INDIVIDUAL EFFORT. IT COUNTS AT AVONDALE.

Individual effort is the basis of our entire Zero Defects Program. A person who does an extra good job is recognized for his accomplishments.

Avondale encourages employees to communicate with management. Employees are asked for suggestions that will help their job or benefit the company in any way. Many employees respond.

But it doesn't stop with employee response. Management responds, too. In fact, over 90% of the suggestions received are put into action.

And, we're a better company for it.

At Avondale, we realize that the individual is important. And we see to it that individual effort is rewarded.

AVONDALE. A GOOD PLACE TO WORK.
