The seasons have come and gone and another year has passed for students at Pisgah High School. The times we have enjoyed together will soon be gone, but our memories will linger on forever. The seasons affected our happiness and our sadness, and prepared us for even better friendships ahead.

To help set off our homecoming the P.H.S. Eagle Marching Band added lots of musical talent.

Corvettes added lots of color and excitement. Thanks to the owners of these Corvettes our homecoming was made more colorful.

Remember the day you ordered your class rings? You even better remember the day they came back. They had to be shown off by having everyone turn them until they had been turned 82 times. Remember Citizenship Club initiation? You did some of the dumbest things, all because the seniors told you to.

You were sophomores at last! That meant mainly that you were no longer freshmen. Now you could actually enjoy being a student at PHS, without being called "newcomer" or "little ninth graders." Your friendships with other students were increasing greatly in quality as well as quantity.

As sophomores, you all excelled as individuals and began to realize that school was a lot like life. You learned to make your own way, and you began to see yourselves a lot more clearly.

You let the ninth graders be the aliens, as you had been the year before; and you let the juniors and seniors worry about the future.

Do you remember the first time a senior spoke to you? You felt alive and important. As each day passed, you felt more at home. You were no longer aliens, but rather a part of a united group . . . the PHS Freshmen.

Class

We are the class of 81. Our last year together has already passed. We are no longer students of PHS and the next time we enter the halls of Pisgah High School we shall be considered "outsiders." But there was once a time when we were all together and our laughter mixed in the hallway. We were all as one: A group, united, and the only thing that could separate us was graduation.

Remember Seniors?

*Remember all those times together,
All the memories shared?
Remember the days at PHS
When all our friends were there?*

*Remember the days we all had tests
And how all the tests were the same?
The seniors who had already taken the test repeated
it to others,
But no one repeated their names.*

*The senior trips were the best of times,
Going places together.
Remember the broken-down buses
And how repairing them took forever?*

*Remember Graduation . . .
All the red and white.
We walked across the football field
Knowing it was our last night.*

*Remember the seniors' last year together
And how it passed so fast?
Now the "Class of 81"
Shall become a thing of the past.*

*But even though we shall be gone;
Never again students of PHS,
We will always have these memories
And they'll always be the best.*

Lady Eagles

During the 1980-81 season the Lady Eagles reached a landmark in women's sports at Pisgah High School. Being 2-A State champions and going undefeated in thirty-one games left memories that will last them, their fans, and their friends a lifetime. They accomplished this goal through a great deal of hard work, dedication, and team effort. The Lady Eagles attribute part of their success to the leadership of Coach Butch Cassidy, who has been named Coach of the Year, and to the kind and gracious fans who supported them in their efforts.

Spring

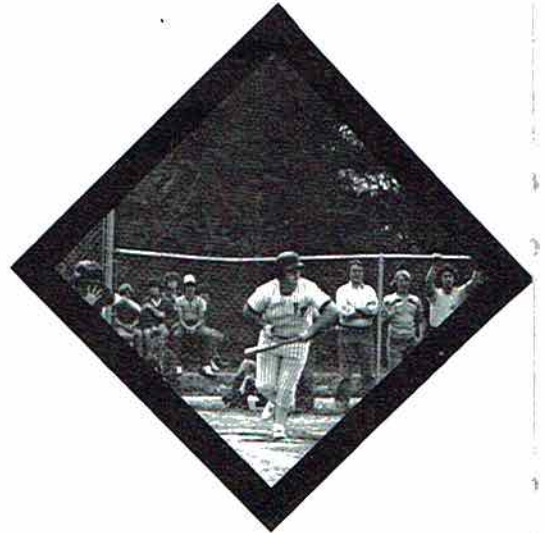

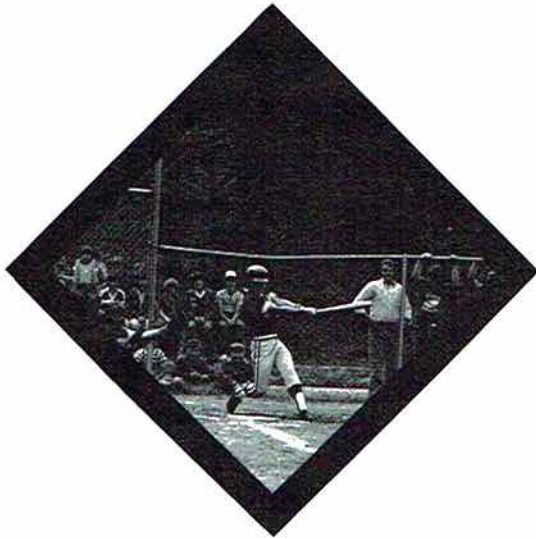

Here it is . . . Sunshine, flowers, and all the good times spring holds. A time for the Jamboree, baseball, picnics, and the prom. It is also a both happy and sad time; the close of one life and the beginning of another for all the seniors at PHS.

We would like to express our appreciation to those who contributed to the establishment of our baseball program. Many people donated time, money and a great deal of effort to get the program off the ground. Again, we would like to say "THANKS."

Will we advance our culture through our contributions, or will our actions be such that lead civilization to ruin?

We have come to a crossroad in our lives. We must decide which direction to travel. Should we take the same road that everyone else has, or should we pave the way for others to follow?

Tomorrow's future rests in our hands. It is not just a dream we should fulfill. Tomorrow is a solemn responsibility requiring a morale dedication and firm commitment.
