THE 1971 ROADRUNNER
Bridgeport Elementary School
Bridgeport, Alabama

Dedication

During the two years that Mr. Bain has been our principal we have seen tremendous progress made in our school. Under his guidance we have seen a school paper and yearbook started. We have seen school clubs organized. Under his administration many curriculum aides have been purchased.

Mr. Bain has the ability to lead and direct students. He also has the patience and understanding needed to be the principal of an elementary school.

It is with pride that we, the yearbook staff, dedicate the first edition of THE ROADRUNNER to Mr. James Robert Bain.

To our subscribers:

We, the staff, hope you have enjoyed and will continue to enjoy this record of our school for 1971. As you probably know this is the Elementary's first attempt at producing its own yearbook. We regret any mistakes that may have been made and hope you will not judge us too harshly.

Thank you for receiving our yearbook so well and may it always help to enrich your memories of Bridgeport Elementary School.
