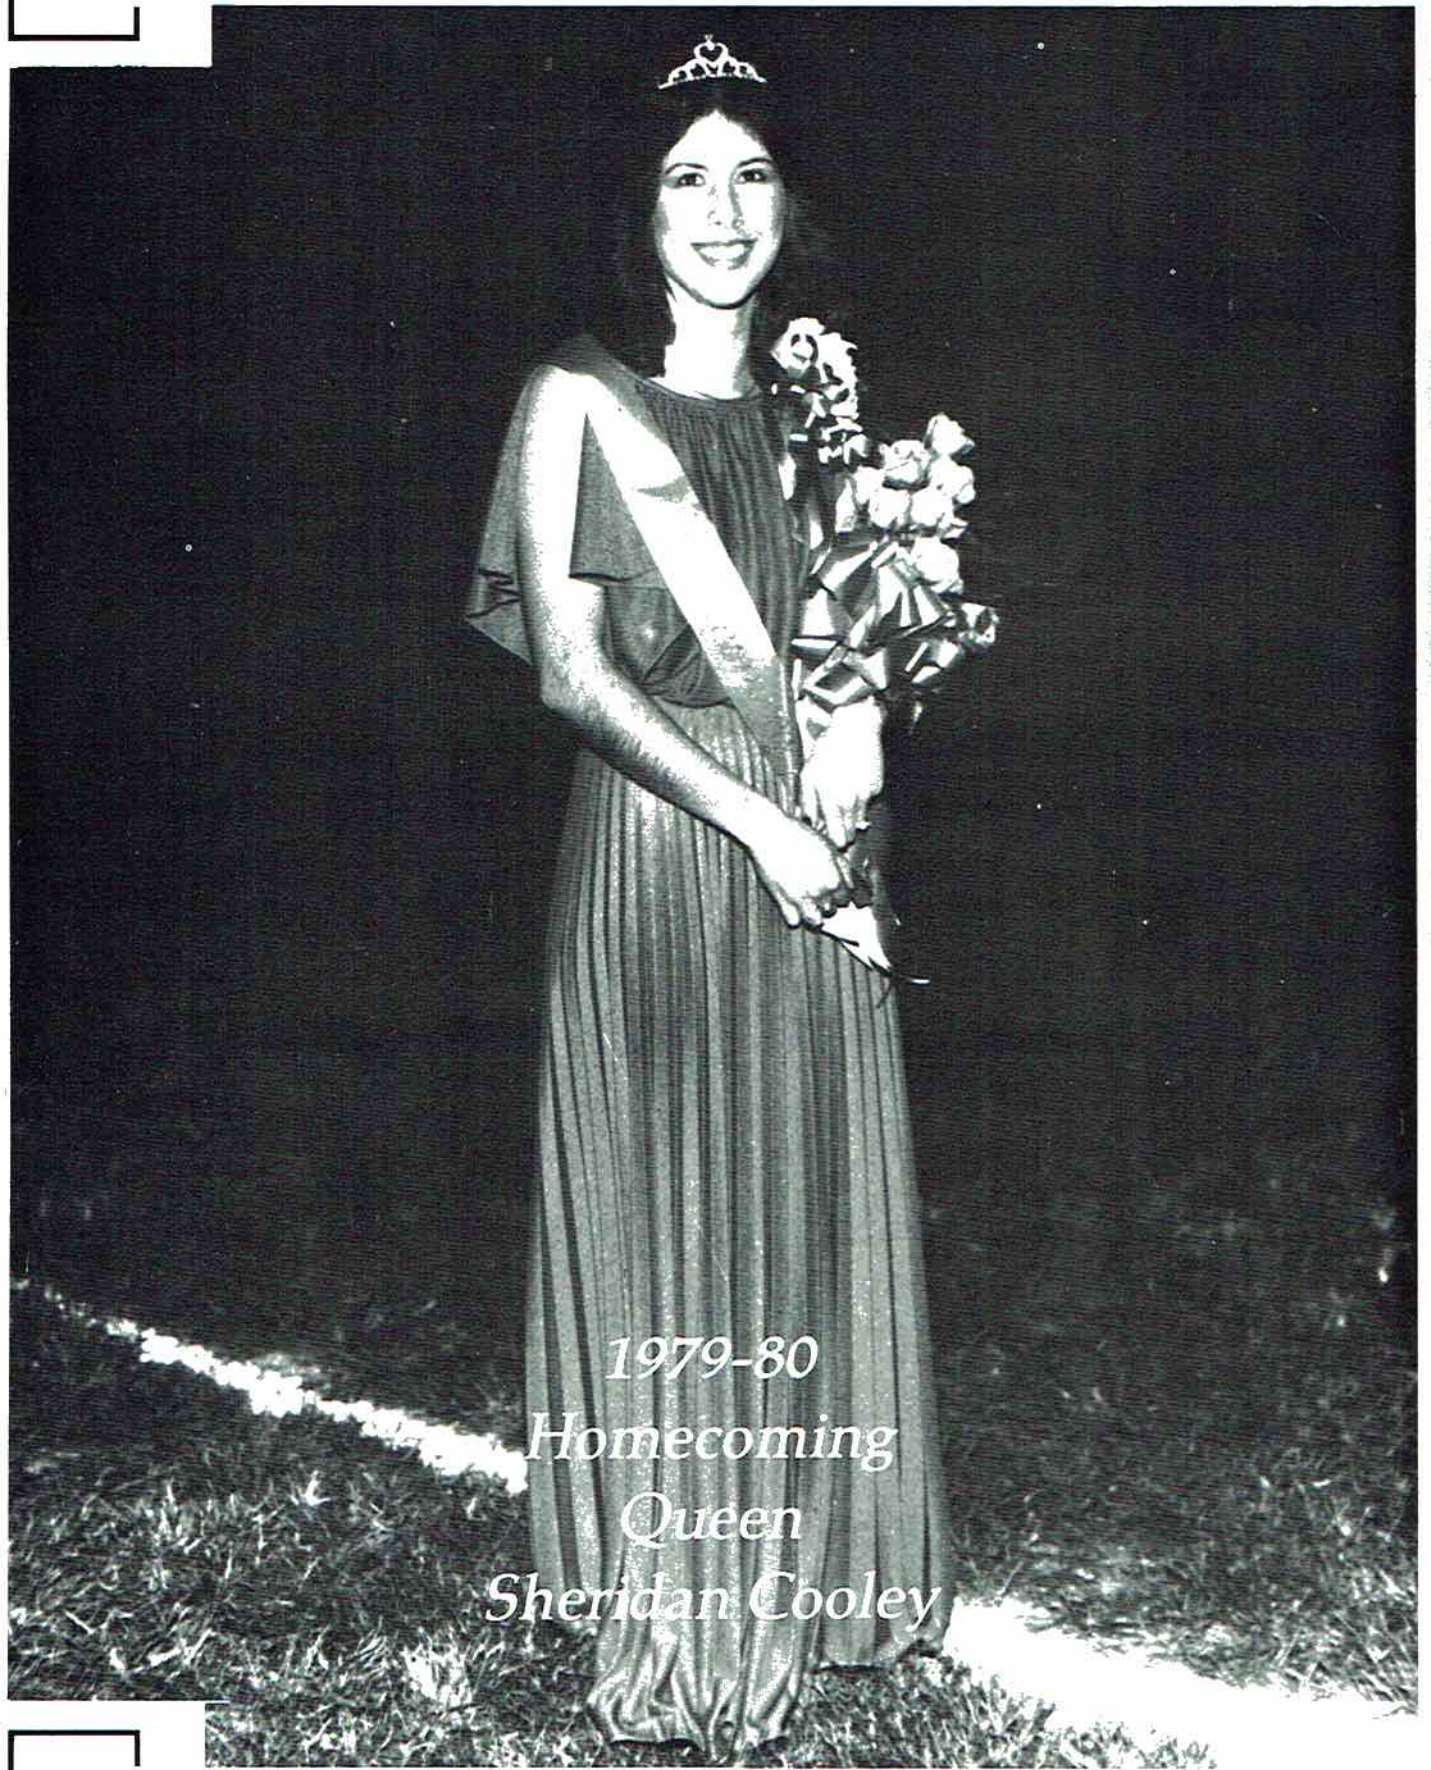

got off to a rough start this season. Although the team had the help of the seniors, they never really reached a point of consistency until it counted. The Tigers finally pulled together to defeat the Stevenson Panthers and capture the county title.

... A TIME TO... become excited, happy, and very nervous. Elections, honors, roses, crowns, and walking just right are all a part of the excitement. The nervousness comes before the elections and when you're waiting to see who was chosen as your class favorite or homecoming attendant. After it's all over you feel relief because you made it through the day, and happiness because you were a part of the occasion.

The night turned out beautifully for everyone involved, including the Tigers. It was truly a special night.
