'79-'80 Lions

Head Coach

Dennis Crider

Assistant Coach

Danny "Short" Ryan

Our season was filled with good times, and disappointments. But, throughout the course of the year, Section High School Football was respected by opponents.

Although the season didn't turn out as we would have liked, the effort could not be faulted. We experienced victory and defeat, but in the final analysis it could be said we were *winners*.

SAND MOUNTAIN ELECTRIC COOPERATIVE

Has Spent Over
\$10,000,000
ON YOUR FUTURE.

That is the cost of building the electric system which covers some 1,000 square miles and which serves your home and school. As you build for your future, so too, will SMEC be building. By the time you are ready to get a job and to build your own home, we will have spent another \$10,000,000 just so the electricity you need will be there for you.

Your future depends on energy. Use it wisely.

Using electricity and all forms of energy efficiently helps to protect our environment, causes less pollution, makes low supplies of oil, gas, coal, and uranium last longer and makes us less dependent on unreliable sources of foreign oil.

Do Your Part.

Use America's Energy Efficiently.

WINNERS OF TRIP to the nation's capital visit the co-op. Sandra Jones, Fyffe (left) and Anita Shankles, Rainsville (right) are welcomed to SMEC by Meredith Buchanan, office manager. Sandra and Anita won SMEC's writing and poster contest and had the privilege of spending a week in Washington with 1,000 other winners.

SECTION STUDENTS CAPTURE PRIZES IN SMEC CONTEST. Miss Brooks, \$30 third prize; Kim Green and Holly Dukes, \$10 school winners.
