"DECLARING OUR
INDEPENDENCE"

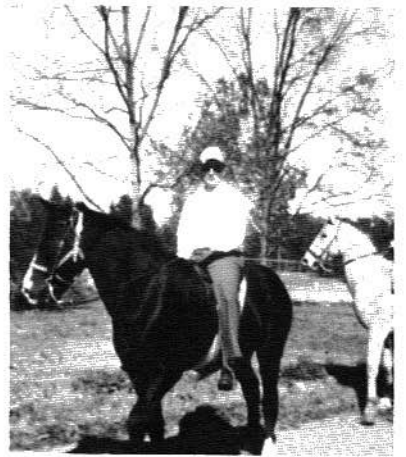

Looking back at where we've
come from,

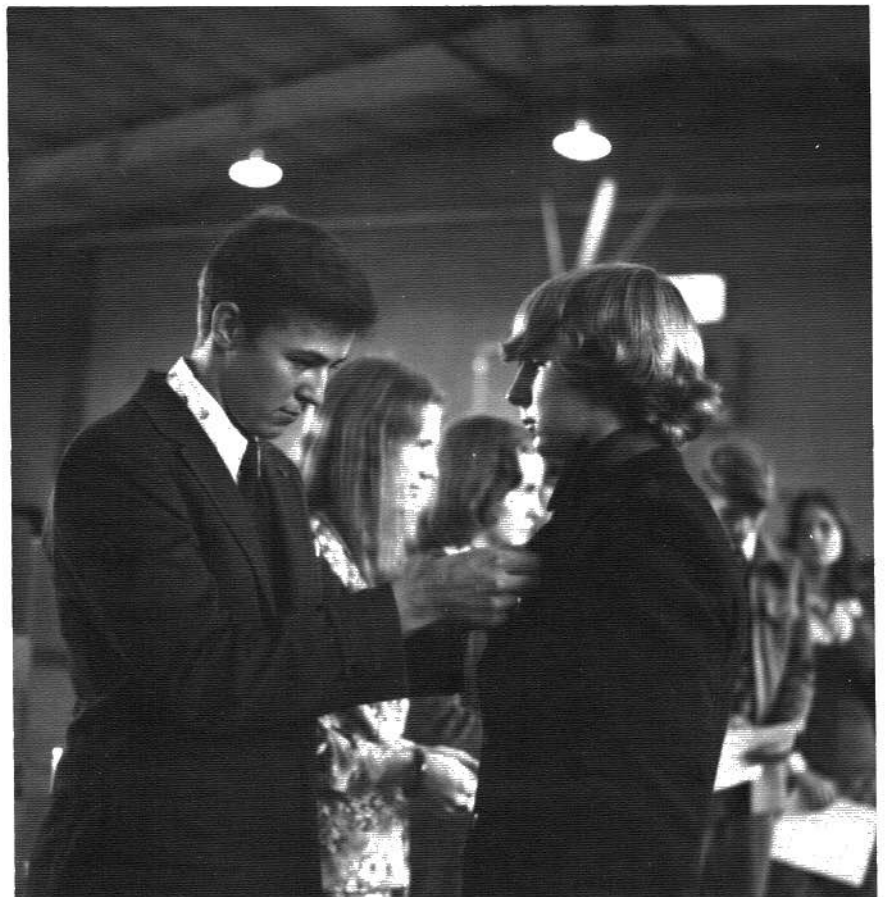

we realize that
measuring up to our heritage is
a tremendous undertaking

and the weight of future responsibility often underlies the youthfulness of our actions.

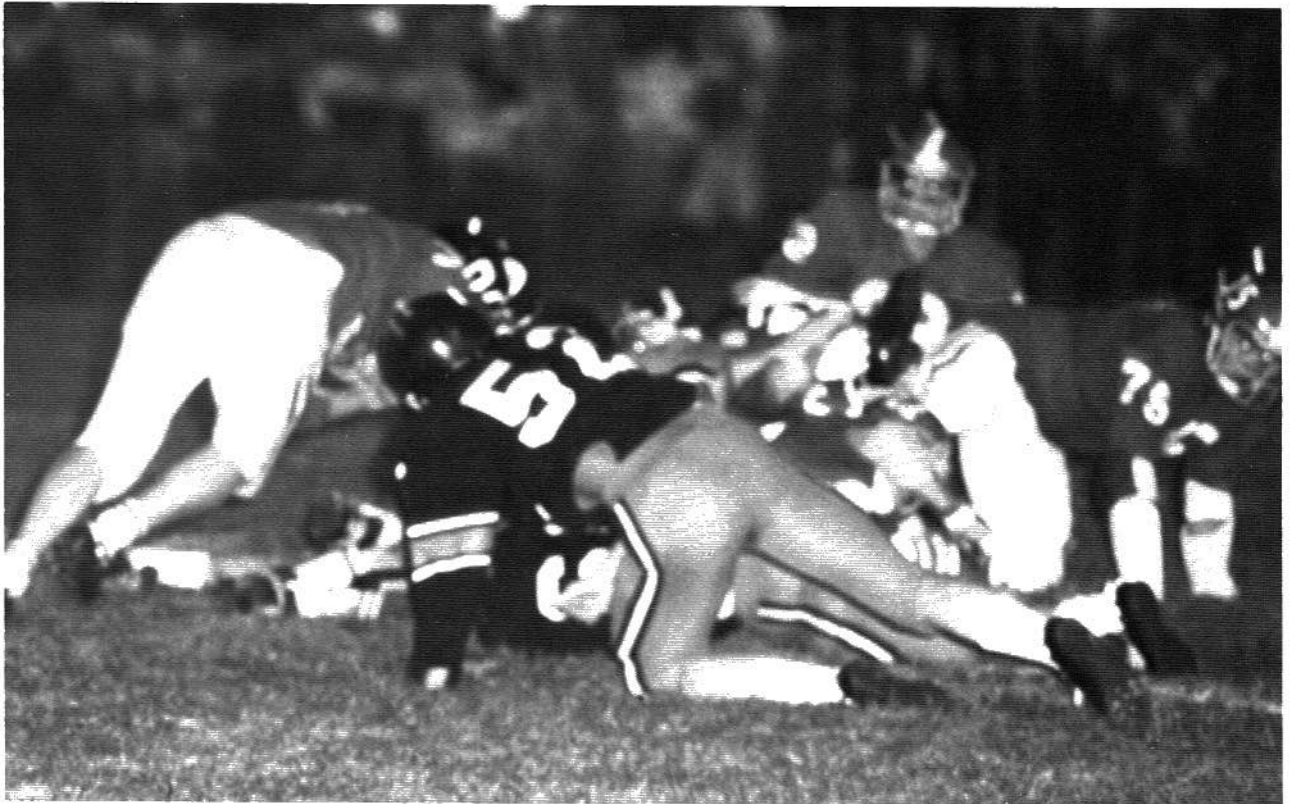

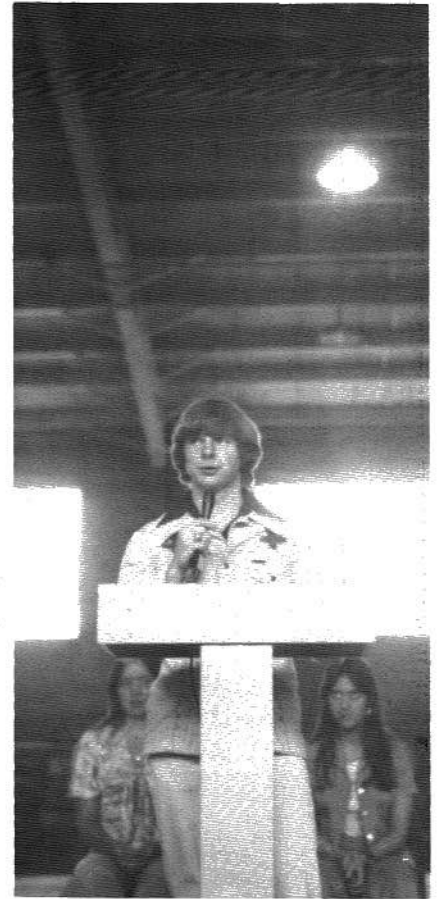

With each new learning
experience — whether academic
or athletic —

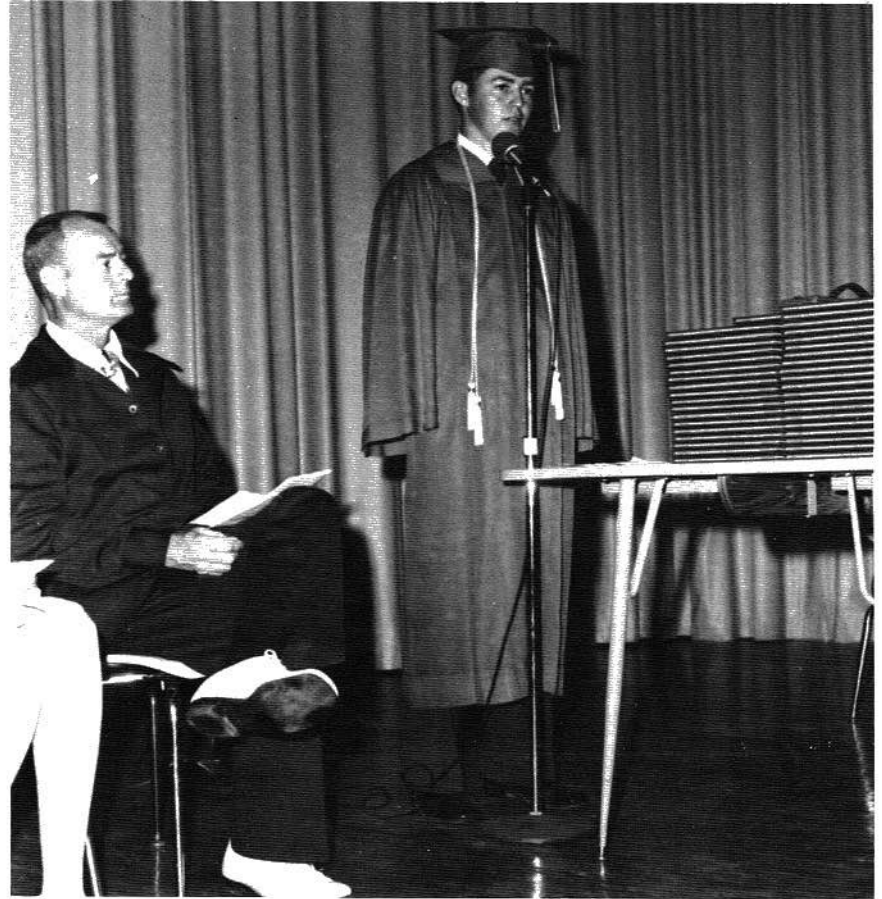

the greatness of those
before us become more
evident.

Daily facing
challenges, we
often long for
the courage and
strength of
our predecessors.

and in the dilemmas of
decision-making our fleeing
childhood beckons us.

we seek the
knowledge
that will guide
our actions

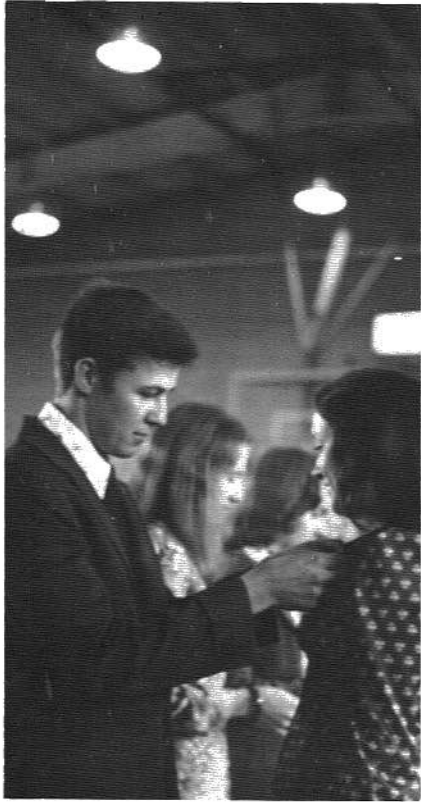

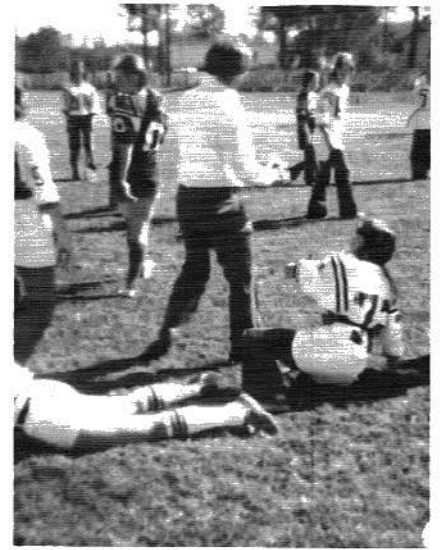

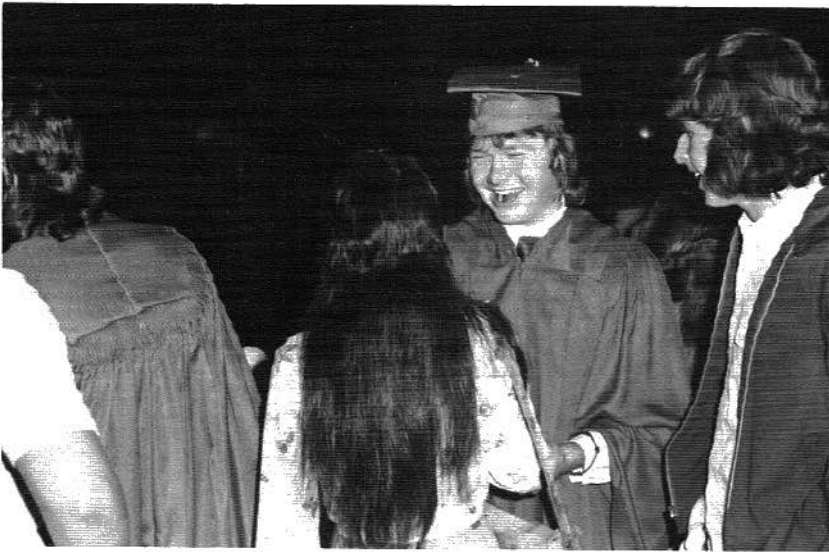

and it is
found not only
in books,

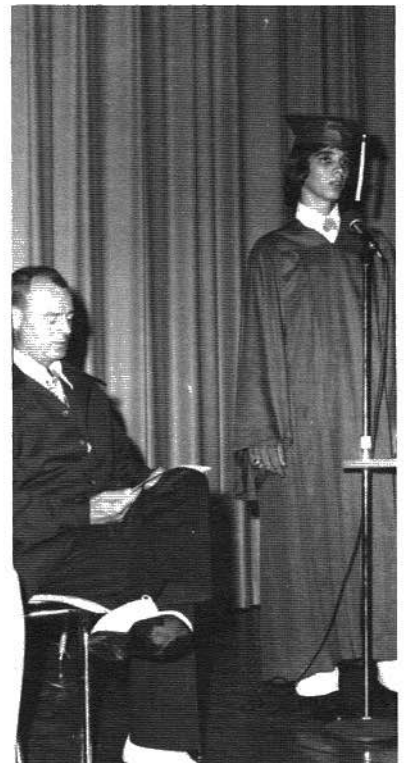

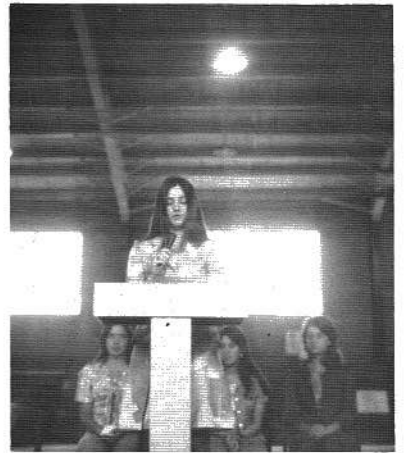

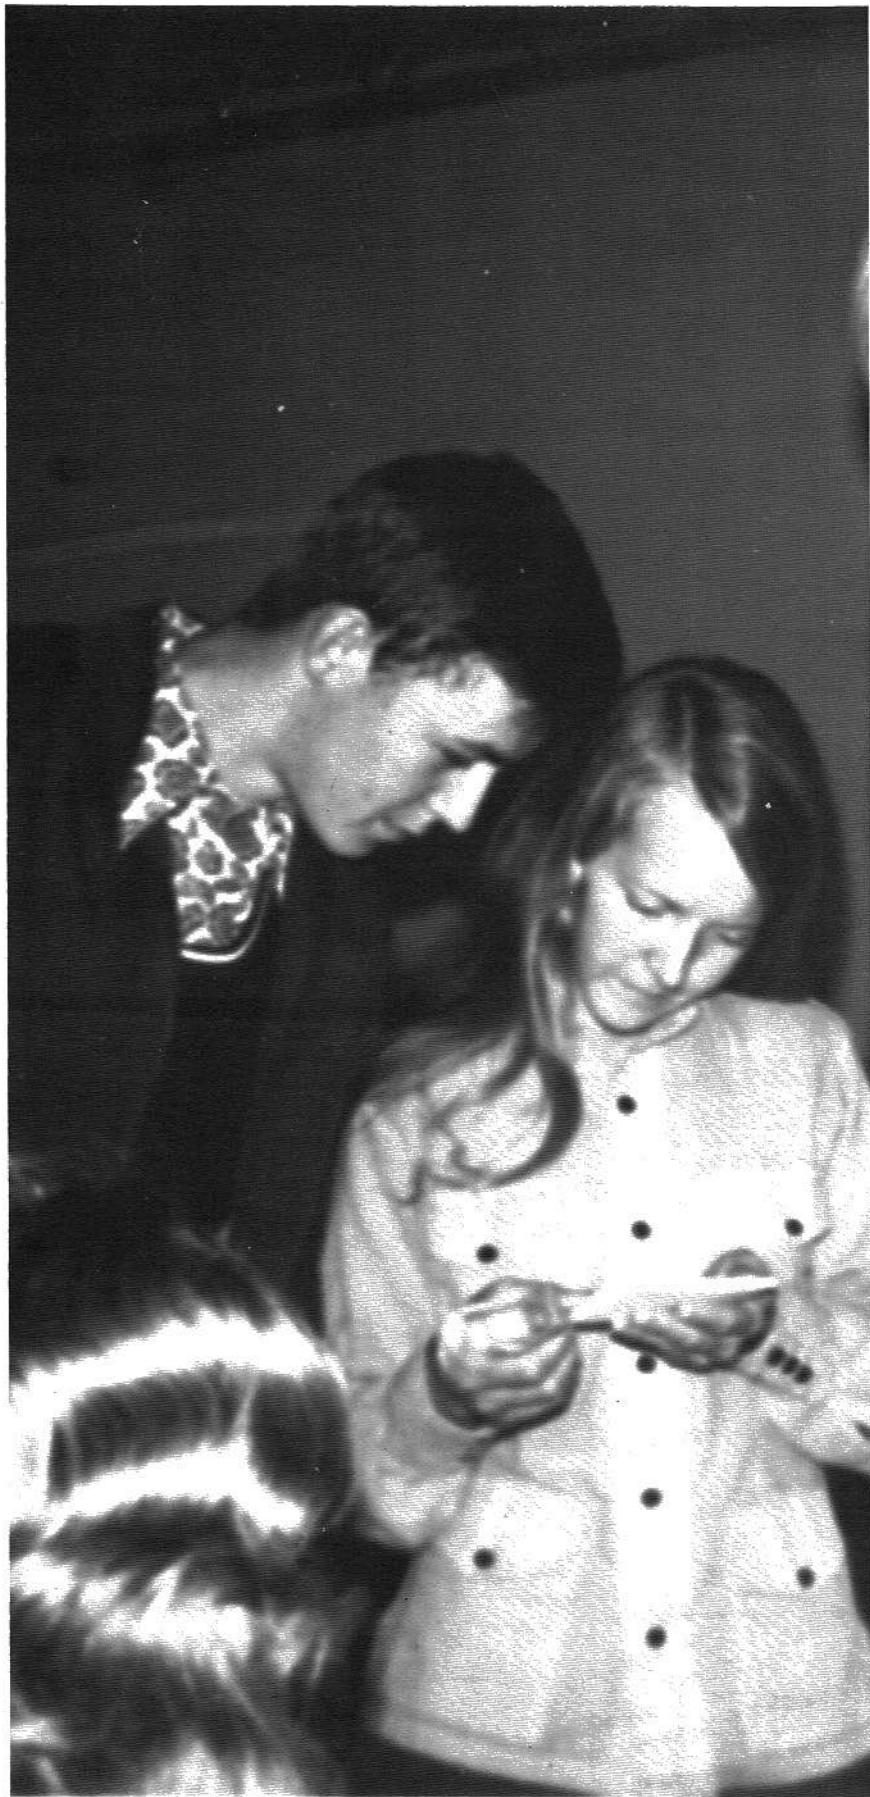

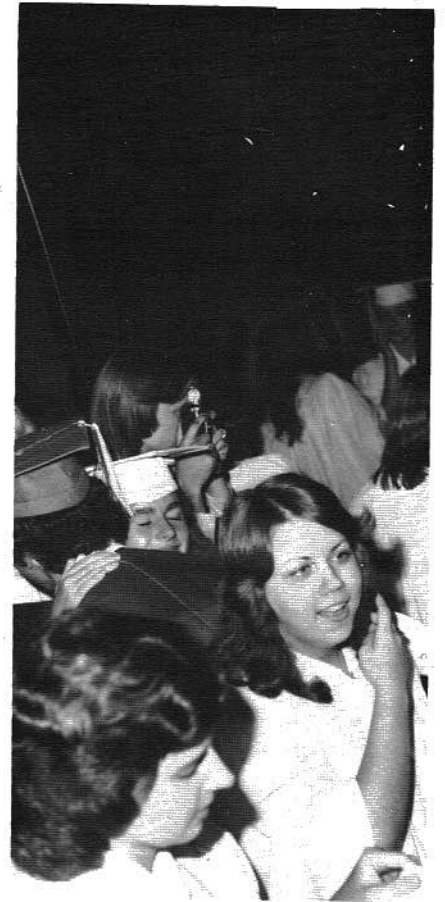

but in person
to person
contact and
in everyday
living.

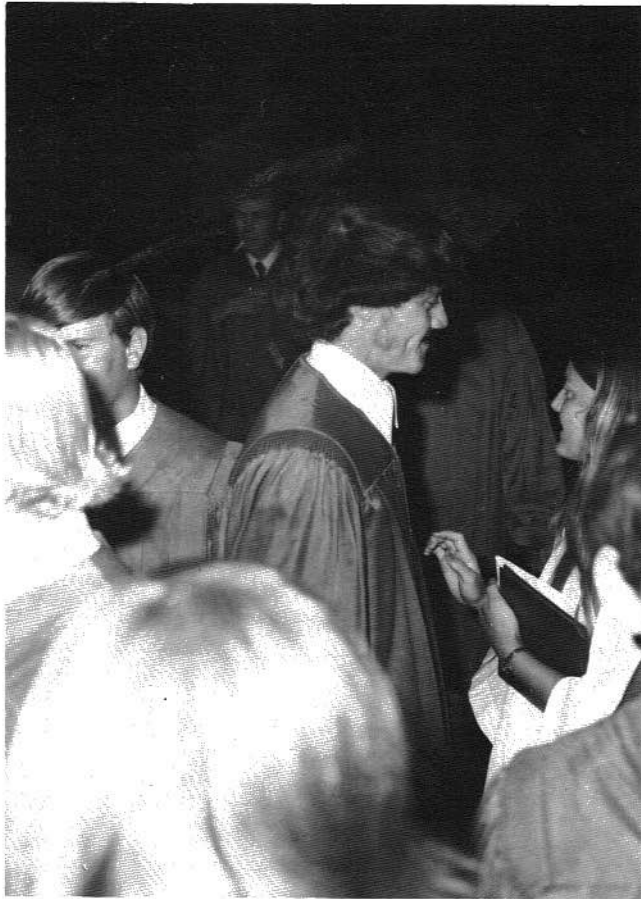

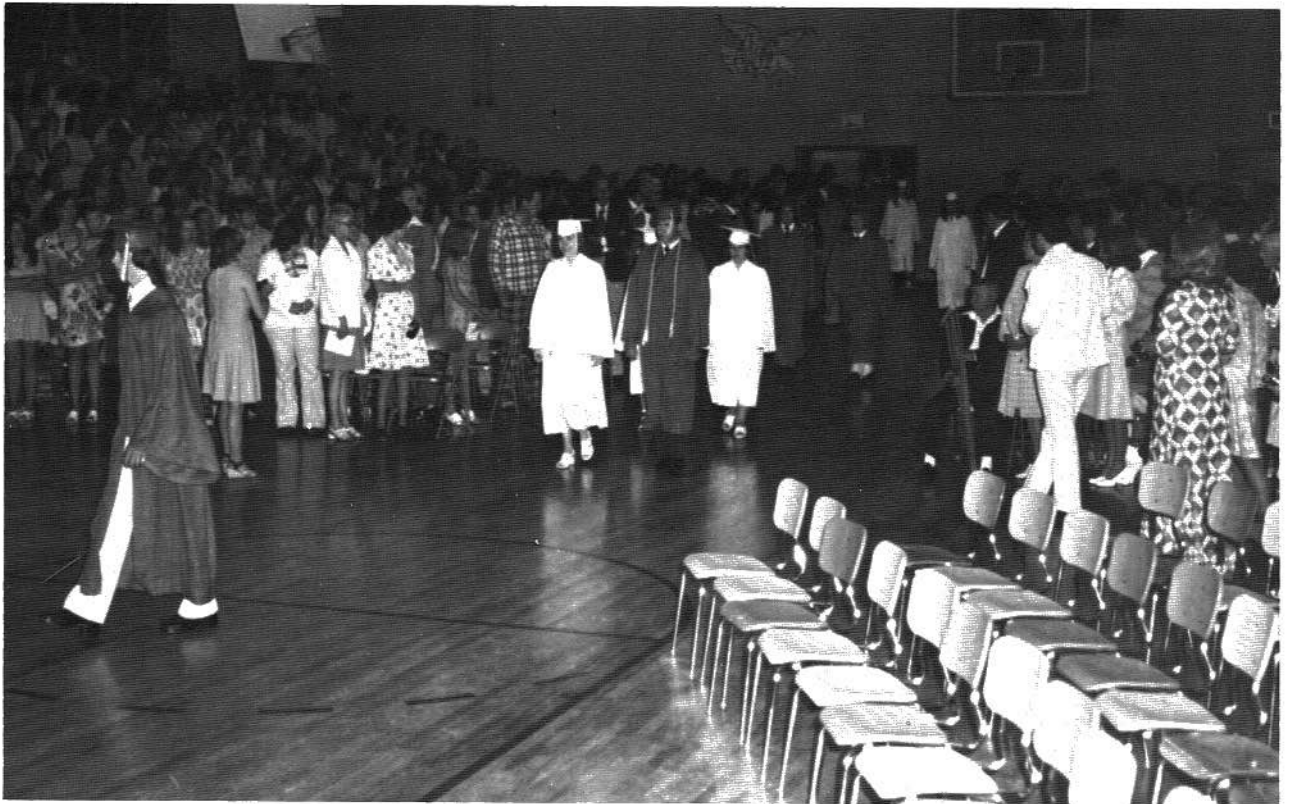

After diligent searching we find answers and strive to combine lessons learned from past and present experiences.

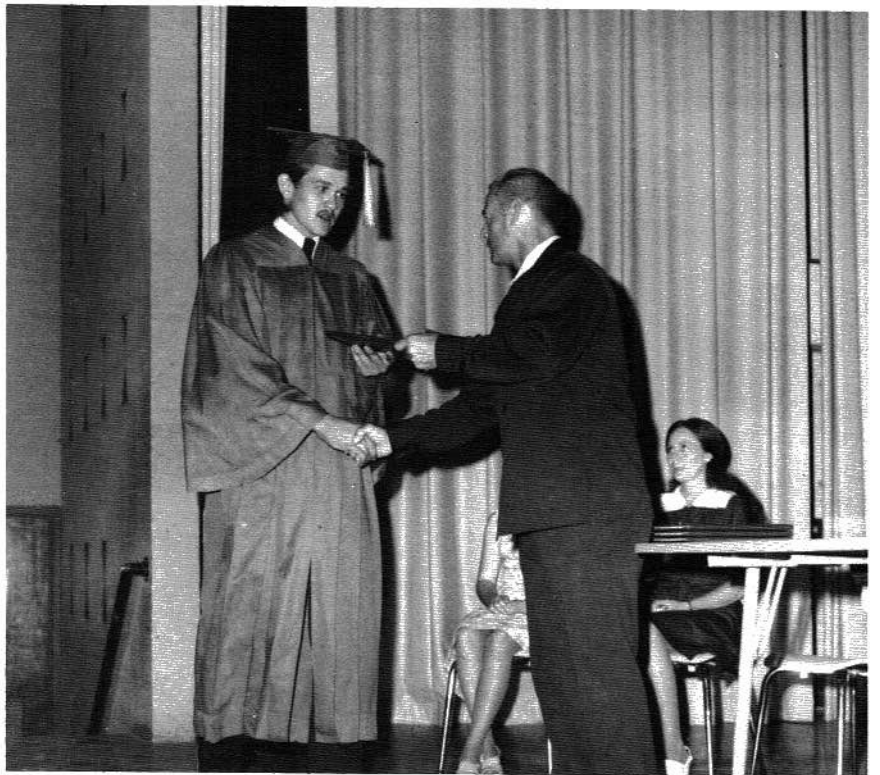

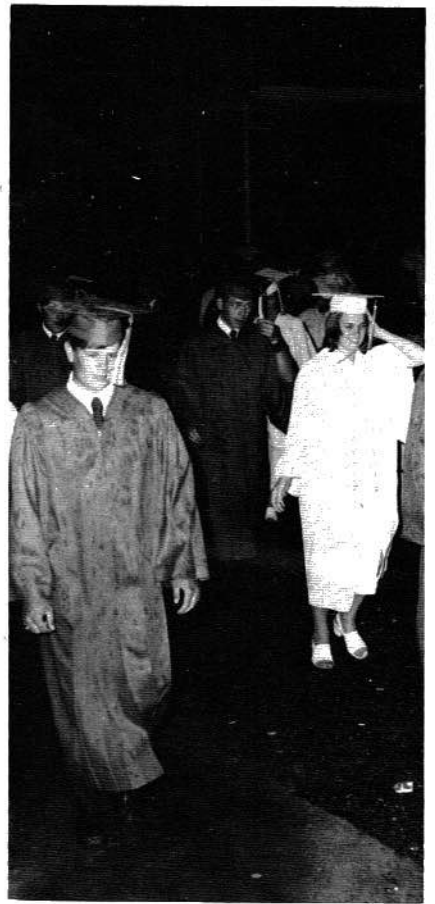

Gaining insight, we respect the greatness of our heritage and strive to transform our dreams into reality.

Celebrating where we've been
and, more importantly,
where we're going,

we, the classes of 1976,
declare our independence.

The Capitol building in Washington, D.C., was started in 1793. By 1800, it had been sufficiently completed so that the government could move here from Philadelphia. The completed north wing housed the House of Representatives, the Senate and the Supreme Court.

SENIORS

At Valley Forge, General Washington spent long hours writing letters to Congress, pleading for badly needed supplies. Just before striking camp, he was directed by Congress to administer an oath of allegiance to his senior officers, acknowledging the independence of the United States.

of 1976

We, the members of the 1976 senior class, are unique in that we are the fiftieth graduating class of Pisgah High School. Reflecting on the paths of those who proceeded us, we realize that our heritage is great. With this realization to serve as an incentive, we face the future with courage to change the flaws in our society and with anticipation of better lifestyles.

CLASSES

"We hold these truths to be self-evident, that all men are created equal . . ." wrote Thomas Jefferson, chairman of the committee to draft the Declaration of Independence. The original document was presented to Congress. After minor amendments were made, the first signatures were affixed July 4, 1776.
