*North Sand Mountain High School  
Higdon, Alabama*

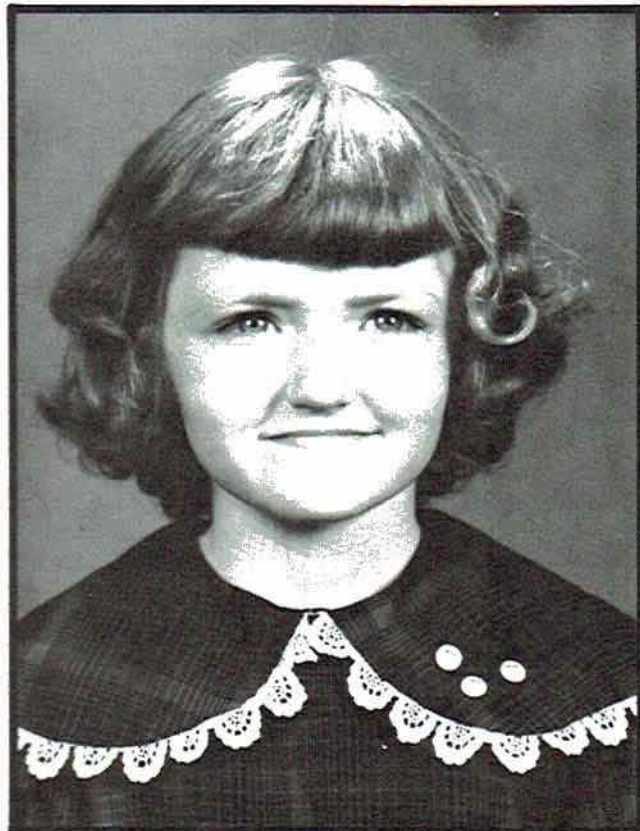

# Dedication.

The 1977 Cameronian is dedicated to one whose life is an example for all to follow both personally and spiritually. Her concern for the students' education in the classroom and involvement in extra-curricular activities show that she cares for N.S.M. students and is dedicated to the betterment of their welfare.

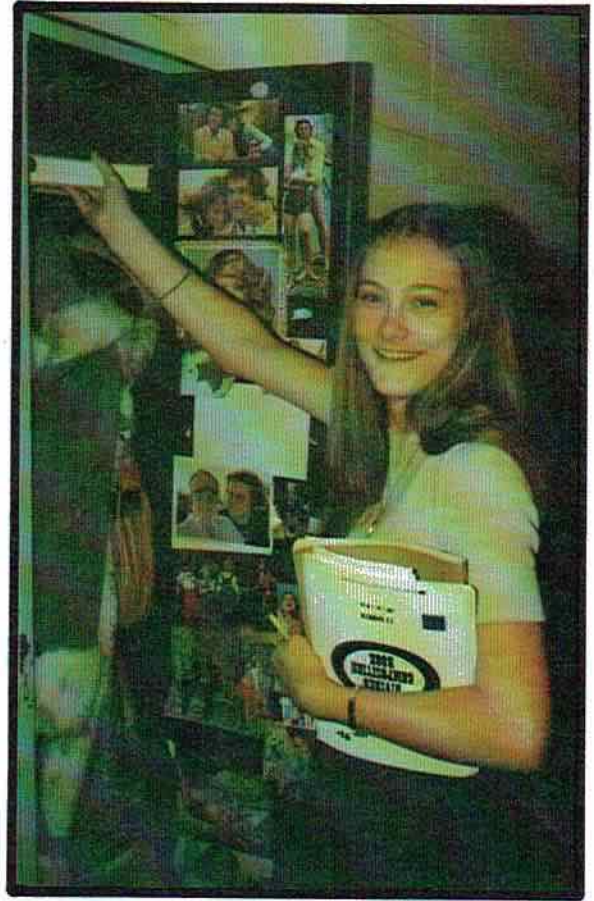

It is with great admiration and respect that we dedicate the 1977 Cameronian to Mrs. Rebecca Page.

*Yes, memories  
are happenings,  
Each one a  
different kind,  
Each one a  
separate chapter  
That's printed  
on the mind.*

*But since  
memories  
Keep building,  
Each day can be  
the start of  
making new and  
happy ones,  
To store within  
the heart!*

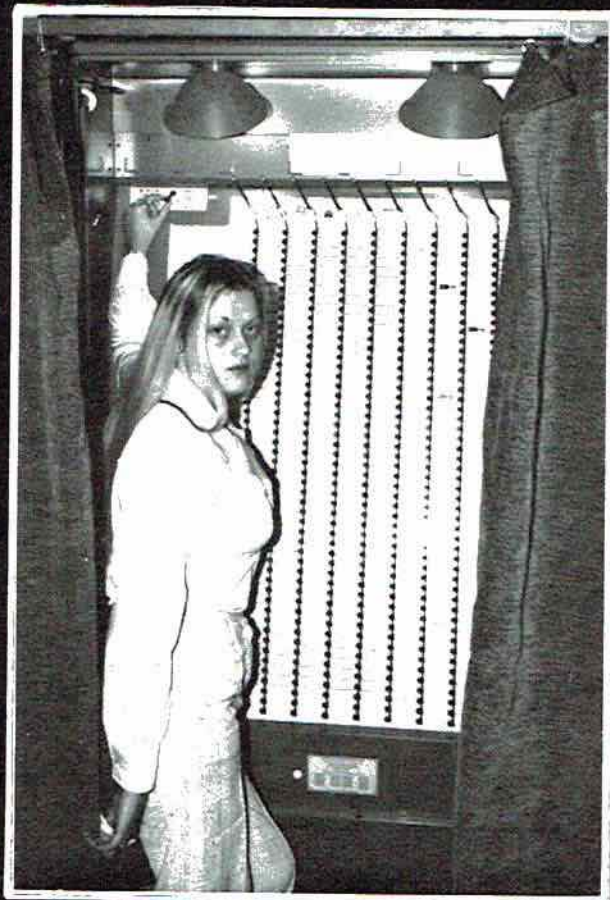

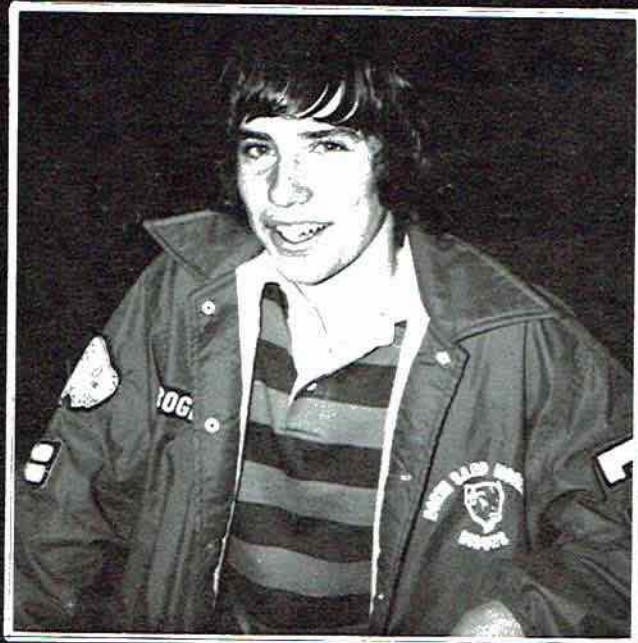

*Cherish the good times,  
but do not cling to them.  
The past is a memory;  
Do not lean on it.  
Today is here; use it.  
Tomorrow is beckoning;  
Reach for it.*

## Listen!

At your graduation exercises, the commencement speaker will say something to the effect that "the future of this nation is in your hands" or "you are being given a great challenge".

They always say things like that at graduation exercises. It seems to be the thing to do.

They've said it so much that most folks expect it and don't even hear it.

That's bad... because it's true.

The future is in your hands... whether you hear it or not... and whether you like it or not.

Do something about it... Listen.

## Electricity Can Kill

With an increase of C.B. radios there is an increase of deaths related to them. The deaths occur when antennas are being installed and come in contact with electrical lines. Many accidents involve antennas and overhead lines. The result is severe burns or death. When installing an antenna of any kind, always make sure there are no overhead lines within reach of the antenna.
