After careful thought and many consultations with wise and experienced people (our classments), we have agreed to leave the following items to the seventh grade:

Heather Doss leaves her intellectual conversations and the use of big words to Marcus Cox;

Christina Burr leaves her bad grades to Wanda Higdon;

Kalin Frazier leaves her flirtatious ways to Kenda Parrish;

Lisa Walker leaves all of her dresses to Jeanette Steele with the hope that she might someday wear one;

Michael Knight leaves to Mark Tripp his high intellect and quick-working mind;

Evan Whited leaves his good looks to Jimmy Holman;

Greg Ellis leaves his ability to out jump everyone in basketball to Bryan Hicks;

Sherry Whited leaves to Aretha Hill her quiet ways and good nature;

Wendy Pope leaves to Starr Shavers some very important papers. They include pictures of Kirk Cameron, as well as his address, phone number, shoe size, etc;

Billy Cranfield leaves his basketball ability to Ray Stevens;

Brian Vann leaves his clear, easy-to-read handwriting to Jamie Tinker;

Brandon Warnock leaves his toughness to Patrick Artrip;

Jerome Walsh leaves to Eugene Hicks his pouty ways;

Roger Parrish leaves to Timmy Beaty his sunglasses;

Jason Walsh leaves to Craig Jones his imitation of Cowboy Sid and Sheila, the Wonder Horse;

Melissa Tripp leaves to Beth Sims her reputation as the Mouth of the South;

Christy Stewart leaves her athletic ability to Doris Talley;

Ivy Merritt leaves to Lisa Whited her skill in writing notes during class;

Lynn Higdon leaves his basically quiet ways to Kevin Boles;

Tina Rollins leaves to Heather Martin and Danay Pendergrass her ability to get along with everyone;

Jeff Pace leaves his hard-studying ways to Jerry Mullins;

And the entire class leave, never to return--hopefully!!!

### C L A S S P R O P H E C Y

The year is now 2016. Times have changed greatly since my school days of 1986. My old classmates now have occupations which I would never have guessed. I recently looked up my old friends and this is what I found.

Lynn Higdon has become the idol of many. He has replaced the once popular Hulk Hogan.

Brandon Warnock and Billy Cranfield now have their own television show. It is known as "B & B Wildlife Show". It specializes in hunting and fishing.

Heather Doss is now a veterinarian in Alaska. She particularly enjoys taking care of polar bears.

Michael Knight is currently starring in a movie entitled "Rambo, part 59".

Jerome Walsh has replaced his father as a truck driver. His handle is "Big Foot".

Ivy Merritt owns a boutique in downtown Bryant. The shop specializes in clothes and shoes in sizes  $\frac{1}{2}$ ,  $\frac{1}{4}$ , 0, 1, etc.

Jeff Pace now plays for the NBA. He has his own assistant who carries along a ladder so that Jeff can slam-dunk the basketball.

Melissa Tripp is now a fashion designer for Madonna. With the way she dresses, no one can tell if Melissa is doing a good job.

Christy Stewart and Sherry Whited own their own world-wide organization of "Friends Forever". It advises people on how to remain friends no matter what.

Christina Burr has her own aerobic classes. Several girls who have attended her class have won the title of "Miss Beautiful".

Lisa Walker has replaced the redheaded comedienne Lucy Ball in the "I Love Lisa" show.

Roger Parrish is working with the county school officials as the truant officer. Roger finally learned from his past mistakes.

Kalin Frazier is the lead singer in a country band called Bryant Cowgirls. Her last record was her biggest success yet; it sold 100 copies.

Wendy Pope is the designer of school lockers. Each locker comes equipped with the posters of your choice.

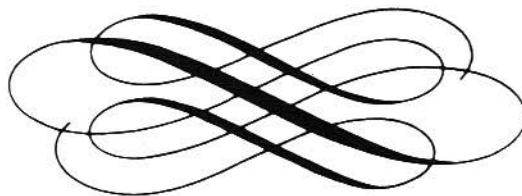

Jason Walsh is the pastry chef in Bryant's biggest hotel. He is best known for making birthday cakes for the teachers at Bryant University.

Evan Whited has found fame as a stunt man on television. He took over Colt Seaver's job on "The Fall Guy".

Brian Vann has become known for his expertise in inventing new guns. His latest invention was a double-barrell 30-30-06 gauge pump.

Greg Ellis is still trying to get a government patent for his invention of an electric chalkboard eraser. His last attempt not only erased the chalk off the board, but also demolished the board.

Tina Rollins is the lead singer for a group called "Bad Company". The name of the group comes from the friends she had while at Bryant.
