## *Alma Mater*

On the city's southern border,  
Reared against the sky,  
Proudly stands our Alma Mater,  
As the years go by.

Forward ever! Be our watchword!  
Conquer and prevail!  
Hail to thee, our Alma Mater,  
Woodville High, all hail.

We, the Senior class of '65, wish to express our appreciation and gratitude to our sponsor, Miss Virginia Skelton, by dedicating to her the 1965 Panther.

We realize that if it hadn't been for her we wouldn't be as well prepared for the future as we are.

We take this opportunity to salute one who has contributed so much to our education this year and the past years.

This year you have shown by your co-operation, self-discipline, and your integrity that you have the will to achieve, the will to enrich your lives, and a desire to prepare yourselves to be able to act well your part in this land of free men.

Education will surely fail unless we follow the guidance and leadership of an all-wise God, and safe guard the liberties and freedoms guaranteed us by our Bill of Rights.

When we think of our school spectrum, we immediately think about the three R's - 'Readin, 'Riting, and 'Rithmetic - at one end of the spectrum; at the other end, we know there will be the four P's - Preparation for earning, Preparation for living, Preparation for understanding, and Preparation for participation in preserving our schools, our homes, our churches, and our government.

May I thank the sponsor, annual staff, faculty, student body, and parents for making Woodville School a happy educational center. May we all strive to make our school a better place in which to work each day.

# Superintendent's Message

Dear Students:

You are to be congratulated for publishing such a fine annual. Each year that passes will make it more valuable to you.

I hope that each of you realize that an education can do more than prepare you for a job or profession; it can help make it possible for you to live a happy, useful, and enjoyable life. You will be worth more to yourself, your people, and your country.

Sincerely,

*A. A. Clemens*

## *In Appreciation of The Faculty*

We feel that we are deeply indebted to you, the faculty, for helping us to become better fitted for our life's work and for supporting our activities wholeheartedly during the years in which we have been in high school.

Without the support of the faculty, there would not have been any banquet, plays, or even an annual.

Words alone cannot convey our gratitude for all your untiring efforts to help us.

## *Our Principal, Mr. L. H. York—*

He is a well-mannered, distinguished looking man. But under that reserved nature, he is as much fun as anyone could be. His warm, easy smile makes him the kind of person any school would be proud to have as its principal.

He is a man who enjoys golfing, hunting, and fishing . . . who can be found almost any weekend reading a good book, a sports magazine or the Bible . . . who is an active member of the First Baptist Church. He can do lots of things - barbecue, counsel all ages of youngsters, and smooth out lots of gnarled problems.

This man knows every phase of running a school and can meet any crisis with a calm and knowing manner. He has been a high school principal for thirty five years.

As a father, teacher, and principal, he knows the need for good schools and education.

Mr. York is a member of all the leading associations including the National Education Association, the Alabama Education Association, the Jackson County Teachers and Principals Association, and the P.T.A.

Mr. York is married to the former Miss Belva Hendrix. The Yorks have two children: Lynn age 15 and Jane age 20.

## *Class Prophecy*

The time ahead holds many good things for the class of 1965 because of their agreeable personalities and eagerness to learn.

As we peer into the future, we reveal to you how they appear to us in the years not yet gone by.

I see Tommy Hicks is now a famous Rodeo Star. He finally learned how to stay in the saddle.

Jackie Elkins is now a motor scooter manufacturer. He races them for a hobby.

Who is that dignified young man lecturing on "How to be a Better Parent?" I do believe it is Earl Justice, accompanied by his wife and eight children.

J. L. Saint and Robert Austin have graduated from the University of Hawaii and have that much desired profession of beach-combers on Waikiki Beach.

Glyon Hill is now a counter-spy for the government. He is working undercover in Russia.

Maxine Stewart is now a successful extension worker at Auburn, although she still finds time to care for her large family.

Joyce Paradise and Sylvia Wells are busy laying blocks. Well, they always said when they graduated, people would stop bragging about the Empire State Building.

Dianne Page is now a private detective. The slyest and slickest one that ever had the job in Woodville, Alabama.

Glenn Hodges is speaker of the House. He plans to run on the Democratic ticket for President when he reaches his thirty-fifth birthday.

Joyce Shepard now owns Woodville's leading skating rink.

Carolyn Sanders now owns her own beauty salon where she specializes in hair cuts.

Frances White is now Secretary for the head of the National Republican Party.

Linda Shelton is now living on a big ranch out West. When she went to Texas for a vacation, she fell in love with a wealthy Dude ranch owner and his horses.

Leroy West has now taken Bob Hope's place as American's number one comedian.

Ray West is now Governor of Cumberland Mountain. You can see his seven children running around on the capitol lawn.

Eva Jean Sharp, besides caring for her family, models for Sears and Roebuck in her spare time.

Hilda Jones stays home quite a lot these days. She has to because of her five small children.

Brenda Dean is a great stenographer in the office of the President of the United States. She did reach the top.

Continued: CLASS PROPHECY

Ann Pockrus, wife of a marine officer, is now studying fashion designing in Paris where her husband is stationed.

Helen Johnston now holds the world's championship for Women's Barrel Racing.

Sharon Bishop is one of Woodville's eligible old maids. But, she is still trying.

Annie Mae Harbin is now a professor of physics at Harvard where she is working on a new rocket propellant.

Miss Virginia Shelton is now head of an orphan's home since she has no children of her own.

Joyce Smith now has her own advertising agency in New York, mostly advertising Bufferin products.

Trenda Cain is now a world traveler. She is on constant look-out for a husband.

Gerald Boozer is a farmer. He has 20,000 acre cotton farm in Texas, plenty of hands to work it, and a blonde cook.

I see an attractive housewife kept busy by her twin daughters; Joyce Cain certainly is an efficient mother.

Mary Lynn Durham is now head nurse at the University of Alabama Medical Center where she has met an eligible young bachelor.

Alice Harris is making a fine living as Head Dietitian in the Huntsville Hospital.

James Beard is now Hollywood's number one lover, both on the screen and off.

Sandra Cain (family and all) has gone to Hollywood to be a movie star. She is now starring with Jimmy Rousseau, the new Boris Karloff of Hollywood, in the new movie release, "The Frankenstein Family"

Carolyn Webb is now a finalist in the Olympics. Her specialty is track.

Glenda Wells is now employed by the City Hall, demonstrating voting machines.

Earl McAllister is teaching aviation to women. He thinks women pilots will be a necessity some day.

Ronnie Berry is now an assistant to the head of the Marshall Space Flight Center. His main interests are girls and Cadillacs.

Our contribution to the "Rock and Roll" world is Patricia Beard. She is the first to do a "Rock and Roll" show on Broadway. No doubt she will drive the critics wild (one way or another).
