LAST WILL AND TESTAMENT

After years and years of work, worry, and sometimes fun, the eighth grade class of 1994-1995 leave. They are firm believers of the old adage "You can't take it with you" and so have decided to leave some things behind.

RICKY TRIPP leaves his skill in helping Mrs. Farmer during physical education to Eric Smith and Josh Parham.

JOHN SNYDER leaves Brandon Spurgin his height with the hope that he finds it useful.

CORINNE LEMONS, DEVONA ELLIOTT AND STACEY ARRINGTON leave Mandi Spears, Nicky Nash, Stephanie Hill, and Lindsey Norris the ability to stay friends. These girls may need some extra help because they are fighting among themselves all of the time.

LISA BLEVINS leaves Erika Hawkins here quiet ways. Lisa says Erika wants to be quieter next year.

AMANDA HAMILTON leaves Amanda Griffith her softball skills. Amanda H. hopes that Amanda G. will find them helpful.

HOLLY CLARK leaves to Shannon Townson her style of dressing. Holly hopes that soon everyone will adopt her fashionable ways.

RICKY HILL leaves to Scottie Cuzzort and Jason Shrader his ability to play guard during basketball games. The team next year may need some good players for that position.

JONATHAN SPURGIN leaves to Bryson Rogers and Alan Hunnicutt some hope. Jonathan went from short to tall in one year; maybe Bryson and Alan will also.

CHERYL HAMILTON leaves her quiet ways in the hall to Josh McDonald and Brandon Bradford. Most people didn't even know she had any quiet ways!!

TREY NASH leaves to Eric Forshee his ability to play soccer. Who knows; maybe Eric will start his own team.

LYNN MARONA leaves to Brandon Clemons his nickname of "Mr. Mushroom." Lynn no longer needs it since he has had his hair cut.

BRYAN CROWELL leaves to Billy McCurry and Jimmy Long his seat in detention. They're all good students--they just forget things sometimes.

SAMANTHA FORSHEE leaves to Greg Bice her note passing ability. Greg had better be careful; Samantha often gets caught.

JENNIFER BETHUNE leaves her ability to pass notes and to talk in class without getting caught to Chezarae Ogletree. If Chezarae is as quiet as Jennifer everything will be just fine.

SCOTTY CLARK leaves to Josh Bethune his ability to turn over a new leaf in Mr. Cook's class. I'm sure Mr. Cook will appreciate the help.

NICOLE PITTMAN leaves to Kindra Gilbert her ability to roam the halls during p.e. Now, all Kindra has to do is to not let coach find out.

The entire class leaves---some happily and some with fond memories.

CLASS PROPHECY

What changes have occurred in the fifteen years since I have left Bryant School! Each member of the 1994-1995 eighth grade class has accomplished a great deal. Let me give you the details.

CORINNE LEMONS is not President Lemons. She has broken two records: the youngest person and the first woman to be elected President of the United States.

DEVONA ELLIOTT won the Publisher's Clearing House and the lottery to become a multi, multi, multi millionaire. She used her money wisely; she developed the first moon condos and hotels.

ELIZABETH LONG has found away to cash in on Devona's wealth. Elizabeth is the world's leading seller of moon shoes which, of course, she developed.

HOLLY CLARK AND CHERYL HAMILTON have traveled quite a long way from Bryant. Their Seattle, Washington, based business, Heavy Thrashing Metal, builds metal frames for houses and buildings all over the world.

LYNN MARONA used his knowledge of plumbing learned while at Bryant to set up his own business: The Jamaican Tropical Plumber. It's a great success.

AMANDA HAMILTON not only designs clothes for the rich and famous but also designs homes for them. It's often hard when looking at her designs on paper to determine if the people will wear them or live in them.

NICOLE PITTMAN AND SAMANTHA FORSHEE are models for Amanda. Without their modeling skills to sell Amanda's weird designs, she would find herself bankrupt.

STACY ARRINGTON has become the world's most famous, most wealthy, most successful, most sought after lawyer. Her success in winning "the trials of the century" has brought her a great satisfaction and five Ferraris.

JONATHAN SPURGIN is a professional basketball player for the Toronto Raptors. He is the youngest player ever to win the MVP. Maybe his wife, Becky Hill, is partly responsible for his success.

SCOTTY CLARK headed the national campaign to reopen Alcatraz. He was rewarded for his efforts by being made warden. It is said that even hardened criminals break down and cry when sentenced to go there.

JENNIFER BETHUNE AND LISA BLEVINS are fashion designers. Only the sophisticated and wealthy can afford to wear clothes designed by "JenLisa." Of course, Jennifer and Lisa wear their own designs and are admired by everyone.

JOHN SNYDER owns his own animal hospital where he is the veterinarian. He is highly recommended by his clients and turns people away every day.

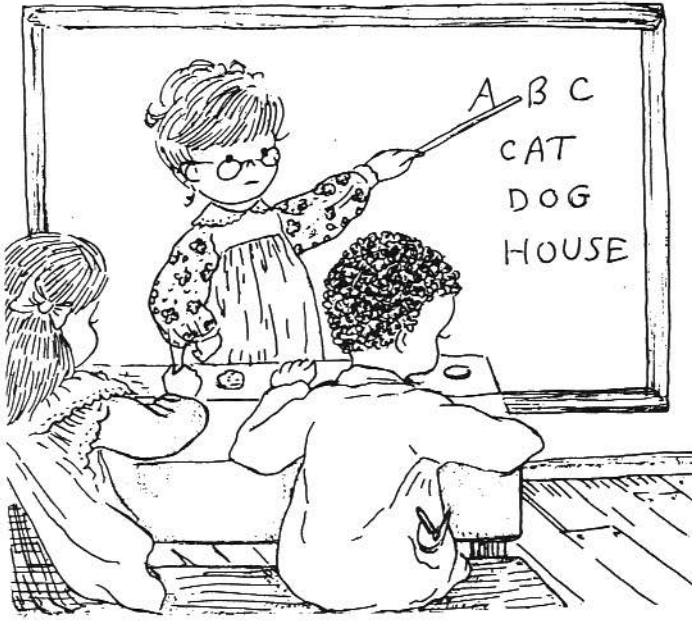

BRYAN CROWELL put his knowledge of computers and his sense of adventure together to become a computer video programmer. He owns his own business which specializes in video horror games.

RICKY HILL is a professional baseball player for the Texas Rangers. His reported salary of \$10 million dollars a game is wrong; he receives \$20 million.

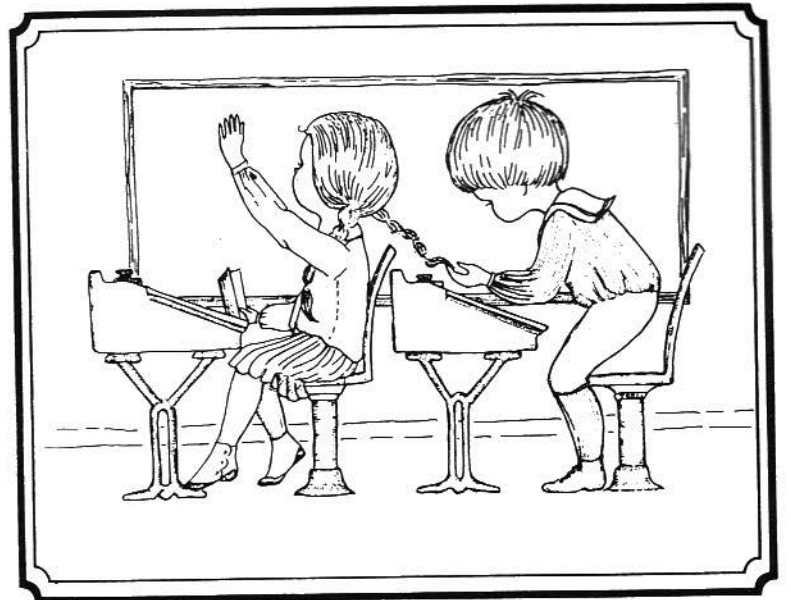

TREY NASH has put his scientific brain to work as an archaeologist. He has found definite proof that Elvis is dead; Trey unearthed Elvis's remains under the local Burger King.

RICKY TRIPP is now the owner of a national chain of ice skating rinks. His security is handled by an ex-professional woman ice skater who specializes in heavy objects.

It seems as if the 1994-1995 class of Bryant is well established and is contributing greatly to society-----just as all of their old teachers said they would????????????
