Panther Tales

Foreword

We gaze, awed, on a whirling, modern world...on a nation that has reached out with eager groping hands to conquer the mysteries of the earth...and now reaches out with new intensity, constantly seeking, anxiously probing, exploring the dark chasms of the unknown to grasp and conquer the infinite universe in the immortal clutch of knowledge. We watch, cautiously, the determined stride of our nation and catch our breaths...for tomorrow we know that ours will be this conquest. We hasten our pace, striving harder, moving forward, molding youth into man, man into citizen, preparing for tomorrow. We set our goals higher and higher, building new strength in mind and body, gaining confidence and the power of knowledge to sustain our flight through life. Persistently we move onward, pushing farther and farther, until suddenly we realize that we are caught up in our nation's intricate pattern of progress... A SMALL PART OF THE SPACE AGE,

Old Times Are Not Forgotten

From registration to final exams, 1969-70 at Stevenson High School was a memorable year. Eager to renew old friendships, but not so eager to resume classes, students returned from the "shortest summer ever" to begin the school year, for some fifty-eight Seniors, their last. The students arrived to find, as usual, the schedule in utter confusion, the halls more crowded than ever, and a host of new teachers eager to convey their knowledge and skill to the leaders of tomorrow.

As the confusion subsided, the year began to progress smoothly. The days flew by and with them many experiences. All students will remember a much improved football team, the first touchdown of the season, the Victory over Bridgeport, Beta Club initiations, the exciting basketball victory over South Pittsburg, casual moments of conversation with friends, the band trips, and countless hours of study both in and out of classes.

John P. [unclear]

Editor Debra Driskell, seated, and Assistant Editor Phyllis Eakin have been our very busy and zesty leaders for this year.

Organizations Editor Tommy Bean and his Assistant, Gayle Prince, seem to enjoy adding a bit of humor to their picture-taking session.

Annual Staff

Business Manager Sally Henninger and Assistant Business Manager Dianne Kimbell seem to be very busy at their adding machine and books. Don't you know it's hard taking care of all those ads and MONEY??!

Classes Editor Sue Stewart, center, and her Assistants Kathy Batey and Cathy Meeks have certainly been busy girls. In case you didn't know, they were responsible for each person's individual class picture.

Features Editor Kay Matthews and Assistant Tully Coffman flash their usual pretty and convincing smiles at our cameraman.

Typists Elizabeth Rich and Glenda Stallings have had one of the hardest jobs of all this year. Their job was a very long and tiring one.

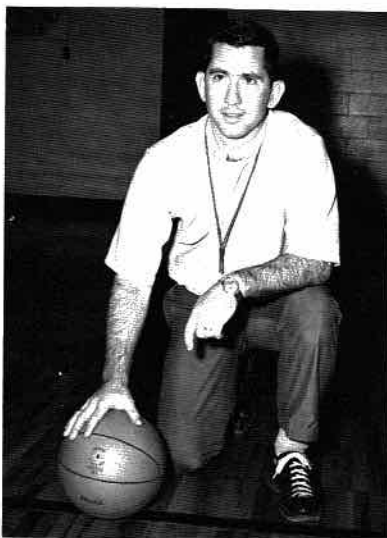

Sports Editor Bobby Foshee seems to be trying to explain something to his Assistant Pam Dunn. Pam looks as though she is really enjoying her class.

Dedication

With deep respect and admiration, we the Senior Class of 1970, dedicate this edition of the PANTHER TALES to you, Coach Woodson Deerman. Your interest and help to all students has won the hearts of many during the struggle of youth. You have been a fine example of school spirit, sportsmanship, and friend to one and all. You, Coach Deerman, are truly one of the most deserving persons we know of to be awarded this honor.

In Memoriam

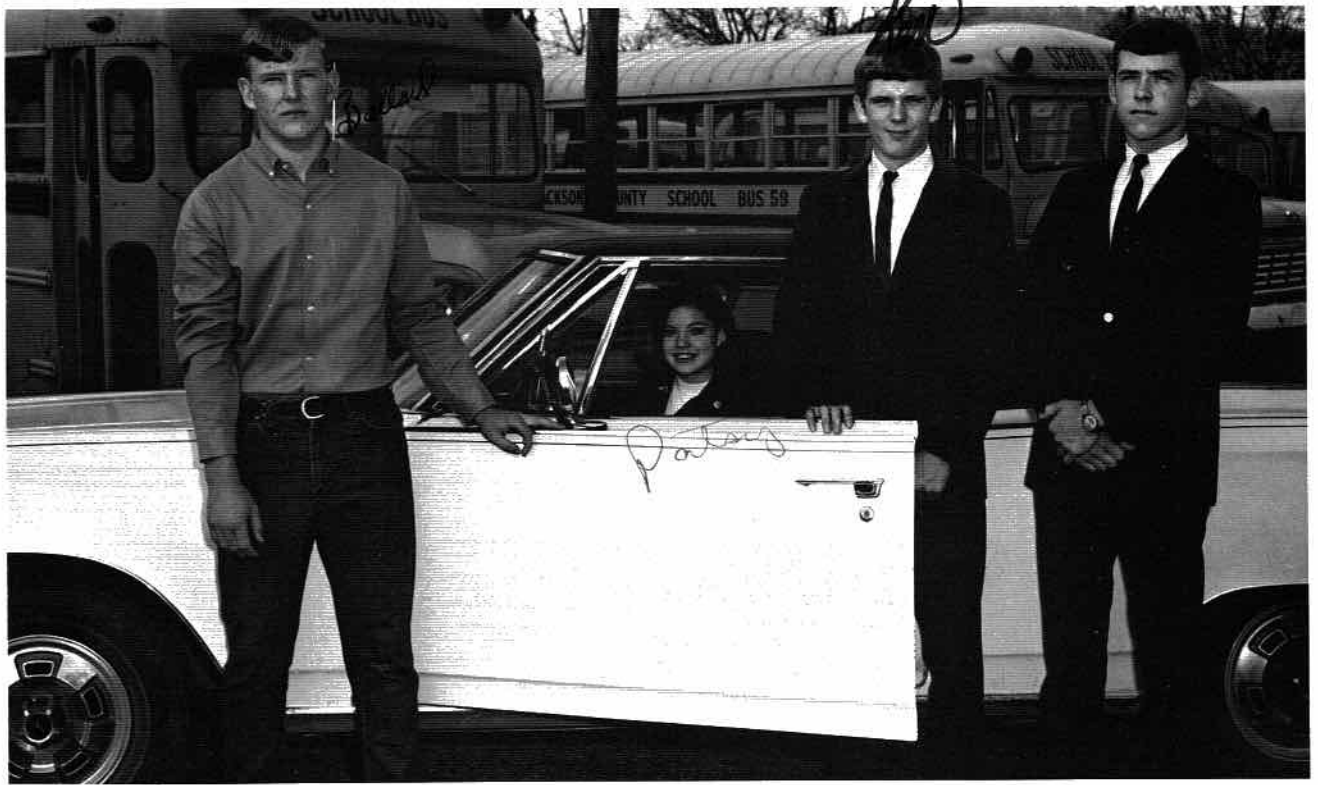

Let them bury your big eyes in the secret earth securely, your thin fingers, and your fair, soft, indefinite-colored hair- All of these in some way surely, from the secret earth shall rise. Not for these I sit and stare, broken and bereft completely; Your young flesh that sat so neatly on your little bones will sweetly blossom in the air.

But your voice- never the rushing of a river underground, not the rising of the wind in the trees before the rain, not the woodcock's watery call, not the note the white throat utters, not the feet of children pushing yellow leaves along the gutter in the blue and bitter fall, shall content my musing mind for the beauty of that sound that in no way at all ever will be heard again.

Sweetly through the sappy stalk of the vigorous weed, holding all it held before, cherished by the faithful sun, on and on eternally shall your altered fluid run, bud and bloom and go to seed; But your singing days are done; But the music of your talk never shall the chemistry of the secret earth restore. All your lovely words are spoken. Once the ivory box is broken, beats the golden bird no more.

THE SPIRIT OF S.H.S.

The students in this organization like to think that they sponsor a little of the SPIRIT that goes into all our football games, basketball games and pep rallies. Being in the band means mastering the art of music. It means being the good will ambassadors of your school.

FAVORITES

Features

What makes certain people special? What do they possess that attracts them and acquaints them so closely with their friends? Perhaps as everyone says, it's just that certain "something."

Few people are endowed with that "something" that makes them stand out from the crowd and endears them to others. These chosen few possess the qualities of leadership, intelligence, willingness to serve, perservance, a warm personality, and perhaps a smile that brightens someone's day.

Each year these outstanding students are honored by their classmates when elected to Who's Who or chosen as Class Favorite, Homecoming Queen or Attendant, or any of several other honors.

ATHLETICS

Although the Varsity team failed to win but two games this year, we feel that they have gained some valuable experience in the process and that they will profit by their mistakes, and others will take heed. All-American athletes are not born, they are made. And it is hard work, constant practice, dedication, and sometimes disappointments that make them. Our Varsity team boys have exhibited good sportsmanship and perseverance throughout the season, and as the poet said, "It matters not that you won or lost, but how you played the game."

Mich

1969-70 Varsity Team

We would like to express our grateful appreciation to Coach Billy Ray Driskell for his time, devotion, untiring efforts, and extreme patience for the 1969 football season.

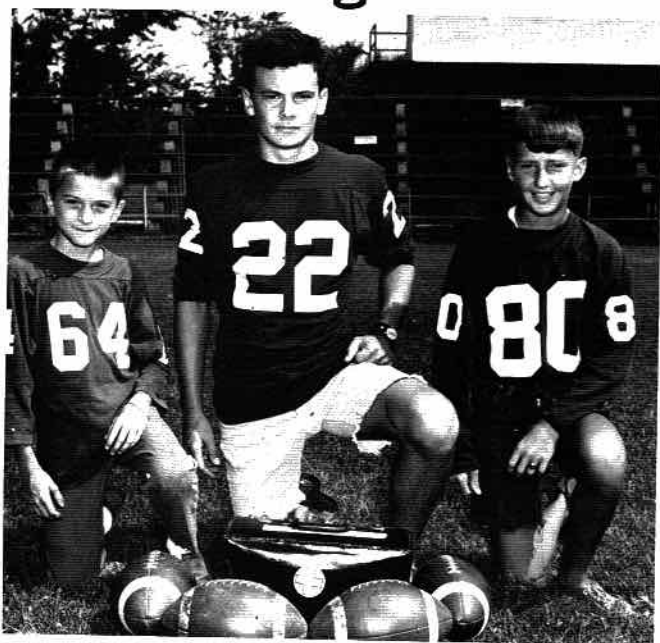

Words cannot express our sincere admiration for this man who has devoted so much hard work toward the development of the minds and bodies of so many young men.

Class Prophecy

Here are some of the interesting things we will be reading about the 1970 seniors here at Stevenson High in 1990.

It is early spring 1990 and Phyllis Eakin has just proposed marriage to Slick Bean for the 20th time.

Tommy Grider after twenty years working with the Ernie Atlas program can lift, without straining, 22 pounds.

Edwin Purdy and his maiden, Ann, are now residing in Sherwood Forest.

Carl Peacock after twenty years of drag racing and building cars and motors has decided to get out of the slot car racing business.

Debra Bean, the former Debra Driskell, has made her first million dollars. She contributes her success to her experience as a clerk at Hammers Dept. Store. She now operates her own chain known as Debbie's Dollar Department.

Sally Henninger, newly elected president of the University of Alabama said today that she and the famous Tide Elephant will go on a crash diet, and that the famous war cry "Roll Tide" will be changed to keep in context with the new skinny policy. Miss Henninger also offered to exchange a picture of Broadway Joe to Auburn University in exchange for a picture of Auburn's famous quarterback, Bill (Dry Man) Bryant. She stated the Bryant portrait would be hung in the President's office so that she could keep her dart practice in tact.

Dianne Kimbell is owner and recreational leader at the I C U Nudist Colony in Honolulu where she says, "I'm gonna find me a man and get me a tan."

United States President, David Guess, yesterday announced his plans to annex Russia to the U. S. When congress acted upon this program by impeaching the president, President David declared himself King and has made Stevenson the new capital of the U. S.

P. D. Oliver, a General in Viet Nam, will be flown to Washington to be congratulated by the President after fearlessly saving the lives of 14 Viet Cong.

Tommy Steele has become the sole owner of the "Churt Pit" after homesteading it for twenty years. He has renamed it "Smitherman Churt and Rubber Pit."

Barry Privette, after 4,362 breakups, has sold his mattress monster to buy an engagement ring for his fiancée, who is now Head Clerk at Hammers.

Gayle Prince, who after twenty years of marriage, has finally been given permission to spend weekends with Leslie.

Tommy Curtis, Stevenson Sex Symbol, finally resigned as taxi driver for the Stevenson Cheerleaders, to shave for Gillette Commercials on nationwide TV. His starting salary is 50,000 fishsticks.

Karen Bell, famous hair stylist, has finally released her secret for beautiful hair; "Beer is my secret for beautiful hair."

Tully Coffman was released today following a twenty-year jail sentence for bribing an officer. She says she will now join the "Society of Friends."

Jimmy Padgett has finally grown a sideburn after twenty years of cultivation.

Edna Jackson has married a famous baseball player, and she now serves as first base coach and technical advisor to her husband.

Karen Stubblefield has quit selling Karo Syrup and has settled down to a happily married life with husband P. D.

Glenda Stallings, after twenty years of being engaged has finally announced that the wedding will be June 1, 1990.

Gwen Wisdom has married Henry Rafford and is living in Chattanooga.

Patricia Kirby has married a minister and they are raising ten little angels.

Tom Slick Bean, Nascar driver, has just pushed the Brown Bomb to a surprising victory at the Indi 500.

William Ragland, former soul leader of Stevenson High, is now commander of a squad of Vietnamese troops, known as Dodo's Dirty Dozen.

Tony Barclay has just received a commission in the Navy. In his acceptance speech, he told jokes which broke up the whole audience with laughter.

Rex Allen has just been accepted to replace Willis Reed of the New York Knicks. A happy Rex was quoted as saying, "With my help, this team will learn to play soul basketball.

John Roper, after twenty years service, has been promoted to assistant Ag teacher at Stevenson High.

William Lawrence, after many years of begging and pleading has finally convinced his in-laws to move in with he and Janice.

Eugene Talley, for service above and beyond the call of duty, has been promoted to manager of the C.P.A.

Glenn Stubblefield has had a tough time raising a crop this year. He can't seem to get the stubble out of his field.

Gary McAllister is now married, and he is no longer the Happy-Go-Lucky guy he was in 1970.

John E. Guess has completed a twenty year course at Jax State in electrical engineering and is currently working on the electrical system of J. Muskrat University at Fabius, Alabama.

Bobby Foshee has opened a "Jewish Nightclub" in Chattanooga known as the "Last Chance." Tommy Steele has been employed as manager.

Cecil Matthews, now owner of Tubby's, says that he will sell to minors as long as they are from Stevenson.

Ralph Gilbreath has just been named Head Coach of the Atlanta Hawks.

Elizabeth Rich has taken Mrs. Butler's job as secretary to the principal of Stevenson High School.

A JOB WITH AVONDALE IS A SPECIAL JOB

This editorial was written by J. Craig Smith, president of our company, for the AVONDALE SUN. We believe you will agree that a job with Avondale has much to offer if you are now ready to enter the business world.

A job with Avondale is a special job. The people who do these jobs are special people. There is no doubt in my mind as to the accuracy of both of these statements. These are some of the reasons. I list the first three in the order of their importance:

1. Every member of our Retirement Trust has a vested interest in his/her job. This means that the individual cannot be involuntarily and permanently separated without adequate and provable cause. I am the one who must finally say whether the cause is adequate and provable. We also have an established and workable procedure which permits and encourages any individual who thinks he has been treated unfairly to bring the matter to my attention. It has been my policy in the past, and I will continue in the future, to resolve all reasonable doubt in favor of the individual. We have a degree of job security here second to none.

2. We have agreed to pay the "going wage" in the industry for each job. After we have paid the going wage and met the other expenses of doing business, we set aside 5% on the stockholders' investment. Anything we earn above, the 5%, we divide half and half between the company and the members of the Retirement Trust. The part of our profits which has gone to members of the Retirement Trust since our profit-sharing plan started totals \$41,463,039, not counting the profit-sharing distribution which will be made for our year which will end August 31. In most years, this plan has resulted in our individual earnings being higher than those of any other textile employees in the world.

3. We have a pension plan which provides that those persons who have been with the company twenty continuous years or longer and who are still with the company when they reach sixty-five can retire on 50 per cent of their ending pay, including basic Social Security and the annuity purchased by our deferred profit-sharing fund. Most hourly paid individuals who retire under this program will get substantially more. As long as the pension plan is in effect they cannot get less than 50 per cent unless they choose a plan that may make some payment to their beneficiaries or unless they choose early retirement.

4. We have a vacation-with-pay program which provides that Retirement Trust members with 1 service unit through 3 service units receive 2% of their total earnings as vacation pay. Members with 4-18 service units receive 4%. Members with 19 or more service units receive 6%. This plan applies to hourly paid personnel only. Those on salary receive an equivalent amount of time off.

5. Avondale has six paid holidays for members of the Retirement Trust. These are the individual's birthday, July 4, Labor Day, Thanksgiving, Christmas, and New Year's Day.

6. Avondale Retirement Trust members receive full pay while serving on a jury, without deduction for the jury pay.

7. Avondale has a group hospital and surgical insurance policy, a substantial part of the expense of which is paid by the company.

8. The various mills close at staggered times during the summer so that the largest number of people may use Camp Helen, near Panama City. The charge made for the use of the camp covers a part of the expense of operation.
