*Mt. Olive High School  
Higdon, Alabama*

As this high school year draws to a close, we look back with fond memories of these wonderful moments as students of Mt. Olive High School. This annual, MEMORIES, should serve as a guidebook to "old times."

We hope we have included some interesting memories for each of you and that you will enjoy reading this yearbook as much as we have enjoyed compiling it.

We, the Junior Class of 1964, are proud and honored to dedicate our annual, "Memories," to our devoted principal, Mr. P. L. Bentley, and Mrs. Ruby Woodfin, our beloved teacher and friend. They both have given unselfishly of their time and efforts to help make this school what it is today. They have always been ready to extend help and advice during our most difficult and formative years. In a very real sense, they have given us a blueprint upon which we can build as individuals. No words can express our sincere and humble gratitude for their devotion and guidance to our class and school.

# *Our Superintendent*

A. A. Clemens

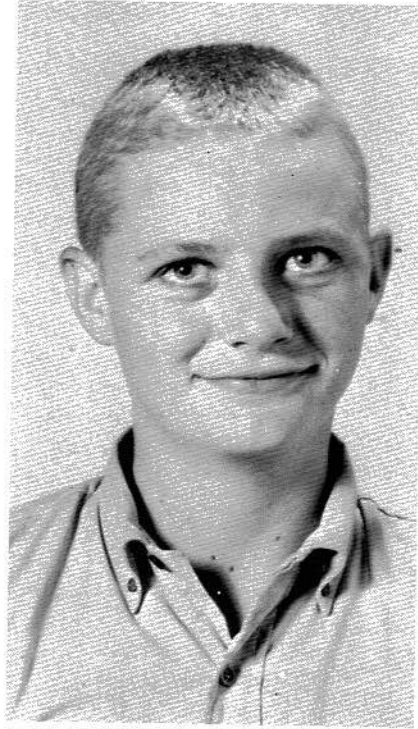

## GREETINGS:

To be able to live in the world of today, it is necessary that all people have the best education possible.

The school, along with the home and the church, plays a vital part in building character and morals of people. I hope you have availed yourself of the opportunity to develop these attributes to the greatest extent.

At least a high school education is within the reach of all. It is my heartfelt desire that each of you will take advantage of every opportunity to avail yourself of the education that is within your grasp.

A. A. Clemens  
County Superintendent of Education

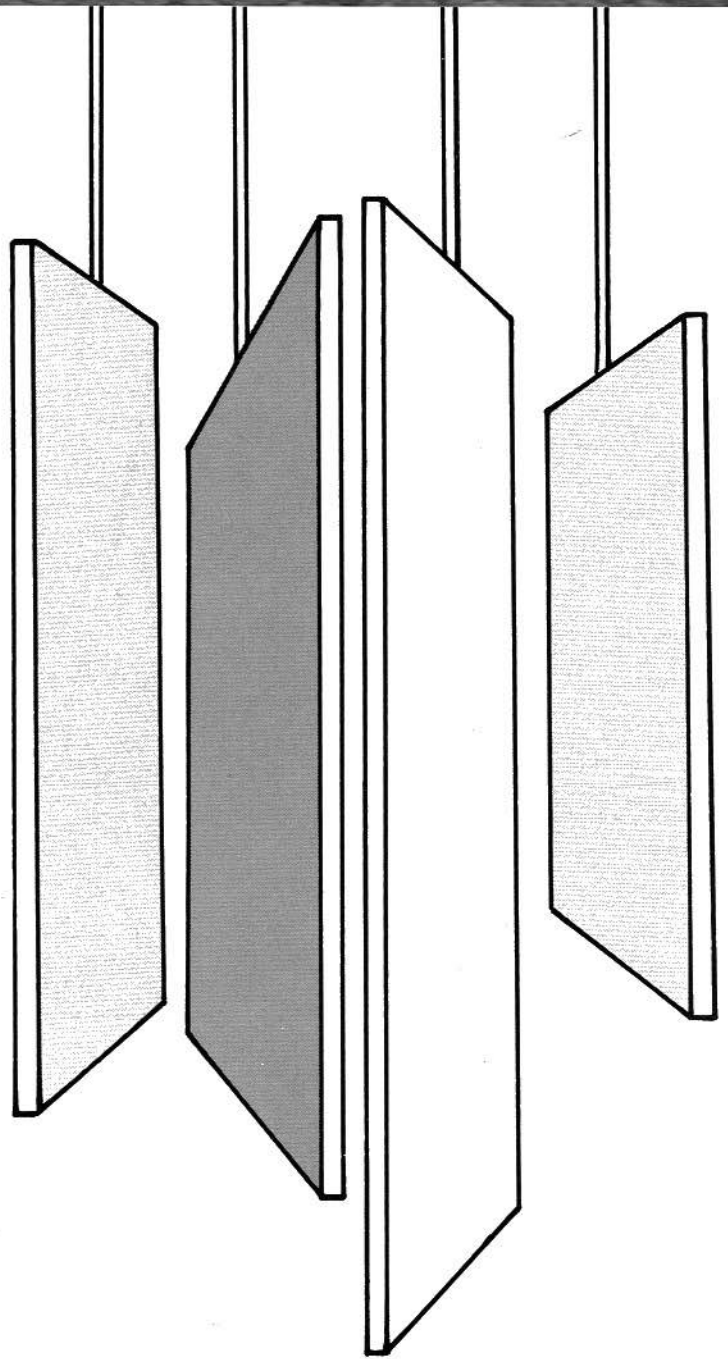

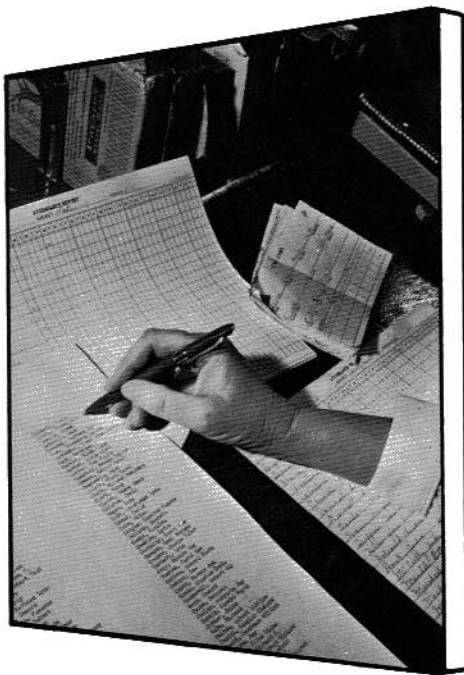

Rayford Higdon

In memory of a dear schoolmate, Rayford Higdon, who met with an untimely death on Dec. 12, 1962. His absence leaves a vacancy that no one else can fill.

"There is no death! The stars go down  
To rise upon some other shore,  
and bright in Heaven's jeweled crown,  
They shine forevermore."

John McCreery

## *Principal's Message*

You will have the privilege of living in the most exciting, stimulating, and turbulent period in man's history. But, with that privilege comes the responsibility of learning to cope with the complex challenges facing man today. Remember, you will be held accountable for the kind of world you pass on to succeeding generations. Some of you will seek to meet this responsibility through further education, others will go directly into the economic and social life of the community. Whatever avenue you choose, strive for the fullness of life that comes with the satisfaction of a job well done. Do not be chained by conformity, entombed by provincialism, or ruled by disappointment. For the aware optimistic individual, life is a great adventure. Emerson said it best, "We find in life exactly what we put in it."
