To The Faculty

In appreciation of the attention given us while attending school at P. H. S., we the Class of 1951, wish to dedicate our annual to the faculty.

We wish to bring to your attention, our sponsor, Mrs. Lillian Arnold. We'll never be able to express our feelings toward her. She has always been a friend in need, and we'll never forget how she has striven to help us.

We hope that the forth-coming students of Pisgah will realize the importance of a faculty such as ours.

The Class History of Fifty-One

The Senior Class of 1951 is very proud of the fact that it is the twenty-fifth class to graduate from Pisgah High School. We consider this a great honor and privilege.

We feel that we are a very outstanding class. We are always well represented in sports as well as all other school activities. Some of the boys from this class were on the basketball and baseball teams and made a fine record, of which we are very proud. Several members of this class belong to the Citizenship Club, Glee Club, Library Club and Dramatics Club, also, several of the boys are F.F.A. members.

Let us not forget that "Miss Pisgah High" of 1951 was a girl from the Senior Class, Doris Jeanne Laney.

Since this is the only high school in this county on Sand Mountain, we are very fortunate to have students in our class from Long Island, Higdon, Flat Rock, Rosalie, Central, New Hope, Henagar, Pleasant View and Dutton, who, along with the students from this community, made a fine class of forty-five.

We have all worked very hard for a new gym and are proud to say that it is nearly completed.

We just hope that Pisgah High School will miss the Senior Class of Fifty-One as much as we know we will miss the school.

Class Prophecy

I suppose it's on account of my great mystic powers of delving into the future that I have been asked to reveal and lay bare what the time beyond holds in store for the members of the Class of 1951. As I feel a deep interest in the future of my schoolmates, I decided to go into it for a full and complete revelation. What I shall tell you will be just exactly the way things are to turn out. If they don't turn out that way it will be from pure contrariness on the part of the ones concerned.

The future has been my study. I hold dear the future because the future may hold a dear for me.

I hear a great noise like a mouse running over a sack of cotton. There is a click and a great grinding noise, I see the world move up ten notches. Then in a moment there seems to be a great change. I find myself reading the Pisgah Daily Tribune edited by Max Griffin, morning edition dated May 4, 1961. This is what I find:

Cecil Oliver and Charles Cresswell, while picking up waste coal along the Pisgah and Blow Gourd Railroad tracks, sat down and went to sleep. Their wives, formerly Nell Smith and Doris Lancy, tired of waiting for them to return with some coal so they could cook poke salet for their breakfasts, cloped with Johnnie Black and Raymond Ellis. They got lost somewhere in Pisgah, were found in Hotel Patten and jailed by the famous Deputy of Pisgah, Delbert Evans.

I also find here the announcement of a great ball game between Pisgah and New York in which Coleen Wicks is Pisgah's league pitcher and Anita Tanner, catcher (BOY).

'Tis wonderful what changes ten years can bring about. I have my hat on now and am stepping out upon the street. Behold! Old Pisgah is gone. In its place stands a modern city. I see streetcars, taxicabs and great tall buildings. I hear a familiar voice. Who could it be but Dorothy Carter. She tells me that she and Charles Light are now happily married. Now I see Carther Ferguson. He says he's looking for Gaynell Dunn. He has traveled all the way from Dutton to go in partnership in the Monkey Business.

I've just got news that Ira Neil Everett has returned from Korea where he has been running for Uncle Sam. All the way home he tried to decide which to marry, Willadean Bailey or Frances Scott. There was an awful misunderstanding between the two and they are now receiving the best of care in the Rosalie Hospital where Shirley Wright and Inez Smith are administering to them. (POOR KIDS).

Walking on down the street, I met what was left of a man. His nose was mashed flat, one ear gone, one eye knocked out and patches of his hair gone. In spite of all this I recognized him as Weldon Deerman. I asked him what had happened to him and he said, "Nothin'", and I asked him how he got those scars then he told me. . . .he was married to Winslow Lacey. . . .that explained everything. Glancing ahead I noticed a great church building and on the tablet was the inscription, Reverend G. B. Stone, Pastor. I walked on to the church and met Reverend Stone and his wife, Helen Carlton. I learned from that Lillian Sims, Ruth Dobbins and Pauline Allen had gone to China as missionaries.

Turning down Vine Street, I noticed a sign as follows: Misses Jane Chamlee, Jackie Allen and Lois De Hart, Dealers in Pet Cats, Dogs and Parrots. I could see by their names they had never married. Of course the business they were in clearly indicated they were old maids.

Next I met Vernon Brooks, famous Scientist. He told me that Christine Lacey was teaching music in Pisgah College; that Eula Davis was expression teacher and Blake White the city physician.

About this time I met Ray Gant. After shaking hands with him, I told him to give an account of himself. He said that he didn't have anything to say except that he was still trying to win Marie Hughes from J. W. Higgins.

As I turned the next corner I almost ran against two policemen. I immediately saw that they were Howard Roberts and John Roden. Howard reported that he was still "sparkin'" Nadeen Huskey. John assured me that he and Helen Ledwell were still on good terms.

I had just about reached home when I met Erwin Rogers, Faye Johnson, Garry McKinney, Era Pritchett and Joyce Wright still running around as if they had all their lives to decide on a vocation.

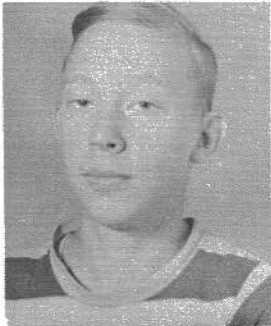

Well, after changing about everything trying to please everyone I can now be located in the MENTAL ASYLUM at Flat Rock, Alabama.
