Pat Roberts

A few short years ago he came to Pisgah High School to take the job of head football coach. Since that time he has become not only the best football coach that any team could ask for, but he has also become a man that is respected and admired by everyone that has played football under him.

During his very short time at Pisgah, he has molded and shaped a football team that has broken all preceding football records at Pisgah High School.

Because of his excellent coaching, we, the Senior Class of 1966, dedicate our annual, *The Eagle*, to coach Sam Kenimer.

Cecil A. Bearden

Dear Students,

I feel that I would be remiss in my duty to you if I did not take this opportunity to encourage each of you to take full advantage of the educational opportunities which are yours today. You owe it to yourself, your parents, and your future progeny to acquire as much knowledge as your innate abilities will allow. To quote an old saying, "There is a time for all things", would be appropriate; for now is the time to acquire an education.

School days also offer an opportunity to make new friends and cement ties with old ones. After all, knowing how to get along with people is very important and becoming more so each passing year. In short these are golden days with golden opportunities. Take full advantage of each of them.

To the graduating seniors, I offer sincere congratulations for the milestone you have achieved and urge you to continue your studies if possible. If you do not choose to do so, I urge you to become useful citizens in the communities in which you shall live.

Best wishes to all of you.

Sincerely yours,

Cecil A. Bearden
