On Sand Mountain's northern boundary,

Reared against the sky,

Proudly stands our Alma Mater

As the years go by.

Onward, ever, ceasing never,

Upward be our goal.

Hail to thee, our Alma Mater!

To a woman who lives before us in a silent manner but has set a wonderful example to all who have been under her leadership or in association with her in any way ... To one whose qualities of friendliness, loyalty and sportsmanship have won a place of high respect, deep admiration, and warm affection among both the student body and the faculty. With deep appreciation for her service to us as a teacher and friend we dedicate this, the 1970 Cameron, to Mrs. Elaine Buckner.

Class Prophecy

PROPHETS: Loretta Higdon, Pat Tinker
and Peggy Whitaker

As we were conducting an experiment in Mr. Bouldin's physics class there was a sudden explosion. We found ourselves in the year 1990. We were amazed to see the changes that had taken place:

Betty Belue was now the owner and feature attraction at the new "Mountaineer Casino" in Higdon.

The new winner of the Indianapolis 2000 was our own Vonnie Carrell.

A replacement for Mrs. Mountain at N. S. M. - Norma Downer was now the shorthand teacher.

Tony Edwards was head football coach at the University of Higdon.

Finally finishing his senior year at N. S. M. is none other than Lynn Evans.

We were astonished to see Eddie Gilbert at last happily married after 2 divorces, 3 annulments, and 2 deaths.

James Higdon has finally made janitor at Rossville Yarn after twenty years.

Poor ole Maggie Higdon was still teacher's aid at good ole N. S. M.

Jungle Jim, alias Robert Higdon, has returned to Africa to escape the draft.

Dennis Key is now serving time in Folsom Prison for bigamy.

After twenty years Charlene Knight was still up to her old tricks (so watch your chicken houses folks).

Ina Faye Knight is now owner and operator of the world's largest Crane farm.

Donald Moore is now doing commercials for "Quispy Crackers."

Eddie and Bobby Scott have replaced Batman and Robin as "Wolfman and Bird."

Charles Whitley had finally taken over the Sureway Service Station at Trenton.

J. E. Wooden now has his own little "Dennis the Menace," ... as you know ... "as you sow, so shall ye reap."

Monica Hardeman was now a commanding officer of the Waves stationed at Fort Higdon.

Randy Hamilton has finally made heavy weight champion of the world.

Kenneth Moody was English Professor at Northeast State Junior College.

Rose Robinson was top model at her own modeling agency in downtown Higdon.

Dean Sims has broken the world's record by marrying a seven year old girl.

The owner of the first motel in Higdon was, who else, Gracie Williams.

Even after twenty years Ronnie Howard isn't sure if he is ready to get married.

The first Super Dooper Snooper Private Eye Agency in Higdon was just opened by Deloris Workman.

And then we saw ourselves, Peggy Whitaker, Pat Tinker, and Loretta Higdon, as three mad scientists just about to discover a miracle drug when we found ourselves in Mr. Bentley's office for blowing up the science lab.
