A Tribute to

Gussie Kate Spears

1915 — 1974 .

We are grateful, Our Father, for this opportunity to pause and commemorate the memory of our friend, our teacher, and our co-worker, Gussie Kate Spears.

In our association with her, in her life's work, we have learned from her. In her work with boys and girls which the world might call "the least of these Thy children," we have seen our friend Gussie Kate, reflect the attitude of God the Father; and in her we have seen a living example of God's acceptance of the dignity and worth of all persons, regardless of handicap or condition. For Gussie Kate truly believed that all children are God's children.

We thank Thee for her life and all the contributions she made for good in this world. We especially thank Thee for her contributions as a pioneer in Special Education in Jackson County.

We are confident, Our Father, that these attributes which we have seen, admired and loved in her, and the fruits of her labors will live on in the lives of her family - her children and her grandchildren; also, and especially so, will they live on in the lives of the children she touched as she taught - and in the lives of all of us who knew her.

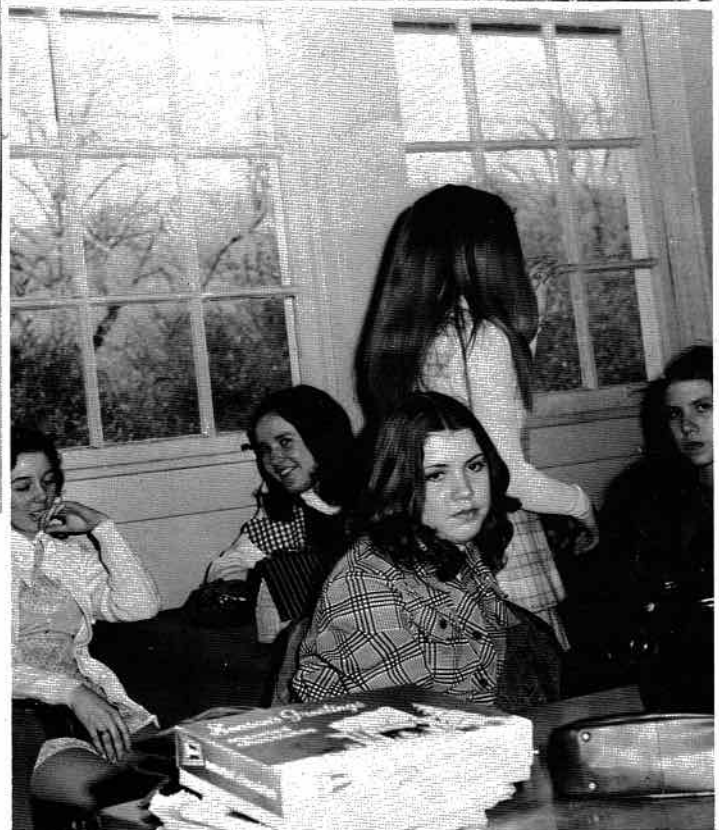

We pray in Thy name. Amen.

A prayer by Dr. L. E. Holloway

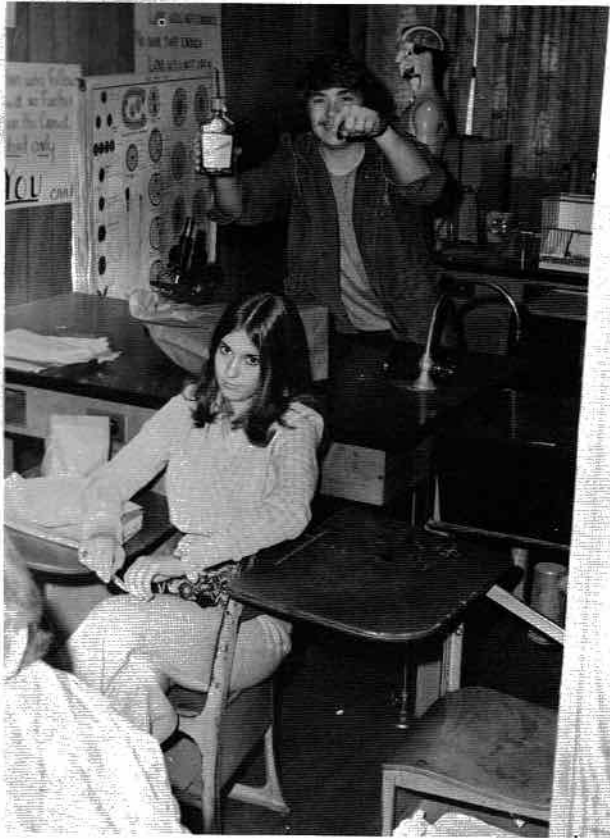

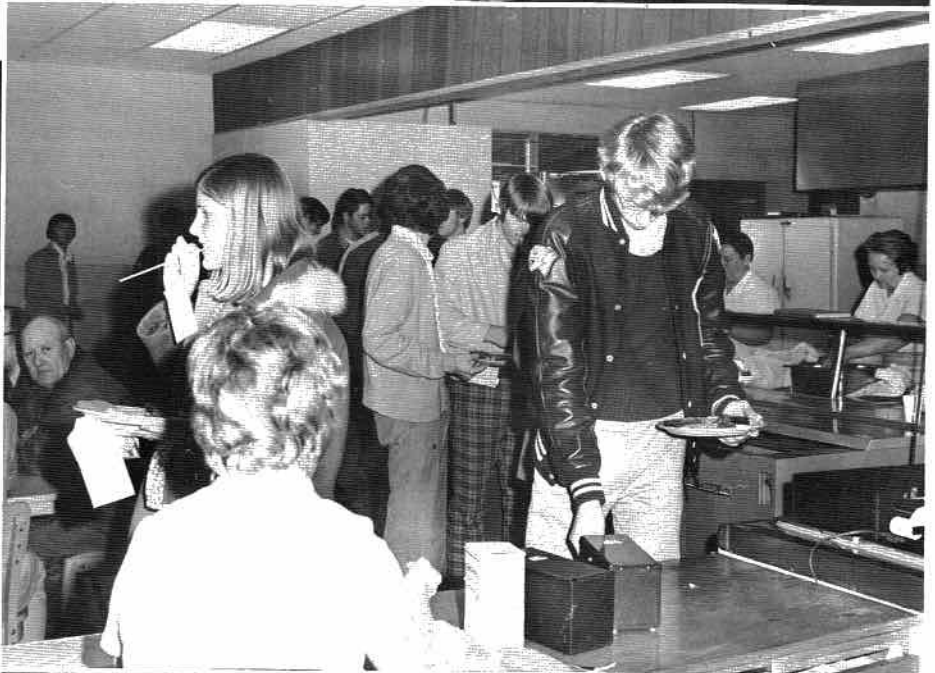

PEOPLE, PEOPLE

We've got people . . . people
enjoying themselves . . . people
serving others . . . people watching others . . .
people smiling . . . people laughing . . . people
leading . . . people doing nothing, saying
nothing . . .
just being people

Yes, our people are of
all shapes and sizes . . .
They are able to make variety
out of routine.

WE HAVE A COMMITMENT
to build the finest facility of
its kind here.

Those words from Mead Chairman
James McSwiney marked the
groundbreaking for the new
paperboard mill under
construction near Stevenson.
When completed early in 1975,
it will turn out 650 tons of
corrugating medium a day.
