PANORAMA

We the Senior Class of Paint Rock Valley High School wish to dedicate this 1980 volume of the Panorama to Ronnie Money.

Ronnie was a member of our class and would have graduated with us if his health had permitted. Ronnie had an aneurysm in the left lobe of his brain in June of 1976. He was hospitalized in Florida, where he underwent surgery. He remained in the hospital for a period of ten to twelve weeks.

Ronnie made medical history by being the first person to recover from this type of aneurysm. According to the doctors, he would be bedridden for the rest of his life, but because of his great desire and determination to regain his health, he is sitting in a wheelchair and walking a little.

Ronnie takes physical therapy at home every day. He has made tremendous progress in this area. He also has a homebound teacher who visits him once a week. Ronnie is having to learn all over again, but is progressing very rapidly.

Ronnie was an outstanding student as a member of our class. He was outstanding academically and a very integral part of the Junior High basketball team and Pony league baseball team. He brought happiness and joy into our lives and his desire and determination to recover is a guiding light to our life. We pray that one day he will completely recover and can enjoy life the way we have during our teenage years.

"GOOD LUCK RONNIE"
