## OUR GRADUATION

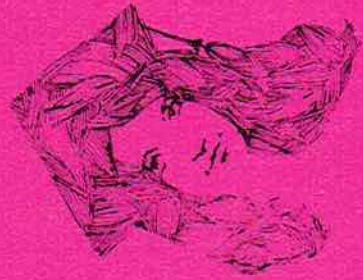

A feeling of freedom  
with no longer having decisions  
made for us.

A feeling of sadness  
because a life long friend will  
become a now and then  
acquaintance.

A feeling of love and respect,  
not necessarily for instructors  
but for those who taught  
us to mold our lives the  
way we want them to be.

Yes, we feel these and many  
other emotions because a  
decade and two of our life  
has left us with . . . .  
Ourselves, the future,  
and hopes.

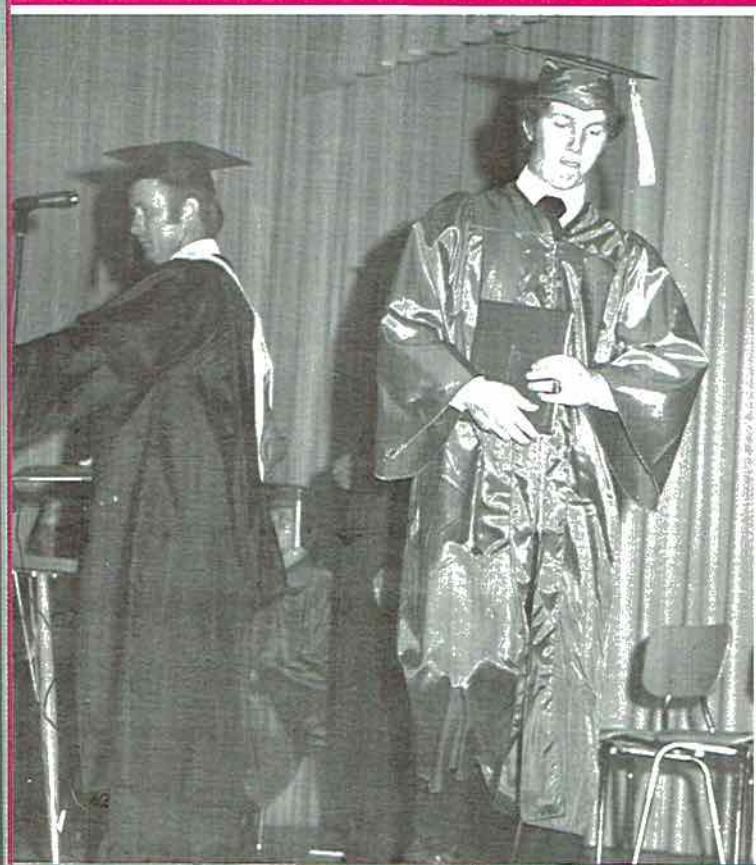

Denny Edmonds  
Senior '75

One who completes a high school course and is presented with a sheepskin to cover his intellectual nakedness?

Robert M. Hutchins

Our lives are albums written through  
With good or ill, with false or true;  
And as the blessed angels turn  
The pages of our years,  
God grant they read the good with smiles,  
And blot the ill with tears!

John Greenleaf Whittier

ready to be turned loose upon the world: twelve  
years of hard work - now what? - college entrance  
exams, SATs and dorm applications (attach

joyous celebration and just a touch of nos-  
talgia - we made it (finally) and we're on

This poem cannot really be put into words  
Some things,  
Some thoughts,  
Some emotions just can't be said  
Especially when they're about a dear Friend who is now dead.

Why you had to go . . .  
I don't know  
I guess I'll never understand.

Oh, sometimes when I think of the great times  
and bad times we shared  
It brings a deep down aching  
that I just can't bear.  
I just hope you Knew how much I really cared.

You had so many Friends and so much going For you  
You had more, so much more than money could ever get  
You had a way about you . . . A way that said, "I care."  
Money could never buy this . . .

Mary, you touched so many lives  
and you, we can never Forget  
Mary . . . we loved you in this world  
I hope we meet you on the next.

## LISTEN!!

At your graduation exercises,  
the commencement speaker will say  
something to the effect that "the  
future of this nation is in  
your hands" or "you are being  
given a great challenge."

They always say things like that  
at graduation exercises. It seems  
to be the thing to do. They've  
said it so much that most folks  
expect it and don't even  
hear it. That's bad . . .  
because it's true.

The Future is in your hands . . .  
whether you hear it or not  
and whether you hear it or not

Do something about it . . . Listen.
